Selected Works Of Jawaharlal Nehru Second Series Vol 28 1 February 31 May 1955:

The Cold War in South Asia Paul M. McGarr, 2013-08-01 The Cold War in South Asia provides the first comprehensive and transnational history of Anglo American relations with South Asia during a seminal period in the history of the Indian Subcontinent between independence in the late 1940s and the height of the Cold War in the late 1960s Drawing upon significant new evidence from British American Indian and Eastern bloc archives the book re examines how and why the Cold War in South Asia evolved in the way that it did at a time when the national leaderships geopolitical outlooks and regional aspirations of India Pakistan and their superpower suitors were in a state of considerable flux The book probes the factors which encouraged the governments of Britain and the United States to work so closely together in South Asia during the two decades after independence and suggests what benefits if any Anglo American intervention in South Asia s affairs delivered and to whom

Spying in South Asia Paul M. McGarr, 2024-09-12 In this first comprehensive history of India s secret Cold War Paul McGarr tells the story of Indian politicians human rights activists and journalists as they fought against or collaborated with members of the British and US intelligence services The interventions of these agents have had a significant and enduring impact on the political and social fabric of South Asia The spectre of a foreign hand or external intelligence activity real and imagined has occupied a prominent place in India s political discourse journalism and cultural production Spying in South Asia probes the nexus between intelligence and statecraft in South Asia and the relationships between agencies and governments forged to promote democracy McGarr asks why in contrast to Western assumptions about surveillance South Asians associate intelligence with covert action grand conspiracy and justifications for repression In doing so he uncovers a fifty year battle for hearts and minds in the Indian subcontinent

The Making of Indian Diplomacy Deep K. Datta-Ray, 2015-05-21 Breaks from the argument that for Indians the moment of colonial liberation was a false one as the colonized had internalized European practices

Eisenhower & Cambodia William J. Rust, 2016-06-10 This historical study examines America s Cold War diplomacy and covert operations intended to lure Cambodia from neutrality to alliance Although most Americans paid little attention to Cambodia during Dwight D Eisenhower s presidency the global ideological struggle with the Soviet Union guaranteed US vigilance throughout Southeast Asia Cambodia s leader Norodom Sihanouk refused to take sides in the Cold War a policy that disturbed US officials From 1953 to 1961 his government avoided the political and military crises of neighboring Laos and South Vietnam However relations between Cambodia and the United States suffered a blow in 1959 when Sihanouk discovered CIA involvement in a plot to overthrow him The failed coup only increased Sihanouk s power and prestige presenting new foreign policy challenges in the region In *Eisenhower and Cambodia* William J Rust demonstrates that covert intervention in the political affairs of Cambodia proved to be a counterproductive tactic for advancing the United States anticommunist goals Drawing on recently declassified sources Rust skillfully traces the impact of plausible deniability on the formulation and execution of foreign policy His meticulous study not

only reveals a neglected chapter in Cold War history but also illuminates the intellectual and political origins of US strategy in Vietnam and the often hidden influence of intelligence operations in foreign affairs

Conventional Warfare in South Asia, 1947 to the Present Kaushik Roy, 2017-03-02 The essays included in this volume focus on conventional war on land sea and air fought by the states of South Asia and their impact on the host societies and economies The authors are drawn from academia and the military in India and Pakistan as well as from outside the subcontinent in order to give a wide perspective In the introduction the editors describe the changing contours of warfare in South Asia and the similarities and dissimilarities with warfare in the Middle East and South East Asia The volume highlights the influence of extra regional powers like China Russia and the US in providing arms munitions and shaping the texture of military doctrines and force structures of the South Asian powers

Cold War Summits Chris Tudda, 2015-10-29 CHOICE Outstanding Academic Title 2016 This book examines six summits spanning the beginning and the end of the Cold War Using declassified documents from U S British and other archives Chris Tudda shows how the Cold War developed from an ideological struggle between capitalism and communism into a truly global struggle From Potsdam in 1945 to Malta in 1989 the nuclear superpowers met to determine how to end World War II manage the arms race and ultimately end the Cold War Meanwhile the newly independent nations of the Third World including the People's Republic of China became active and respected members of the international community determined to manage their own fates independent of the superpowers The six summits Potsdam 1945 Bandung 1955 Glassboro 1967 Beijing 1972 Vienna 1972 and Malta 1989 are here examined together in a single volume for the first time An introductory

essay provides a historiographical analysis of Cold War summitry while the conclusion ties the summits together and demonstrates how the history of the Cold War can be understood not only by examining the meetings between the superpowers but also by analyzing how the developing nations became agents of change and thus affected international relations

Nuclear Deterrence in Southern Asia Arpit Rajain, 2005-05 This important and topical book examines the triangular relationship of China India and Pakistan through the prism of nuclear deterrence The author highlights the interplay and role of strategic culture nuclear weaponisation and deployment command and control arms control non state actors and foreign policy issues which affect relations between the three countries With two main purposes a conceptual investigation into the notion of deterrence and a study of the theory and practice of limited war this book addresses the strategic political and military dimensions of the role of nuclear weapons through examples of the only cases of nuclear weapon states having gone into armed conflict the Cuban missile crisis the Ussuri river clashes and the Kargil conflict discusses the various pressures exerted on decision makers in the context of the notions of deterrence the rational deterrence model and a limited war under a nuclear umbrella evaluates all three countries with regard to their strategic culture the role of nuclear weapons in their military strategy the nature of public opinion and political rhetoric responses to the various arms control treaties and foreign policy choices Based on a variety of sources including interviews with key individuals in various sector this is the first book length study of the triangular relationship between China India and Pakistan

Wronged by Empire Manjari Chatterjee Miller, 2013-08-21 Although India and China have very different experiences of colonialism they respond to that history in a similar way by treating it as a collective trauma As a result they have a strong sense of victimization that affects their foreign policy decisions even today Wronged by Empire breaks new ground by blending this historical phenomenon colonialism with mixed methods including archival research newspaper data mining and a new statistical method of content analysis to explain the foreign policy choices of India and China two countries that are continuously discussed but very rarely rigorously compared By reference to their colonial past Manjari Chatterjee Miller explains their puzzling behavior today More broadly she argues that the transformative historical experience of a large category of actors ex colonies who have previously been neglected in the study of international relations can be used as a method to categorize states in the international system In the process Miller offers a more inclusive way to analyze states than do traditional theories of international relations
