Legge,2006-10-11 Written by a leader in the field this book discusses the role of vision in reading The author describes the

influence of physical properties of text on reading performance and the implications for information processing in the visual pathways He explores different forms of low vision that affect reading text characteristics that optimize reading for those with low vision principles underlying the legibility of text and guidelines for displaying text Special topics include the role of the magnocellular pathway in reading and dyslexia Braille reading and fonts for highway signs An accompanying CD contains reprints of the seminal series of articles by Gordon E Legge and colleagues published between 1985 and 2001

*New Critical Theory* William S. Wilkerson, Jeffrey Paris, 2001-11-19 New Critical Theory surveys contemporary leftist thought while introducing the tenets of this new form of critical theory Beginning with an exploration of the relationship between Marxism Habermas and the politics of identity William S Wilkerson and Jeffrey R Paris present a collection that critiques the globalization of capital The development of personality appears as subject to socialized standards in an age of global capitalism Only after scrutinizing the effects of such a system can liberation be found The essays within join Critical Theory with postmodern insights on language and subjectivity to provide a more comprehensive view of emancipatory social theory Through this and other reflections on critical race gender and queer theories Wilkerson and Paris emerge with an encompassing volume defining New Critical Theory

*The Meaning of Media* Anna Catharina Horn, Karl G. Johansson, 2021-05-10 The book highlights aspects of mediality and materiality in the dissemination and distribution of texts in the Scandinavian Middle Ages important for achieving a general understanding of the emerging literate culture In nine chapters various types of texts represented in different media and in a range of materials are treated The topics include two chapters on epigraphy on lead amulets and stone monuments inscribed with runes and Roman letters In four chapters aspects of the manuscript culture is discussed the role of authorship and of the dissemination of Christian topics in translations The appropriation of a Latin book culture in the vernaculars is treated as well as the administrative use of writing in charters In the two final chapters topics related to the emerging print culture in early post medieval manuscripts and prints are discussed with a focus on reception The range of topics will make the book relevant for scholars from all fields of medieval research as well as those interested in mediality and materiality in general

*Writing and Reading the Scroll of Isaiah, Volume 1* Craig C. Broyles, Craig A. Evans, 2014-09-03 This first part of a 2 volume work this study combines recent approaches that treat the formation and early interpretation of the final form of the book of Isaiah with the more conventional historical critical methods that treat the use of traditions by Isaiah's authors and editors Studies investigate Isaiah's use of early sacred tradition the editing and contextualization of oracles within the Isaianic tradition itself and the interpretation of the book of Isaiah in later traditions as seen in the various versions of the text and various communities Contributors of this volume include virtually all of the major scholars of Isaiah and the leading scholars of biblical interpretation in the intertestamental New Testament and early Jewish periods
