Selecciones Literarias:

Antología de literatura universal comparada Julián Rodríguez, 1991 *Antología Literaria* Dr. Adalberto García de Mendoza, 2020-01-02 Este libro presenta una serie de pláticas sobre filosofía, matemática, ciencia, arte, etc. en las cuales el autor trata de encausar a la juventud por nuevos senderos y forjar hombres que sientan la plenitud de sus esfuerzos espirituales en su propia existencia. Que deban sentir que la plenitud de la vida no está en la muerte sino en la vida misma. Y para lograrlo hay que llegar al corazón propio, hay que alentar el fluir de sus pensamientos y encausar sus sentimientos para que sepan el porqué de su propia existencia. *Literatura Universal. Primero de Bachillerato* Francisco Antonio Linares Lucena, 2021-12-05 Libro de texto digital de apuntes de la asignatura de Literatura Universal. *Secondhand China* Carles Prado-Fonts, 2022-06-15 This transcultural study of cultural production brings to light the ways Spanish literature imagined China by relying on English and French language sources. Carles Prado-Fonts examines how the simultaneous dependence on and obscuring of translation in these cross-cultural representations created the illusion of a homogeneous West. He argues that Orientalism became an instrument of hegemony not only between the West and the rest but also within the West itself, where Spanish writers used representations of China to connect themselves to Europe, hone a national voice, or forward ideas of political and cultural modernity. Uncovering an eclectic and surprising archive, Prado-Fonts draws on diverse cultural artifacts from popular literature, journalism, and early cinema to offer a rich account of how China was seen across the West between 1880 and 1930. Enrique Gaspar, Luis de Oteyza, Vicente Blasco Ibáñez, and lesser-known authors writing in Spanish and Catalan put themselves in dialogue with Leo Tolstoy, John Dewey, W. Somerset Maugham, Bertrand Russell, Pearl Buck, and André Malraux, as well as stereotypical figures from popular culture like Fu Manchu and Charlie Chan. Throughout, Prado-Fonts exposes translation as a technology of cultural hegemony and China as an appealing object for representation. A timely contribution to our understanding of how we create and consume knowledge about the world, *Secondhand China* is essential reading for scholars and students of Orientalism, postcolonial studies, translation studies, comparative literature, and cultural studies. *The Teaching of Reading in Spanish to the Bilingual Student: La Enseñanza de la Lectura en Español Para El Estudiante Bilingüe* Angela Carrasquillo, Philip Segan, 2013-10-14 This dual language text provides theory and methodology for teaching reading in Spanish to Spanish-English bilingual or Spanish-dominant students. The goal is to help educators teach these students the skills necessary to become proficient readers and thus successful in the school system. At the very core of the book are the hispano-parlantes, the Spanish-speaking children who bring to the schools along with their native language and cultures a wealth of resources that must be tapped and to whom all educators have a responsibility to respond. True to the concepts of developing bilingual educators to serve bilingual students, the text presents chapters in English and Spanish. Each chapter is written in only one language at the preference of the author. Thus, to be successful with this book, the reader must be bilingual. Themes emphasized in the text include current reading methodologies, the concept of reading as

developmental literacy skills reading in the content areas new views of the development of proficiency in the second language issues related to students with special learning needs assessment and the uses of technology in the delivery of instruction Never losing sight of its goal to teach reading in Spanish to bilingual or Spanish dominant students the book includes a series of focusing questions and follow up activities these are not simply translations of existing activities strategies and techniques intended for monolingual English students but specifically designed to be appropriate for Spanish speaking students Directed to university preservice and in service instructors of reading and bilingual education as well as administrators and district and school level staff developers who work with Hispanic populations the book is sensitive at all times to nuances of the languages and cultures of the intended audiences La Gaceta Honduras,1958 *La palabra escrita* Margarita Murillo González,1980 *Bibliografía argentina de artes y letras* ,1966 *Poder y Sexualidad* Evelyn Picon Garfield,2023-12-21 En esta obra finalista del Premio Casa de las Américas Ensayo 1993 se exploran aspectos de la escritura de Gertrudis Gómez de Avellaneda que los críticos decimonónicos y a finales de nuestro siglo han pasado por alto principalmente las estrategias apropiadoras y transformadoras que utilizaba la autora para reinscribir las voces silenciadas o dislocadas haciendo de la marginalización una fuente insuperable de energía creativa La escritora cubana española intenta deconstruir el binarismo occidental del discurso hegemónico sobre la mujer y en el proceso contesta la pregunta que plantea Gayatri Spivak Tiene voz el subalterno Se mide el discurso de sus novelas y drama contra los dominantes del poder y la sexualidad y se exponen los mecanismos de la subversión de éstos realizada por sus subtextos y cotextos palimpsticos en relación con los códigos del patriotismo y del patriarcado *Revista del ejército* ,1924 Prentice Hall Selecciones Literarias ,1997 **Se abre la Casa Rosa** Rosa Montolío Catalán,2016-11-16 Se abre la Casa Rosa es una antología personal que recopila las micropoesías poesías microrrelatos y relatos que durante un año han sido seleccionados en quince concursos literarios Sin embargo la autora Rosa Montolío Catalán no solo nos muestra lo que escribe sino también la motivación y las percepciones que ha sentido en los momentos creativos dando a conocer a nosotros los lectores sus íntimos secretos literarios En Se abre la Casa Rosa late la vida literaria subyace especialmente un gran homenaje al mundo que conlleva editoriales asociaciones escritores escritoras editores librerías libreros ferias de libros o ámbitos culturales en definitiva personas y lugares que hacen posible que la literatura no se detenga Páginas públicas Marcy Schwartz,2025-07-21 Al final del día todos usamos las puertas del metro como espejo Este brevísimo relato escrito por una ciudadana común de Santiago Chile apareció impreso en los carteles publicitarios de las estaciones del metro El célebre concurso Santiago en 100 palabras invita a los ciudadanos a escribir vietas sobre la ciudad y los cuentos ganadores son diseminados gratuitamente en el espacio urbano para los santiaguinos El concurso conmemora el regreso a la democracia reclamando el espacio urbano y fomentando la participación cívica a partir de la escritura y la lectura Páginas públicas examina el impacto de programas de lectura en público en algunas ciudades latinoamericanas desde el año 2000 Las iniciativas analizadas divulgan la literatura a
