Selected Letters Of Andre Gide Dorothy:

Selected Letters of André Gide and Dorothy Bussy André Gide, 1983 **Bloomsbury and France** Mary Ann Caws, Sarah Bird Wright, 1999-12-02 Bloomsbury on the Mediterranean is how Vanessa Bell described France in a letter to her sister Virginia Woolf. Remarking on the vivifying effect of Cassis, Woolf herself said I will take my mind out of its iron cage and let it swim. Complete heaven, I think it. Yet until now there has never been a book that focused on the profound influence of France on the Bloomsbury group. In *Bloomsbury and France*, Art and Friends, Mary Ann Caws and Sarah Bird Wright reveal the crucial importance of the Bloomsbury group's frequent sojourns to France, the artists and writers they met there, and the liberating effect of the country itself. Drawing upon many previously unpublished letters, memoirs, and photographs, the book illuminates the artistic development of Virginia and Leonard Woolf, Clive Bell, David Garnett, E. M. Forster, Lytton Strachey, Dora Carrington, and others. The authors cover all aspects of the Bloomsbury experience in France, from the specific influence of French painting on the work of Roger Fry, Duncan Grant, and Vanessa Bell, to the heady atmosphere of the medieval Cistercian Abbaye de Pontigny, the celebrated meeting place of French intellectuals where Lytton Strachey, Julian Bell, and Charles Mauron mingled with writers and critics, to the relationships between the Bloomsbury group and Henri Matisse, Pablo Picasso, Gertrude Stein, André Gide, Jean Marchand, and many others. Caws and Wright argue that Bloomsbury would have been very different without France, that France was their anti-England, a culture in which their eccentricities and aesthetic experiments could flower. This remarkable study offers a rich new perspective on perhaps the most creative group of artists and friends in the 20th century. *André Gide and the Second World War* Jocelyn Van Tuyl, 2012-02-01 Arguably the most influential French writer of the early twentieth century, André Gide is a paradigmatic figure whose World War II writings offer an exemplary reflection of the challenges facing a leading writer in a time of national collapse. Tracing Gide's circuitous intellectual itinerary from the fall of France through the postwar purge, this book examines the ambiguous role of France's senior man of letters during the Second World War. The writer's intricate maneuverings offer privileged insights into three issues of broad significance: the relationship of literature and politics in France during World War II, the repressions and repositionings that continue to fuel controversy about the period, and the role of public intellectuals in times of national crisis. With the exception of the early wartime *Journal*, Gide's publications during France's dark years have received little critical attention. This book scrutinizes the entire wartime oeuvre in depth, tracing the evolution of Gide's political views and, most importantly, reading the wartime texts against each other. It is the interplay among these texts that reveals the full complexity of Gide's political positionings and the rhetorical brilliance he deployed to redress his tarnished image. André Gide Alan Sheridan, 1999 Sheridan presents a literary biography of one of the most important writers of the 20th century, an intimate portrait of the reluctantly public man whose work was deeply and inextricably entangled with his life. 35 halftones. Sexual Moralities in France, 1780-1980 Antony Copley, 2019-01-25 Originally published in 1989. This is the first history of modern

France to explore the long term origins of the libertarian revolt It traces the moral history from the eighteenth century to the 1960s examining the questions of marriage and divorce homosexuality and sexual morality It includes detailed chapters on the Marquis de Sade Charles Fourier Andr Gide and Daniel Gu rin in order to illustrate the changing legislation popular thought and public opinion The result is an enlightening and provocative account which will be of interest to students of modern French history moral thought and the history of sexual attitudes

The Letters of T. S. Eliot Volume 7:

1934-1935 T. S. Eliot, 2017-05-30 T S Eliot s career as a successful stage dramatist gathers pace throughout the fascinating letters of this volume Following his early experimentation with the dark comedy Sweeney Agonistes 1932 Eliot is invited to write the words of an ambitious scenario sketched out by the producer director E Martin Browne who was to direct all of Eliot s plays for a grand pageant called The Rock 1934 The ensuing applause leads to a commission from the Bishop of Chichester to write a play for the Canterbury Festival resulting in the quasi liturgical masterpiece of dramatic writing Murder in the Cathedral 1935 A huge commercial success it remains in repertoire after eighty years Even while absorbed in time consuming theatre work Eliot remains untiring in promoting the writers on Faber s ever broadening lists George Barker Marianne Moore and Louis MacNeice among them In addition Eliot works hard for the Christian Church he has espoused in recent years serving on committees for the Church Union and the Church Literature Association and creating at Faber but she refuses to comprehend that her husband has chosen to leave her and stalks him across literary society leading to his place of work at the offices of Faber Faber The correspondence draws in detail upon Vivien s letters and diaries to provide a picture of her mental state and way of life and to help the reader to appreciate her thoughts and feelings
