

A man in a dark suit and glasses stands in profile, looking at a large, blank, off-white canvas that dominates the center of the frame. The canvas is hung in a workshop or studio with wooden walls and a wooden floor. A wooden ladder is visible on the right side of the canvas. The lighting is warm and slightly dim, creating a contemplative atmosphere.

Seeing Rothko:

Seeing Rothko Glenn Phillips, Thomas E. Crow, 2005 I am interested only in expressing basic human emotions tragedy ecstasy doom Mark Rothko 1903 1970 said of his paintings If you are moved only by their colour relationships then you miss the point Throughout his career Rothko was concerned with what other people experienced when they looked at his canvases As his work shifted from figurative imagery to luminous fields of colour his concern expanded to the setting in which his paintings were exhibited Seeing Silence Mark C. Taylor, 2020-08-13 This wide ranging study explores the many meanings of silence through the work of visual artists philosophers theologians writers and composers Mark C Taylor's prolific output has delved into topics ranging from media to metaphysics and from postmodern theology to posthuman bodies His latest explores the significance of silence amid the buzzing networks of our modern age Have we forgotten how to listen to each other to recognize the virtues of modesty and reticence and to appreciate the resonance of silence Are we less prepared than ever for the ultimate silence that awaits us all In Taylor's account our way to hearing silence is paradoxically to see it He explores the many variations of silence by considering the work of leading modern and postmodern visual artists including Barnett Newman Ad Reinhardt James Turrell and Anish Kapoor Developing the insights of philosophers theologians writers and composers Taylor weaves a rich narrative modeled on the Stations of the Cross Recasting Hegel's phenomenology of spirit and Kierkegaard's stages on life's way Taylor translates the traditional Via Dolorosa into a Nietzschean Via Jubilosa that affirms light in the midst of darkness *Seeing Silence* is a thoughtful meditation that invites readers to linger long enough to see silence and in this way perhaps to hear once again the wordless Word that once was named God *Mark Rothko* David Anfam, 1998-09-10 This is the first volume of the catalogue raisonné of the work of Mark Rothko the abstract artist It documents Rothko's entire output of paintings on canvas and panel reproducing all the works in colour An introductory text investigates the essential features of Rothko's art Seeing and Beyond Deborah J. Johnson, David Ogawa, Kermit Swiler Champa, 2005 This volume is an exciting eclectic collection of essays in honor of Kermit S Champa a leading scholar of impressionism and critic of twentieth century art The lead essay by David Carrier is followed by others from several generations of scholars and museum curators trained by Professor Champa Together they cover an extremely wide historical range from the eighteenth to twenty first centuries and honor Professor Champa's own scholarly rigor methodological diversity and intellectual breadth through topics ranging from art history to cultural studies Jacket *Seeing Slowly* Michael Findlay, 2017-09-26 When it comes to viewing art living in the information age is not necessarily a benefit So argues Michael Findlay in this book that encourages a new way of looking at art Much of this thinking involves stripping away what we have been taught and instead trusting our own instincts opinions and reactions Including reproductions of works by Mark Rothko Paul Klee Joan Mir Jacob Lawrence and other modern and contemporary masters this book takes readers on a journey through modern art Chapters such as What Is a Work of Art Can We Look and See at the Same Time and Real Connoisseurs

Are Not Snobs not only give readers the confidence to form their own opinions but also encourages them to make connections that spark curiosity intellect and imagination The most important thing for us to grasp writes Findlay is that the essence of a great work of art is inert until it is seen Our engagement with the work of art liberates its essence After reading this book even the most intimidated art viewer will enter a museum or gallery feeling more confident and leave it feeling enriched and inspired

The Truth Is Always Grey Frances Guerin,2018-01-30 Changing how we look at and think about the color grey Why did many of the twentieth century s best known abstract painters often choose grey frequently considered a noncolor and devoid of meaning Frances Guerin argues that painters including Jasper Johns Cy Twombly Agnes Martin Brice Marden Mark Rothko and Gerhard Richter select grey to respond to a key question of modernist art What is painting By analyzing an array of modernist paintings Guerin demonstrates that grey has a unique history and a legitimate identity as a color She traces its use by painters as far back as medieval and Renaissance art through Romanticism to nineteenth and twentieth century modernism to show how grey is the perfect color to address the questions asked by painting within art history and to articulate the relationship between painting and the historical world of industrial modernity A work of

exceptional erudition breadth and clarity presenting an impressive range of canonical paintings across centuries as examples The Truth Is Always Grey is a treatise on color that allows us to see something entirely new in familiar paintings and encourages our appreciation for the innovation and dynamism of the color grey *Communion, Covenant, and Creativity* Brian Haymes, Richard L. Kidd, 2020-03-16 This book is a follow up to a previous volume by the same three authors Baptists and the Communion of Saints A Theology of Covenanted Disciples though it does not require familiarity with the first study The present book offers new perspectives on belief in the communion of saints by interpreting it through the idea of covenant with its two dimensions of relations with God and with each other Giving attention to the creative arts of painting music poetry and story writing the authors explore indications of a hidden communion of saints through embodiment memory and connectivity Included are studies of the work of visual artists Paul Nash and Mark Rothko musicians John Tavener Elgar and Brahms and writers Thomas Hardy T S Eliot and James Joyce Theological reflection on these hints of communion offers a vision of an ongoing communion of prayer with the saints alive and dead which does not depend on a dualistic idea of a disembodied soul existing after death but which affirms the Christian tradition of the resurrection of the body Communion covenant and creativity are thus linked to develop a Christian aesthetics based on a mutual indwelling between the triune God and the world

Surrealists in New York: Atelier 17 and the Birth of Abstract Expressionism Charles Darwent, 2023-05-02 An absorbing group biography revealing how exiles from war torn France brought surrealism to America sparking the movement that became abstract expressionism In 1957 the American artist Robert Motherwell made an unexpected claim I have only known two painting milieus well the Parisian Surrealists with whom I began painting seriously in New York in 1940 and the native movement that has come to be known as abstract expressionism but which genetically would have been more properly called abstract surrealism Motherwell s bold assertion that abstract expressionism was neither new nor local but born of a brief liaison between America and France verged on the controversial Surrealists in New York tells the story of this liaison and the European exiles who brought Surrealism with them an artistic exchange between the Old World and the New centering on taciturn printmaker Stanley William Hayter and the legendary Atelier 17 print studio he founded Here artists experiments literally pushed the boundaries of modern art It was in Hayter s studio that Jackson Pollock found the balance of freedom and control that would culminate in his distinctive drip paintings The impact of Max Ernst Andr Masson Louise Bourgeois and other noted migrants on the work of Motherwell Pollock Mark Rothko and the American avant garde has for too long been quietly written out of art history Drawing on first hand documents interviews and archive materials Charles Darwent brings to life the events and personalities from this crucial encounter revealing a fascinating new perspective on the history of the art of the twentieth century *The Myth of Abstraction* Andrea Meyertholen, 2021 An alternative genealogy of abstract art featuring the crucial role of 19th century German literature in shaping it aesthetically culturally and socially Once upon a time or more specifically in 1911 there was an artist named

Wassily Kandinsky who created the world's first abstract artwork and forever altered the course of art history or so the traditional story goes. A good story but not the full story. The Myth of Abstraction reveals that abstract art was envisioned long before Kandinsky in the pages of nineteenth century German literature. It originated from the written word described by German writers who portrayed in language what did not yet exist as art. Yet if writers were already writing about abstract art why were painters not painting it? To solve the riddle this book features the work of three canonical nineteenth century authors: Heinrich von Kleist, Johann Wolfgang von Goethe and Gottfried Keller who imagine, theorize and describe abstract art in their literary writing, sometimes warning about the revolution it will cause not just in art but in all aspects of social life. Through close readings of their textual images and visual analyses of actual paintings, Andrea Meyertholen shows how these writers anticipated the twentieth century birth of abstract art by establishing the necessary conditions for its production, reception and consumption. The first study to bring these early descriptions of abstraction together and investigate their significance. The Myth of Abstraction writes an alternative genealogy featuring the crucial role of literature in shaping abstract art in aesthetic, cultural and social terms, warning about the revolution it will cause not just in art but in all aspects of social life.
