Seeds of Nonviolence John Dear, 1992 *The Vision of Peace* Mairead Corrigan Maguire, 2010-08-01 The Vision of Peace edited by John Dear features the first ever collection of writings by Mairead Corrigan Maguire the 1976 Nobel Peace Prize Winner from Belfast *The Prophet and the Bodhisattva* Charles R. Strain, 2014-02-19 Can religious individuals and communities learn from each other in ways that will lead them to collaborate in addressing the great ethical challenges of our time including climate change and endless warfare This is the central question underlying The Prophet and the Bodhisattva It juxtaposes two figures emblematic of an ideal moral life the prophet as it evolved in ancient Israel and the bodhisattva as it flowered in Mahayana Buddhism In particular The Prophet and the Bodhisattva focuses on Daniel Berrigan and Thich Nhat Hanh who in their lives embody and in their writings reflect upon their respective moral type Berrigan a Jesuit priest pacifist and poet is best known for burning draft files in 1968 and for hammering and pouring blood on a nuclear warhead in 1980 His extensive writings on the Hebrew prophets reflect his life of nonviolent activism Thich Nhat Hanh Buddhist monk Vietnamese exile and poet struggled to end the conflict during the Vietnam War Since then he has led the global movement that he named Engaged Buddhism and has written many commentaries on Mahayana scriptures For fifty years both have been teaching us how to pursue peace and justice a legacy we can draw upon to build a social ethics for our time **The Women of the Nobel** Massimo di Terlizzi, 2014-04-16 Forty four women Forty four stories of incredible lives each different from the other but linked by the same leitmotif of excellence perseverance and passion This book aims at being a homage to all the women whose revolutionary discoveries and works have forever changed the history of humankind It is for that reason that they received the most prestigious prize of all the Nobel Prize By reading these biographies you can feel to what extent society has changed from the beginning of the twentieth century to today You will also understand how complicated it was for women born at the turn of the century to enter higher education and to be considered by their male colleagues Unfortunately in many fields this attitude is still present and stronger than ever Proportionally only a small percentage of women have received the Swedish medal a sign that the path to gender equality is still long Many of them had to fight to establish themselves and make their talent known often going against their families who saw them exclusively as wives and mothers But they believed in themselves had a dream and with determination overcame every difficulty Notwithstanding their work all of these women scientists writers organizers and spokeswomen demonstrate that with perseverance and an openness towards others you can get where you want As the great Rita Levi Montalcini Nobel Prize in Medicine said The key to human existence is not love but curiosity *Jesus and the Nonviolent Revolution* André Trocmé, 2004 Andr Trocmé of Le Chambon is famous for his role in saving thousands of Jews from the Nazis during World War II But his bold deeds did not spring from a void They were rooted in his understanding of Jesus way of nonviolence an understanding that gave him the remarkable insights contained in this long out of print classic In this book you ll encounter a

Why Good People Do Bad Things Gerard Vanderhaar, 2013-08-09. *Why Good People Do Bad Things* sheds new light on the ethical dilemmas of modern life. It shows how people of good will, who are generally thoughtful, caring, and reasonably well-balanced, can unwittingly contribute to the evils present in our social systems. In exposing these situations, this book also offers the hope that these same good people can take a fresh look at the world around them. In doing so, they can then see the potential of our world as well as its defects and determine to be part of the solution rather than part of the problem.

Gandhi's Paradox: Truth, Non-Violence, and Controversy Aman Shresth, 2024-10-15. In *Gandhi's Paradox*, the reader embarks on a journey to unravel the complex and often controversial life of Mahatma Gandhi. While celebrated globally as the apostle of non-violence and the driving force behind India's independence, Gandhi's life was marked by personal contradictions, moral dilemmas, and decisions that sparked intense debate. This book delves into the lesser-known aspects of his legacy, such as his contentious experiments with celibacy, his strained relationship with his family, and the political decisions that led to divisions within India. Gandhi's complex interactions with figures like Dr. B. R. Ambedkar and his controversial role in the partition of India challenge the idealized version of him that is widely celebrated.

Nonviolence Peyman Vahabzadeh,2019-02-07 Through an original and close reading of the key literature regarding both revolutionary violence and nonviolence this book collapses the widely assumed concepts of violence and nonviolence as mutually exclusive By revealing that violence and nonviolence are braided concepts arising from human action Peyman Vahabzadeh submits that in many cases the actions deemed to be either violent or nonviolent might actually produce outcomes that are not essentially different Vahabzadeh offers a conceptual phenomenology of the key thinkers and theorists of both revolutionary violence and various approaches to nonviolence Arguing that violence is inseparable from civilizations Violence and Nonviolence concludes by making a number of original conceptualizations regarding the relationship between violence and nonviolence exploring the possibility of a nonviolent future and proposing to understand the relationship between the two concepts as concentric not opposites *Relentless Persistence* Philip McManus,Gerald W.
