consciousness in Kali's transformative dance      The Secrets of the Bulletproof Spirit Azim Khamisa, Jillian Quinn, 2009-02-24

When life deals you a particularly difficult blow or a staggering loss how do you handle it? If you're like most you might think "Why me?" struggle to find your way or lash out at those around you. But there are a select few who seem emotionally harder who are able to face life's physical, emotional, and financial hits undeterred and perhaps even forge ahead empowered in the face of adversity. These people aren't more deserving or luckier than the rest of us; they simply think differently; they are connected with their steady inner self and find strength where others might see meaninglessness; they make life-affirming choices instead of defeatist ones. In short, they are spiritually bulletproof. They face as many of life's slings and arrows as the rest of us, but they don't succumb to hardship or misfortune. And you can be one of them.

In *The Secrets of the Bulletproof Spirit*, renowned peace activist Azim Khamisa and inspirational speaker Jillian Quinn reveal the thirty essential keys to emotional and spiritual resiliency. Based upon their own experiences with heart-wrenching loss, the strategies they present may seem simple, but their advice can open up a whole new way of thinking. Khamisa and Quinn will help you discover that your thoughts help to create your reality and that you can use them to take control of your life: the potentially damaging mental routines you're running on autopilot; the vital connections between your upbringing and your resiliency quotient; spiritually affirming thoughts that may help you make more spiritually empowering choices. What lies within you really is more powerful than any hit you may take physically, emotionally, or materially, the authors write. With their help, readers will find themselves more confident and secure in a volatile and uncertain world. When you learn to identify most strongly with that invincible core, your bulletproof spirit, you tap into the truest source of security available to you. And while there's no foolproof way to stay out of the proverbial line of fire, the information, inspiration, and tools in this book will provide you with an emotional bulletproof vest, a way to take hits and come out on top.

From the Hardcover edition      **BURIED SECRETS** Savi McKenzie-Smith, 2018

Do you have a secret? No. Think again. Using simple language for the everyday reader, *Buried Secrets* gives descriptive accounts from real people who have been depressed, with whom they are, and how they've changed their personality for the better using psychotherapy or the talking cure. Regardless of age, unwelcome feelings from early memories can return to haunt the present and cause distress, anxiety, mild depression, and feelings of revenge. Section one recounts reconstructed stories that indicate how some older people have conquered this and improved their lifestyle, while section two tells of changes made by younger people for the better. The book states that cognitive-positive attributions are memorised and recalled, so why not negative ones? They can be negotiated with and worked through, either with or without support. One can learn that through grieving these feelings, forgiving, and moving forward can enhance your life. *Buried Secrets* leads the way to a brighter future. As Savi says: "Many people, and especially the young, undergo emotional suffering through not being able to sort out their problems without some support. Medication relieves anxiety and stress but does not get to the root of the problem like the talking cure."
