Seeing Red Chinas Uncompromising Takeover Of Hong Kong

Nicholas Thomas

Seeing Red Chinas Uncompromising Takeover Of Hong Kong:

Seeing Red Jamie Allen, 1997 What is going to happen to Hong Kong after 1 July 1997 The transfer of sovereignty over Hong Kong is one of the late 20th century's most fascinating and significant historical events An advanced economy and society accustomed to living under a relatively liberal British colonial administration is being handed back to a potentially unstable former communist state In the most provocative book written about the 1997 issue Jamie Allen provides answers by approaching the question from a different angle What is happening to Hong Kong Seeing Red tracks the progress of China's hard nosed takeover strategy since the signing of the Sino British Joint Declaration in December 1984 It examines the Basic Law from the perspective of China's political imperatives and describes the steady advance of mainland Chinese business interests in the colony He finds that Hong Kong's reunification with China has more to do with a process of recolonisation than decolonisation Who will gain or lose from these changes Liberalism and its proponents will be a casualty because contrary to a generous reading of the Joint Declaration and the Basic Law China never intended to preserve Hong Kong's political system intact after reunification The principle of one country two systems if read within the context of statements made by senior officials such as Deng Xiaoping offers only economic and social freedoms to Hong Kong it is not a guarantee that existing civil liberties can be maintained Certain existing business interests especially British ones will lose out because of the proprietorial attitude being shown towards Hong Kong's strategic service sectors by mainland Chinese corporations China's policies towards Hong Kong often seem confusing and inconsistent a feature exacerbated by the natural tendency of the local press to look for signs of hope in every new utterance from Beijing Seeing Red argues that China does have a coherent and well coordinated programme for the takeover of Hong Kong one that is shaped by the mindset and imperatives of the Communist Party of China Were the Party to fall tomorrow the nature and method of reunification would be significantly different SEEING RED demonstrates that Hong Kong does not exist in a competitive vacuum The economic status quo must change as China changes and Asia becomes more complex The author argues that it is by no means certain the Chinese government can maintain the unique combination of factors that has contributed to Hong Kong's successful economy a predictable legal system and the skill and spirit of its people Yet if this features are not preserved Hong Kong's relative attractiveness as a business centre will be further undermined It is a book for businessmen and financiers who want an assessment of the threats facing Hong Kong in the first five to ten years after the handover Jamie Allen was born in Singapore in 1962 and was educated in Australia He studied Political Science and Mandarin at the Australian National University graduating with a Bachelor of Arts Honours in 1986 He also studied Mandarin in Taiwan for two years He arrived in Hong Kong in 1987 and worked for the South China Morning Post as a reporter In 1992 he joined The Economist Intelligence Unit as editor of Business Asia In 1994 he was seconded to The Economist in London In 1995 he left full time employment to write freelance and to work on Seeing Red He has written for a number of publications in the UK and

Australia including Business Review Weekly The Financial Times The Guardian and The Daily Telegraph In the course of his work as a journalist he has traveled throughout Asia and spent considerable time in China Jamie lives in Hong Kong Detailed discussion of the political social and business issues relating to the takeover Superbly researched The Hong Kong Special Administrative Region in Its First Decade Joseph Y. S. CHENG, 2007-09-01 This book with 24 essays will appeal to local and international readers interested in Hong Kong The latter include the international financial and business community researchers in Asian Studies journalists and educated tourists Published by City University of Hong Kong Press

Sino-British Negotiations on the Handover of Hong Kong (1979-1997) Wanglai Gao, 2025-01-04 In 1997 the smooth handover of Hong Kong between China and the United Kingdom defied pessimistic predictions about Hong Kong's future The successful resolution of the Hong Kong issue was the result of 18 years of diplomatic exchanges between Chinese and British negotiators from 1979 to 1997 The two countries were involved in intensive interactions on issues such as sovereignty and administration democratic reform in Hong Kong the drafting of the Hong Kong Basic Law and the PLA garrison The book draws on a wealth of primary sources including oral histories British parliamentary testimony and the memoirs of Chinese and British officials It reveals fascinating bilateral exchanges between Chinese and British strategists and discloses the secret negotiations between the Chinese and the British The book will be of interest to historians scholars and analysts of Chinese diplomacy Problematic Sovereignty Stephen D. Krasner, 2001 Daniel Deudney Johns Hopkins University coeditor of *Contested Grounds Security and Conflict in the New Environmental Politics* **Chinese Communists and Hong Kong Capitalists: 1937-1997** C. Chu, 2010-10-25 This book examines Chinese Communist activities in Hong Kong from the outbreak of the Sino Japanese War in 1937 to the handover in 1997 It reveals a peculiar part of Chinese Communist history and traces six decades of astounding united front between the Chinese Communists and the Hong Kong tycoons and upper class business elite The Dynamics of Beijing-Hong Kong Relations Sonny Shiu-hing Lo, 2008-04-01 This book critically assesses the implementation of the one country two systems in the Hong Kong Special Administrative Region HKSAR from the political judicial legal economic and societal dimensions The author contends that there has been a gradual process of mainlandization of the HKSAR meaning that Hong Kong is increasingly economically dependent on the People's Republic of China PRC politically deferent to the central government on the scope and pace of democratic reforms socially more patriotic toward the motherland and more prone to media self censorship and judicially more vulnerable to the interpretation of the Basic Law by the National People's Congress This book aims to achieve a breakthrough in relating the development of Hong Kong politics to the future of mainland China and Taiwan By broadening the focus of the one country two systems from governance to the process of Sino British negotiations and their thrust building efforts this book argues that the diplomats from mainland China and Taiwan can learn from the ways in which Hong Kong's political future was settled in 1982 1984 This is a book for students researchers scholars diplomats and lay people *Hong Kong Reintegrating*

with China Pui-tak Lee, 2001-01-01 This comprehensive book provides a multi dimensional analysis of Hong Kong's development and her political socio economic and cultural relations with China **Hong Kong's Tortuous**

Democratization Ming Sing, 2004-08-02 This book raises interesting questions about the process of democratization in Hong Kong It asks why democracy has been so long delayed when Hong Kong's level of socio economic development has become so high It relates democratization in Hong Kong to wider studies of the democratization process elsewhere and it supplements the received wisdom that democracy was delayed because of colonial rule and by the opposition of China with new thinking for example that its quasi bureaucratic authoritarian political structure vested power in bureaucrats who refused to have top down democratization a politically weak civil society and a non participant political culture that crippled bottom up democratization plus the division between pro democratic civil society and political society *Hong Kong*

Benjamin K.P. Leung, 2018-04-27 This title was first published in 2003 Hong Kong is a society of contrasts and paradoxes The city has a contrasting and yet fluid intermingling of social and cultural images east and west local and colonial modern and traditional extravagant and frugal In this volume the editor has selected essays dealing with a variety of aspects of Hong Kong including change and development culture and identity trends in political development economy and society social issues and social policy *Political Development in Hong Kong* Ngok Ma, 2007-01-01 This book reviews the political

development of Hong Kong before and after 1997 in particular the evolution of state society relations in the last two decades to analyze the slow development of democracy and governance in Hong Kong after 1997 This book is a most comprehensive analysis of the multi faceted changes in Hong Kong in the last 20 years The scope of changes analyzed included state functions and institutions political changes such as party development and development of the Legislative Council and social changes such as social movements civil liberties etc It helps the reader understand the crisis of governance of Hong Kong after 1997 and the difficulty of democratic development in Hong Kong over the years The book covers changing state institutions in Hong Kong in the last few decades party development in Hong Kong the changing role and function of the legislature in Hong Kong the evolution of social movement and movement organizational forms media freedom civil liberties and the role of civil society and theoretical discussions concerning governance problems and state society relations in Hong Kong Special emphasis is placed on how these changes brought about a new state society relation which in turn brought governance difficulties after 1997 *Contemporary Asian Modernities* Eva Kit-Wah Man, 2010 This book is a collection of

selected essays presented at the International Symposium on Contemporary Asian Modernities Transnationality Interculturality and Hybridity hosted by the Humanities Programme of Hong Kong Baptist University in September 2006 As modernity has been used to describe the cultural economic and socio political conditions in the Western worlds the time in which we now live and the Asian countries where capitalistic transformation is extensively carried out are already articulating their own descriptions The essays collected here discuss the notions of contemporary Asia and modernities as

they relate to the global trend of adopting capitalism They probe into questions related to modernity as well as global modernity ranging from China in particular to Asia in general As reflected in the pluriversal meanings in the title the book endeavours to make critical inquiries into the concept of modernity modernities from different perspectives **Democracy, Asian Values, and Hong Kong** Bob Beatty,2003-08-30 On July 1 1997 China took control over Hong Kong where Britain had begun a process of introducing democracy Beatty examines the process of democratization in Hong Kong with the argument that democratic development will continue despite being under Chinese rule Through a series of 128 interviews with 89 Hong Kong elites from 1997 2002 including legislators and party leaders as well as participant and direct observation of 15 campaigns for the Legislative Council in 1998 Beatty analyzed political leaders beliefs and commitment towards democratic development and institutions and put them into the context of the post handover environment Evidence from the interviews is used to test the proposition that adherence to Asian values undermines democracy and Beatty probed Hong Kong elites about their beliefs regarding the rule of law freedom of the press civil liberties and the possible trade offs between economic development and democratization A major finding from the in depth interviews is that while Hong Kong political elites reject the Singapore model and the Asian Values argument many do believe in trade offs between economic development and democratization Beatty also offers sharp insight into the thinking of Hong Kong political elites and transcends the particular politics of Hong Kong and delves in the broader subject of elite beliefs and attitudes An important analysis for scholars students and other researchers involved with China Hong Kong Asian politics and political values and political development in general Democracy Denied Nicholas Thomas,2018-12-17 Published in 1999 this book is designed to provide the reader with a detailed understanding of Hong Kong s social and political development It offers a contemporary holistic understanding of Hong Kong which will not only complement existing works but also provide the reader with a solid foundation for understanding future developments in the territory The book is divided into three sections Identity Civil Society and Politics The first two sections provide a discrete understanding of the issues involved This analysis is then utilised to explain the particular path of political development Hong Kong experienced in the 1980s and 1990s Due to the in depth analysis provided this work will be of use either to academics or to members of the general public seeking to understand the development of Hong Kong **Chinese Englishes** Kingsley Bolton,2006-11-02 This book explores the history of the English language in China from the arrival of the first English speaking traders in the early seventeenth century to the present Kingsley Bolton brings together and examines a substantial body of historical linguistic and sociolinguistic research on the description and analysis of English in Hong Kong and China He uses early wordlists satirical cartoons and data from journals and memoirs as well as more conventional sources to uncover the forgotten history of English in China and to show how contemporary Hong Kong English has its historical roots in Chinese pidgin English The book also considers the varying status of English in mainland China over time and recent developments since 1997 With its

interdisciplinary perspective the book will appeal not only to linguists but to all those working in the fields of Asian studies and English studies including those concerned with cultural and literary studies *Underground Front* Christine Loh, 2018-11-01 *Underground Front* is a pioneering examination of the role that the Chinese Communist Party has played in Hong Kong since the creation of the party in 1921 through to the present day The second edition goes into greater depth on the party's view on one country two systems patriotism and elections The introduction has been extensively revised and the concluding chapter has been completely rewritten in order to give a thorough account of the post 1997 governance and political system in Hong Kong and where challenges lie Christine Loh endeavours to keep the data and the materials up to date and to include the discussion of some recent events in Hong Kong The appendices on the key targets of the party's united front activities also make the book an especially useful read for all who are interested in Hong Kong history and politics and the history of modern China Although the author calls herself an outsider this book provides such a distinctly incisive analysis that even an insider will pale by comparison Christine Loh's exposition of the Communist Party's co-optation and persuasion is particularly revealing for anyone not versed in communist speak A must read for anyone who cares for Hong Kong simply because the Communist Party in Hong Kong is a heavyweight player in shaping our future Ching Cheong Authoritative thoroughly researched and lucidly written Christine Loh's work must be read by everyone who wants to make sense of the Chinese Communist Party's agenda in Hong Kong This book is remarkable for its fair mindedness in evaluating the party's record She provides an absorbing account of its leaders' hard-headed pragmatism in tolerating this outpost of colonial and capitalism during the Cold War and the Cultural Revolution Her analysis of the party's involvement in contemporary Hong Kong is an impressive contribution to our understanding of Beijing's expanding involvement in Hong Kong affairs The author has achieved a notable breakthrough with this fascinating study of a political organisation whose role and influence in Hong Kong have hitherto been shrouded in secrecy Leo Goodstadt *Hong Kong in Focus* S. G. Rioni, 2002 *Hong Kong in Focus* Political Economic Issues *Two Systems, Two Countries* Kevin Carrico, 2022-05-10 As Hong Kong is integrated into the People's Republic of China ever fewer people in the city identify as Chinese *Two Systems Two Countries* explains why *Two Systems Two Countries* traces the origins of Hong Kong nationalism and introduces readers to its main schools of thought city state theory self-determination independence and returnism The idea of Hong Kong independence Kevin Carrico shows is more than just a provocation testing Beijing's red lines it represents a collective awakening to the failure of One Country Two Systems and the need to transcend obsolete orthodoxies With a conclusion that examines Hong Kong nationalism's influence on the 2019 protest movement *Two Systems Two Countries* is an engaging and accessible introduction to the tumultuous shifts in Hong Kong politics and identity over the past decade *The A to Z of the Hong Kong SAR and the Macao SAR* Ming K. Chan, Sonny Shiu-Hing Lo, 2010-04-01 The Hong Kong Special Administrative Region of the People's Republic of China is located on the southeastern coast of China and the Macao SAR can be found off of

China's southern coast Both regions have recently been released from European colonial rule Hong Kong from British control in 1997 and Macao from Portugal in 1999 As SARs Hong Kong and Macao retain a high degree of autonomy and they control all issues except those of state e.g diplomatic relations and national defense The A to Z of the Hong Kong SAR and the Macao SAR includes maps photographs a list of acronyms a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on important persons places and events as well as political economic and social background However unlike the rest of the series all these sections are presented in duplicate one for Hong Kong and one for Macao The authoritative analysis and informative data presented clearly elucidate the unique situation of these two territories

Forget Chineseness Allen Chun, 2017-03-27 Critiques the idea of a Chinese cultural identity and argues that such identities are instead determined by geopolitical and economic forces Forget Chineseness provides a critical interpretation of not only discourses of Chinese identity Chineseness but also of how they have reflected differences between Chinese societies such as in Hong Kong Taiwan People's Republic of China Singapore and communities overseas Allen Chun asserts that while identity does have meaning in cultural representational terms it is more importantly a product of its embeddedness in specific entanglements of modernity colonialism nation state formation and globalization By articulating these processes underlying institutional practices in relation to public mindsets it is possible to explain various epistemic moments that form the basis for their sociopolitical transformation From a broader perspective this should have salient ramifications for prevailing discussions of identity politics The concept of identity has not only been predicated on flawed notions of ethnicity and culture in the social sciences but it has also been acutely exacerbated by polarizing assumptions that drive our understanding of identity politics

Hong Kong in China Gungwu Wang, John Wong, 1999 The dramatic handover of Hong Kong to the People's Republic of China on July 1 1997 amid much tension and speculation closes one significant colonial chapter in Asia At the same time it also sets the stage for new political and economic possibilities with China closely involved with a key financial center in Asia Hong Kong in China comprises a collection of papers evaluating the situation in Hong Kong SAR over the last two years The handing over of Hong Kong to China presents a challenge to the legal system which is intrinsically and delicately linked to the political vision of one country two systems While politicians and legalists seek to work out the model the people of Hong Kong confront the dilemma of an identity crisis on top of the contentious social problems presented by the immigration of Chinese mainlanders

Embracing the Tune of Expression: An Emotional Symphony within **Seeing Red Chinas Uncompromising Takeover Of Hong Kong**

In a global taken by displays and the ceaseless chatter of instant communication, the melodic splendor and psychological symphony developed by the prepared word usually diminish in to the backdrop, eclipsed by the relentless sound and disruptions that permeate our lives. However, nestled within the pages of **Seeing Red Chinas Uncompromising Takeover Of Hong Kong** a charming literary prize filled with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, that fascinating masterpiece conducts visitors on an emotional journey, skillfully unraveling the hidden melodies and profound impact resonating within each carefully constructed phrase. Within the depths of the moving assessment, we will explore the book is key harmonies, analyze their enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
