**Five Days From Defeat** Walter Reid, 2017-11-02 On 21 March 1918 Germany initiated one of the most ferocious and offensives of the First World War During the so called Kaiserschlacht German troops advanced on allied positions in a series of ferocious attacks which caused massive casualties separated British and French forces and drove the British back towards the Channel ports Five days later as the German advance continued one of the most dramatic summits of the war took place in Doullens The outcome was to have extraordinary consequences For the first time an allied supreme commander the French General Foch was appointed to command all the allied armies while the statesmen realized that unity of purpose rather than national interest was ultimately the key to success Within a few months a policy of defence became one of offence and paved the way for British success at Amiens and the series of unbroken British victories that led Germany to plea for armistice Victory in November 1918 was a matter for celebration what was excised from history was how close Britain was to ignominious defeat just eight months earlier

*The Unwanted* John McKendrick Hughes, 2005-05-20 The Unwanted is the personal memoir of John McKendrick Hughes a Canadian farmer who also happened to be an Major in the local militia who joined the army in 1915 Upon his arrival in England in the fall of 1916 John discovered that the British Army did not want Canadian militia officers whom they considered to be rank amateurs Unwanted by the British Army but not allowed by the Canadian government to return home John determined to serve his country in any way he could He did this by becoming an Agricultural Officer for the British 2nd Army one of many unwanted Canadian officers who served in ways they could not have imagined when they enlisted Working at Army Headquarters John rubbed shoulders on a daily basis with dozens of high ranking officers many of whom were members of the British upper class As an outsider he was able to see them simply as men not as lords dukes and earls yet by virtue of his HQ posting and his own skills as a farmer and organizer he was often treated as an insider one of the club The work John was doing raising food for the Army immediately behind the front lines was new to everyone involved There were no regulations detailing how it was to be done and he often had to improvise as he went along breaking the rules that applied to other military operations aided and abetted by his commanding officers who often made sure he didn't know the rules After the war John was seconded to the Armistice Commission and posted to Cologne Germany where he inspected agricultural equipment and enjoyed a season of opera He returned to Canada in 1919

The Hindenburg Line Peter Oldham, 1997-01-28 A deep dive into the genesis development and occupation of the Hindenburg Line as well as detailed guides to the actions and battles in each sector When the Hindenburg Line Germany's legendary defence system was pierced at Cambrai in November 1917 the British were so pleased and delighted that church bells were rung But that initial elation was followed by disappointment when the Germans used defence in depth and elastic defence to retake the Hindenburg defences This book examines the reasons for the German's decision to fall back to a strong defence line while their Navy starved Britain into submission and the burnt earth policy of devastation in the area evacuated

The design and layout of the Hindenburg Line and the Battles for its possession in 1917 and 1918 are given with numerous maps covering different sectors and the struggles for each village and farm together with the part played by many British Regiments. The maps contain information on how to find all remaining vestiges of both German and British defences in the region most of which are rarely visited and many of which have not been seen by British eyes for many years. No book since the Great War has examined this area in such detail nor has any single account contained so much for the battlefield visitor to see. The sites of individual acts of bravery including the winning of many Victoria Crosses are featured and existing locations of battle lines, headquarters, artillery observation and machine gun posts are also included together with an absorbing narrative which also guides the armchair reader.

**Battle Scarred** Craig Deayton, 2011-03-07

The dead and wounded of the 47th lay everywhere underfoot. With these words Charles Bean, Australia's Official War Historian, described the battlefield of Dernancourt on the morning of the 5th of April 1918 strewn with the bodies of the Australian dead. It was the final tragic chapter in the story of the 47th Australian Infantry Battalion in the First World War. One of the shortest lived and most battle hardened of the 1st Australian Imperial Force's battalions, the 47th was formed in Egypt in 1916 and disbanded two years later having suffered one of the highest casualty rates of any Australian unit. Their story is remarkable for many reasons. Dogged by command and discipline troubles and bled white by the desperate attrition battles of 1916 and 1917, they fought on against a determined and skilful enemy in battles where the fortunes of war seemed stacked against them at every turn. Not only did they have the misfortune to be called into some of the A I F's most costly campaigns, chance often found them in the worst places within those battles. Though their story is one of almost unrelieved tragedy, it is also a story of remarkable courage, endurance and heroism. It is the story of the 1st A I F itself, punished, beaten, sometimes reviled for their indiscipline, they fought on, fewer, leaner and harder until final victory was won. And at its end, in an extraordinary gesture of mateship, the remnants of the 47th Battalion reunited. Having been scattered to other units after their disbandment, the survivors gathered in Belgium for one last photo together. Only 73 remained.
