leaders only have the power that the people allow them have This was true in India when a little skinny guy named Gandhi with no money and only a rag wrapped around his middle took on the British Empire and won There is no question that the American people have the power to reclaim a government that is clearly not being run for them We have to empower ourselves to take this government back from only a handful of selfish and greedy individuals who have proven that they only care about making more and more money Let us all stop giving them the power that belongs to us Reading this book is a beginning and then we will talk about what to do about it in the author s next two books     *Exploring Psychology* David G. Myers,2004-04-02 David Myers s bestselling brief text has opened millions of students eyes to the world of psychology Through vivid writing and integrated use of the SQ3R learning system Survey Question Read Rehearse Review Myers offers a portrait of psychology that captivates students while guiding them to a deep and lasting understanding of the complexities of this field     *The Invention and Reinventions of Methodism* Andrew J. Cheatle,2025-03-06 This book focuses on the transformative journey of Methodism and tackles a profound question How did a radical revival movement evolve into an established mainstream Church With a global family of around eighty million Methodism and its Holiness offshoots have come a long way since their origins as a fervent revival within the Church of England in the late 1730s Once perceived as controversial and charismatic early Methodists led by John and Charles Wesley preached salvation to unruly crowds often facing fierce opposition Despite its turbulent beginnings the Wesleys skilfully kept the movement anchored to its Anglican roots preventing it from fracturing entirely This allowed Methodism to evolve into an established church while maintaining its distinct identity The volume delves into the enduring legacy of early Methodism exploring its theological influences and developments over time With its identity wrapped up in dual focus on mission and holiness Methodism s impact on global Christianity is profound From the Holiness movement to the rise of Pentecostalism its early radical and charismatic practices still resonate in the Church today Featuring essays from leading Wesleyan scholars this book is valuable for anyone interested in the dynamic history and lasting influence of the Methodist tradition     **The Kennedy Family** S. J. Fuller,2007 America has no official royalty by design Yet there have been the Roosevelts the Adams the Bushes the wanabee Clintons and most intriguing of all the Kennedys The Kennedys have so far only reached the presidency once but the assassination of JFK and his brother Robert and the trials and tribulations of the family members and society in general continue to fascinate the world This new book presents more than 1200 citations of books and related materials arranged by family member The accompanying CD ROM offers ready access and easy searching     *Agricultural Economics and Rural Sociology* Wallace C. Olsen,1991 The first of an eight volume series The Literature of the Agricultural Sciences this book analyzes the trends in the published literature of agricultural economics and rural sociology during the past fifty years It uses citation analysis and other bibliometric techniques to identify the primary journals report series and monographs of current importance to the developed industrial countries as well as those in the Third World
