The Seduction of the Mediterranean Robert Aldrich,2002-09-11 Through an explanation of forty figures in European culture The Seduction of the Mediterranean argues that the Mediterranean classical and contemporary was the central theme in homoerotic writing and art from the 1750s to the 1950s Episodes of exile murder drug taking wild homosexual

orgies and court cases are woven into an original study of a significant theme in European culture The myth of a homoerotic Mediterranean made a major contribution to general attitudes towards Antiquity the Renaissance and modern Italy and Greece *Delmira Agustini, Sexual Seduction, and Vampiric Conquest* Cathy L. Jade, 2012-07-10 Delmira Agustini 1886 1914 has been acclaimed as one of the foremost modernistas and the first major woman poet of twentieth century Spanish America Critics and the reading public alike were immediately taken by the originality and power of her verse especially the aggressively sexualized perspective never before found in texts written by Spanish American women Agustini sought like the men around her to free herself and her writing from traditional sexual limitations Even more daringly she responded to their language with her own feminized discourse developing an innovative way of expressing her sexual and artistic expressions Book jacket **Seduction and Sacrilege** Rebecca Haidt, 2002-08 Yet decreasing numbers of late twentieth century and early twenty first century readers are familiar with the novel due to many factors including its length six volumes subject matter preaching and a legacy of critical evaluation as a narrative lacking plot and psychological depth BOOK JACKET

Style and Seduction Elana Shapira, 2016-05-22 A recent surge of interest in Jewish patronage during the golden years of Vienna has led to the question Would modernism in Vienna have developed in the same fashion had Jewish patrons not been involved This book uniquely treats Jewish identification within Viennese modernism as a matter of Jews active fashioning of a new language to convey their aims of emancipation along with their claims of cultural authority In this provocative reexamination of the roots of Viennese modernism Elana Shapira analyzes the central role of Jewish businessmen professionals and writers in the evolution of the city s architecture and design from the 1860s to the 1910s According to Shapira these patrons negotiated their relationship with their non Jewish surroundings and clarified their position within Viennese society by inscribing Jewish elements into the buildings interiors furniture and design objects that they financed produced and co designed In the first book to investigate the cultural contributions of the banker Eduard Todesco the steel tycoon Karl Wittgenstein the textile industrialist Fritz Waerndorfer the author Peter Altenberg the tailor Leopold Goldman and many others Shapira reconsiders theories identifying the crisis of Jewish assimilation as a primary creative stimulus for the Jewish contribution to Viennese modernism Instead she argues that creative tensions between Jews and non Jews patrons and designers who cooperated and arranged well choreographed social encounters with one another offer more convincing explanations for the formation of a new semantics of modern Viennese architecture and design than do theories based on assimilation This thoroughly researched and richly illustrated book will interest scholars and students of Jewish studies Vienna and Viennese culture and modernism
