

The background of the slide features a stack of old, leather-bound books on the left and a sepia-toned photograph of a landscape in the foreground. The photograph shows a dark, silhouetted foreground, possibly a body of water or a field, with a lighter, hazy horizon. The overall lighting is soft and warm, suggesting an indoor setting with natural light.

R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries *A Select Analytical List of Books Concerning the Great War* George Walter Prothero, 1923 *Cautionary Verses* Hilaire Belloc, 1995 This is a much loved classic for children aged six upwards and adults alike This collection of poems is a truly unforgettable book of moral instruction The original illustrations by B T B are coupled with new pictures by Quentin Blake *Voice and Versification in Translating Poems* James W. Underhill, 2016-12-09 Great poets like Shelley and Goethe have made the claim that translating poems is impossible And yet poems are translated not only that but the metrical systems of English French Italian German Russian and Czech have been shaped by the translation of poems Our poetic traditions are inspired by translations of Homer Dante Goethe and Baudelaire How can we explain this paradox James W

Underhill responds by offering an informed account of meter rhythm rhyme and versification But more than that the author stresses that what is important in the poem and what must be preserved in the translated poem is the voice that emerges in the versification Underhill's book draws on the author's translation experience from French Czech and German His comparative analysis of the versifications of French and English have enabled him to revise the key terms involved in translating the poetic voice and transposing the poem's versification The theories of versification from the Prague School of Linguistics the French and Swiss schools of versification and recent scholarship in metrics and rhythm in the UK and in the USA have been integrated into this synthetic but rigorously coherent approach to translating poems The extensive glossary at the end of the book will prove useful for both students and teachers alike And the detailed case studies on translating poems by Baudelaire and Emily Dickinson allow the author to categorize and appraise the various poetic and aesthetic strategies and theories that are brought to bear in translating Baudelaire into English and Dickinson into French Published in English

The Compass of Irony D. C. Muecke, 2021-06-23 First published in 1969 The Compass of Irony is a detailed study of the nature qualities classifications and significance of irony Divided into two parts the book offers first a general account of the formal qualities of irony and a classification of the more familiar kinds It then explores newer forms of irony its functions topics and cultural significance A wide variety of examples are drawn from a range of different authors such as Musil Diderot Schlegel and Thomas Mann The final chapter considers the detachment and seeming superiority of the ironist and discusses what this means for the morality of irony The Compass of Irony will appeal to anyone with an interest in the history of irony as both a literary and a cultural phenomenon
