Reaching for Reality Rick Miller, 2004-06 In Reaching For Reality Fascinating Impossibilities Rick Miller takes readers on a journey of reflection through the miraculous events that have shaped and transformed his life From electrocution and near drowning to a deranged hitchhiker and a power saw gone mad to the resurrection from his death bed through the intervention of loving beings human and divine Rick s memoir of miracles awakens and empowers us with wisdom appreciation and tools to encounter those experiences which would help us to grow and evolve if we only had the courage the knowledge or the guidance to interpret them for what they are Like so many survivors Rick asks himself throughout the book

Why did I survive What is my purpose in life Perhaps one of the reasons that Rick Miller survived was so that he might share his Fascinating Impossibilities as a road map to help the rest of us navigate and comprehend the mysteries and the miracles in our lives Perhaps Joshua M. Galperin,2013-07-17 Selected by Choice magazine as an Outstanding Academic Title Jane Austen arguably the most beloved of all English novelists has been regarded both as a feminist ahead of her time and as a social conservative whose satiric comedies work to regulate rather than to liberate Such viewpoints however do not take sufficient stock of the historical Austen whose writings as William Galperin shows were more properly oppositional rather than either disciplinary or subversive Reading the history of her novels reception through other histories literary aesthetic and social The Historical Austen is a major reassessment of Jane Austen s achievement as well as a corrective to the historical Austen that abides in literary scholarship In contrast to interpretations that stress the conservative aspects of the realistic tradition that Austen helped to codify Galperin takes his lead from Austen s contemporaries who were struck by her detailed attention to the dynamism of everyday life Noting how the very act of reading demarcates an horizon of possibility at variance with the

imperatives of plot and narrative authority The Historical Austen sees Austen's development as operating in two registers Although her writings appear to serve the interests of probability in representing things as they are they remain as her contemporaries dubbed them histories of the present where reality and the prospect of change are continually intertwined In a series of readings of the six completed novels in addition to the epistolary *Lady Susan* and the uncompleted *Sanditon* Galperin offers startling new interpretations of these texts demonstrating the extraordinary awareness that Austen maintained not only with respect to her narrative practice notably free indirect discourse but also with attention to the novel's function as a social and political instrument
