Selected Poems Of Schuyler:

Selected Poems James Schuyler, 2007-05-15 In *Selected Poems* we experience the full range of James Schuyler's achievement confirming that he was among the late twentieth century's truly vital and distinctive poetic voices. One of the most significant writers of the New York School which unofficially included John Ashbery, Frank O'Hara and Kenneth Koch among others, Schuyler was strongly influenced by both art and music in his work, often incorporating rapid shifts in sound, shape and color within his poems that almost gave his work the effect of a collage and engendered comparisons with Whitman and Rimbaud.

Collected Poems James Schuyler, 1995-09-30 This collection of poetry showcases the unique talent of James Schuyler and highlights the writing that won him a Pulitzer Prize. Schuyler's subject is his life and his poems often read like elegant journal entries. *Publishers Weekly*

Selected Poems James Schuyler, 1990-01-01 James Schuyler's poems are seldom about anything in the way poetry traditionally is; they are the anything. To reread him is to live as though life were an experience one had just forgotten and been newly awakened to. In James Schuyler's *Selected Poems* we are able to experience the full range of his achievement, confirming that he was among the late twentieth century's truly vital and distinctive poetic voices. One of the most significant writers of the New York School which unofficially included John Ashbery, Frank O'Hara and Kenneth Koch among others, Schuyler was strongly influenced by both art and music in his work, often incorporating rapid shifts in sound, shape and color within his poems that gave his work the effect of a collage and engendered comparisons with Whitman and Rimbaud. As Howard Moss wrote: "He was one of the original poets in America with the knack of making the lyric dynamic." *Book jacket*

The Diary of James Schuyler James Schuyler, 1997 The search for ways to contain the evanescence, fragility and ephemeral beauty of the moment has preoccupied lyric poets from Catullus and Herrick to James Schuyler. For Schuyler, indeed, discovering and glowing in the ineffable contingency of the moment was both theme and goal. Nowhere in his work is this more true than in that marvelous celebration of the miracle of impermanence, his remarkable *Diary*, here made available in full for the first time. The *Diary* editor Nathan Kernan has noted: "It is a work of art; it is in a large sense a poem. Stylistically, it is of a piece with Schuyler's poems; it is cut from the same cloth or is in places the cloth from which the poems were cut." The *Diary*'s peculiar combination of fragment, meticulous description, literary allusion, commonplace, book and remembrance is beautiful in its own right and very much a window into the mind that wrote the poems. Nathan Kernan's extremely thoughtful, scrupulous and informed editing provides this long-awaited volume a scholarly care it deserves. Kernan's editorial glosses and biographical sketches on the cast of characters placing Schuyler in a rich social context of poets, artists and friends provide what amounts to a handy thumbnail history of the New York School.

Rethinking the North American Long Poem Ridvan Askin, Julius Greve, 2024-12-15 For centuries critics, poets, poet scholars and philosophers have either openly proclaimed or tacitly assumed the long poem as the highest expression of literary ambition and excellence. *Rethinking the North American Long Poem* focuses on the North American variant of this

notorious form notorious because of its often forbidding and difficult character particularly with respect to the dialectics of content and form aesthetics and politics matter and genre In nine essays and a contextual introduction the editors and contributors scrutinize seminal long poems by North American writers including Walt Whitman's Song of Myself Ezra Pound's The Cantos Muriel Rukeyser's The Book of the Dead and Charles Olson's The Maximus Poems They also explore recent efforts that have redefined or reopened the case of the long poem including Rachel Blau DuPlessis's Drafts M NourbeSe Philip's Zong and Claudia Rankine's Citizen Taking the categories of form matter and experiment as frames of conceptual reference the book examines the ways in which material and immaterial aspects of literary practice and the philosophically and politically inscribed duality of experience and experiment are negotiated in and by North American long poems from the nineteenth century to the present

The New American Poetry, 1945-1960 Donald Allen, 1999 Donald Allen's prophetic anthology had an electrifying effect on two generations at least of American poets and readers More than the repetition of familiar names and ideas that most anthologies seem to be about here was the declaration of a collective intelligent and thoroughly visionary work in progress the primary example for its time of the anthology as manifesto Its republication today complete with poems statements on poetics and autobiographical projections provides us again with a model of how a contemporary anthology can and should be shaped In these essentials it remains as fresh and useful a guide as it was in 1960 Jerome Rothenberg editor of Poems for the Millennium The New American Poetry is a crucial cultural document central to defining the poetics and the broader cultural dynamics of a particular historical moment Alan Golding author of From Outlaw to Classic Canons in American Poetry

The Last Avant-Garde David Lehman, 1999-11-09 A landmark work of cultural history that tells the story of how four young poets John Ashbery Frank O'Hara James Schuyler and Kenneth Koch reinvented literature and turned New York into the art capital of the world Greenwich Village New York circa 1951 Every night at a rundown tavern with a magnificent bar called the Cedar Tavern an extraordinary group of painters writers poets and hangers on arrive to drink argue tell jokes fight start affairs and bang out a powerful new aesthetic Their style is playful irreverent tradition shattering and brilliant Out of these friendships and these conversations will come the works of art and poetry that will define New York City as the capital of world culture abstract expressionism and the New York School of Poetry A richly detailed portrait of one of the great movements in American arts and letters The Last Avant Garde covers the years 1948-1966 and focuses on four fast friends the poets Frank O'Hara James Schuyler John Ashbery and Kenneth Koch Lehman brings to vivid life the extraordinary creative ferment of the time and places the relationship of great friendship to art and the powerful influence that a group of visual artists especially Jane Freilicher Larry Rivers and Fairfield Porter had on the literary efforts of the New York School The Last Avant Garde is both a definitive and lively view of a quintessentially American aesthetic and an exploration of the dynamics of creativity

Joe Brainard's Art Yasmine Shamma, 2019-03-14 This collection offers the first place for the importance of Brainard's poetry collaborations and art to be recognised for their

contribution and influence all in one place Chapters into Verse: Poetry in English Inspired by the Bible Robert Atwan, Laurance Wieder, 1993-05-06 For generations poets have turned to the Bible for insight and inspiration What did so many creative minds find in scripture Is the Bible still a vital source of poetic inspirations Chapters Into Verse is the first comprehensive collection ever made of poems written in English inspired by the Bible A groundbreaking anthology it introduces readers to a distinct heritage of English poetry the scriptural tradition Though frequently ignored and sometimes suppressed this tradition rivals the classical and is every bit as venerable Drawing a unique map of the history of English poetry the two volumes of Chapters Into Verse survey and define the literary legacy of the Scriptures from the fourteenth century to the present Each volume is arranged in scriptural order and each poem is preceded by the biblical passage that inspired it Thus readers can conveniently witness the various ways sacred text has sparked the imagination of poets throughout the ages In Volume I which covers Genesis to Malachi almost every book of the Old Testament is represented The collection features verses both famous and unfamiliar from Milton's Paradise Lost and Lord Byron's Hebrew Melodies to Christopher Smart's hymns and Mary Herbert's psalms The editors have included poems by virtually all the prominent religious poets among them John Donne George Herbert Henry Vaughan Edward Taylor and Gerard Manley Hopkins Included too are devotional and visionary works from a wide range of vintage poets Robert Burns William Blake Walt Whitman Emily Dickinson Christina Rossetti Alfred Tennyson and Robert Browning Proving that the Bible is just as powerful a source of inspiration today as it was in the past the collection assembles a mixed congregation of modern and contemporary poets such as Marianne Moore Delmore Schwartz Dylan Thomas Robert Frost William Carlos Williams Countee Cullen e e cummings William Butler Yeats Robert Lowell Hugh MacDiarmid Laura Riding Jackson Charles Reznikoff A D Hope Geoffrey Hill Denise Levertov Philip Levine John Ashbery and Derek Walcott Of enduring interest to readers of both scripture and literature this anthology illuminates key passages of the Old Testament The measured speech and inspired leaps of poetry offer a spirited alternative to the textual exegesis usually supplied by prose commentary As such Chapters Into Verse is truly a poets Bible In selection after selection readers will encounter an astonishing variety of religious experiences as a host of poets from many eras and many backgrounds respond to Holy Scripture spiritually profoundly and imaginatively

Poetics of Emergence Benjamin Lee, 2020-07-15 Experimental poetry responded to historical change in the decades after World War II with an attitude of such casual and reckless originality that its insights have often been overlooked However as Benjamin Lee argues to ignore the scenes of self and the historical occasions captured by experimental poets during the 1950s and 1960s is to overlook a rich and instructive resource for our own complicated transition into the twenty first century Frank O'Hara and fellow experimental poets like Amiri Baraka Diane di Prima and Allen Ginsberg offer us a set of perceptive responses to Cold War culture lyric meditations on consequential changes in U S social life and politics including the decline of the Old Left the rise of white collar workers and the emergence of vernacular practices like hipsterism and

camp At the same time they offer us opportunities to anatomize our own desire for historical significance and belonging a desire we may well see reflected and reconfigured in the work of these poets
