Selected Plays of St. John Ervine St. John Greer Ervine, 1988 Contents Mixed Marriage Jane Clegg John Ferguson Boyd s Shop Friends and Relations **Hegemony and Fantasy in Irish Drama, 1899-1949** P. Murphy, 2015-12-04 Hegemony and Fantasy in Irish Drama 1899 1949 offers a theoretically innovative reconsideration of drama produced in the Irish Renaissance as well as an engagement with non canonical drama in the under researched period 1926 1949

Buffoonery in Irish Drama Kathleen Heininge, 2009 Generations of Irish playwrights have tried to assert the reputation of the stage Irish figure as other than comic but each effort was in its turn assailed as buffoonery Using post colonial and performative theory Buffoonery in Irish Drama demonstrates the ways the Irish struggled to create a sense of identity in a colonial structure and it explores the distortion and appropriation of that new identity that elicit further calls to eradicate negative stereotypes Demonstrating the pervasiveness of the reclamation efforts Buffoonery in Irish Drama covers a wide range of well known and obscure plays to show the trajectory of twentieth century drama that brings us into a globalized twenty first century Ireland [The Oxford Handbook of Modern Irish Theatre](#) Nicholas Grene, Chris Morash, 2016-07-28 The Oxford Handbook of Modern Irish Theatre provides the single most comprehensive survey of the field to be found in a single volume Drawing on more than forty contributors from around the world the book addresses a full range of topics relating to modern Irish theatre from the late nineteenth century to the most recent works of postdramatic devised theatre Ireland has long had an importance in the world of theatre out of all proportion to the size of the country and has been home to four Nobel Laureates Yeats Shaw and Beckett Seamus Heaney while primarily a poet also wrote for the stage This collection begins with the influence of melodrama and looks at arguably the first modern Irish playwright Oscar Wilde before moving into a series of considerations of the Abbey Theatre and Irish modernism Arranged chronologically it explores areas such as women in theatre Irish language theatre and alternative theatres before reaching the major writers of more recent Irish theatre including Brian Friel and Tom Murphy and their successors There are also individual chapters focusing on Beckett and Shaw as well as a series of chapters looking at design acting and theatre architecture The book concludes with an extended survey of the critical literature on the field In each chapter the author does not simply rehearse accepted wisdom all of the contributors push the boundaries of their respective fields so that each chapter is a significant contribution to scholarship in its own right **Inventing the Myth** Connal Parr, 2017-07-21 This book approaches Ulster Protestantism through its theatrical and cultural intersection with politics re establishing a forgotten history and engaging with contemporary debates Anchored by the perspectives of ten writers some of whom have been notably active in political life it uniquely examines tensions going on within Through its exploration of class division and drama from the early twentieth century to the present the book restores the progressive and Labour credentials of the community s recent past along with its literary repercussions both of which appear in recent decades to have diminished Drawing on over sixty interviews

unpublished scripts as well as rarely consulted archival material it shows contrary to a good deal of clichéd polemic and safe scholarly assessment that Ulster Protestants have historically and continually demonstrated a vigorous creative pulse as well as a tendency towards Left wing and class politics St John Ervine Thomas Carnduff John Hewitt Sam Thompson Stewart Parker Graham Reid Ron Hutchinson Marie Jones Christina Reid and Gary Mitchell profoundly challenge as well as reflect their communities Illuminating a diverse and conflicted culture stretching beyond Orange Order parades the weaving together of the lives and work of each of the writers highlights mutual themes and insights on their identity as if part of some grander tapestry of alternative twentieth century Protestant culture Ulster Protestantism's consistent delivery of such dissenting voices counters its monolithic and reactionary reputation

The Abbey Theatre, 1899-1999 Robert Welch, 2003 A century ago this year productions of W B Yeats's *The Countess Cathleen* and Edward Martyn's *The Heather Field* launched what was to become Ireland's National Theatre named after its home on Abbey Street Dublin This is the first history of the Abbey Theatre to set the plays and the personalities in their historical and political context and to describe the theatre's artistic development

Modern Irish Theatre Mary Trotter, 2013-05-08 Analysing major Irish dramas and the artists and companies that performed them *Modern Irish Theatre* provides an engaging and accessible introduction to twentieth century Irish theatre its origins dominant themes relationship to politics and culture and influence on theatre movements around the world By looking at her subject as a performance rather than a literary phenomenon Trotter captures how Irish theatre has actively reflected and shaped debates about Irish culture and identity among audiences artists and critics for over a century This text provides the reader with discussion and analysis of Significant playwrights and companies from Lady Gregory to Brendan Behan to Marina Carr and from the Abbey Theatre to the Lyric Theatre to Field Day Major historical events including the war for Independence the Troubles and the social effects of the Celtic Tiger economy Critical Methodologies how postcolonial diaspora performance gender and cultural theories among others shed light on Irish theatre's political and artistic significance and how it has addressed specific national concerns Because of its comprehensiveness and originality *Modern Irish Theatre* will be of great interest to students and general readers interested in theatre studies cultural studies Irish studies and political performance

The Living Drama Nellie Burget Miller, 1924 This study will endeavor to present in simple and concise form a survey of this continuous dramatic movement from its earliest recorded expression to contemporary moments under a single cover Since to know thoroughly the dramatic output of any one period might command the industry of a lifetime the task is a colossal one and precludes any pretense at completeness the treatment is suggestive rather than informative and should be supplemented by a study of the plays indicated under each section After all the important thing is not the painful piling of fact upon fact but gaining an intelligent working knowledge of the whole and knowing exactly where to turn for detail when it is needed The information has been gathered from many works upon the various phases to which the writer is deeply indebted all of which are indicated in the bibliographies We

purpose then to take a sort of Cook s Tour over the whole domain of the drama touching the main points of interest and leaving the reader to return and explore at leisure Sammlung Douglas Hyde,1991 Contents The Twisting of the Rope The Marriage The Lost Saint The Nativity King James The Bursting of the Bubble The Tinker and the Sheeog The Matchmaking

A History of Irish Theatre 1601-2000 Chris Morash,2002 Chris Morash s widely praised account of Irish Theatre traces an often forgotten history leading up to the Irish Literary Revival He then follows that history to the present by creating a remarkably clear picture of the cultural contexts which produced the playwrights who have been responsible for making Irish theatre s world wide historical and contemporary reputation The main chapters are each followed by shorter chapters focusing on a single night at the theatre This prize winning book is an essential entertaining and highly original guide to the history and performance of Irish theatre
