Seek Safety:

Domestic Violence and Family Safety Janette Cooper, Arlene Vetere, 2008-09-15 The book aims to explore the exciting opportunities offered by a systemic approach for mental health professionals and psychotherapists when working with families and other systems where domestic violence in intimate relationships is of concern. The main purpose of the book lies in the application of systemic thinking to safety and to understanding the complexity of domestic violence on family relationships over time. The authors outline their approach to these complex issues based on their eight years of joint experience in the Reading Safer Families project. They draw from a broad field of family psychology and systemic psychotherapy to distil the theories, methods and techniques most helpful to practitioners working in modern public and voluntary agencies. Their systemic approach to issues of risk, responsibility and collaboration provides a coherent framework within which to integrate practice. The book also provides a practice orientated and detailed approach to risk assessment, risk management and family reunification. This book will be of interest to practitioners in clinical and educational psychology, social work, nursing, psychiatry, probation, health visiting, counselling and psychotherapy who work with individuals living in intimate relationships where violence may be of concern, and also to practice supervisors, trainers, trainees and students in these disciplines.

Desperately Seeking Asylum Helen T. Boursier, 2019-11-19 Told through heart wrenching testimonies, photographs and artwork of refugees fleeing their homelands, *Desperately Seeking Asylum* describes firsthand accounts of the harrowing and dangerous journey immigrants are willing to endure, knowing that they might not even make it onto US soil. *Desperately Seeking Asylum* prioritizes the testimonies of refugee families and unaccompanied children who are seeking asylum in the United States from Central America, primarily Guatemala, El Salvador and Honduras. Their desperate and heart wrenching stories disclose why they fled their homelands, their experiences along the treacherous overland journey and the harsh reality of how the United States treats these families and children upon arrival to the United States. It critiques US complicity to the violence they are fleeing and discloses how national leadership shapes US immigration policies and practices, including the blatant documented violations against asylum seekers at the US Mexico border. Most notably, it offers transparency on US immigration practices at the US Mexico border which violate existing US and international laws that are intended to protect asylum seekers, including the current official practice of blocking bridges with turnbacks to prevent inadmissibles from applying for asylum in the United States. It explains protections mandated by US law for unaccompanied children who are in US custody and discloses violations which keep these children detained excessive lengths of time in substandard for-profit facilities which are overseen by the government and funded by taxpayers. Boursier also deconstructs the complicated asylum process, including examining the credible fear for asylum procedure, showing how technical terms and language are used to justify injustice at the border. *Desperately Seeking Asylum* offers hope for a new vision with alternative options and practical actions which assist migrants through humanitarian aid on both sides of the border. The

witness for compassionate and responsible response by people of conscious becomes an antidote to injustice against asylum seekers Instead of the current administration manipulating US laws to support its ulterior motives and political agenda Boursier asks readers to hold US elected officials accountable to the same Rule of Law that the United States demands of refugees Ultimately Boursier suggests a spectrum of options for practical ways to make the political personal through public witness and civic engagement to transform the broken immigration process for refugees who are desperately seeking asylum

The Politicization of Safety Jane K. Stoevers, 2019-02-26 A look at gun control campus sexual assault immigration and more that considers the future of responses to domestic violence Domestic violence is commonly assumed to be a bipartisan nonpolitical issue with politicians of all stripes claiming to work to end family violence Nevertheless the Violence Against Women Act expired for over 500 days between 2012 and 2013 due to differences between the U S Senate and House demonstrating that legal protections for domestic abuse survivors are both highly political and highly vulnerable Racial and gender politics the move toward criminalization reproductive justice concerns gun control debates and political interests are increasingly shaping responses to domestic violence demonstrating the need for greater consideration of the interplay of politics domestic violence and how the law works in people s lives The Politicization of Safety provides a critical historical perspective on domestic violence responses in the United States It grapples with the ways in which child welfare systems and civil and criminal justice responses intersect and considers the different overlapping ways in which survivors of domestic abuse are forced to cope with institutionalized discrimination based on race gender sexual orientation and immigration status The book also examines movement politics and the feminist movement with respect to domestic violence policies The tensions discussed in this book similar to those involved in the metoo movement include questions of accountability reckoning redemption healing and forgiveness What is the future of feminism and the movements against gender based violence and domestic violence Readers are invited to question assumptions about how society and the legal system respond to intimate partner violence and to challenge the domestic violence field to move beyond old paradigms and contend with larger justice issues *The National Aviation System Policy Summary* United States.
