Werner's Voice Magazine ,1889 **Library Journal** ,1992 **The Urban Sublime in American Literary Naturalism** Christophe Den Tandt,1998 In this dynamic reappraisal of American literary naturalism Christophe Den Tandt connects late nineteenth century fiction to its romantic urban gothic roots and to recent discussions of the sublime in postmodern theory Den Tandt focuses on aspects of naturalist novels their use of hyperbole and hysteria of the grotesque and the abject of uncanniness and mesmerism that have often been left in the periphery of naturalist discourse He argues that realistic strategies of literary representation can never succeed in depicting the urban environment since the logic of the city rests on a network of hidden relations Naturalist texts try to resolve this dilemma by opposing sublime components and realistic documentary elements

Women's Voices in Digital Media Jennifer O'Meara,2022-04-26 2023 Publication Award Honorable Mention British Association for Film Television and Screen Studies An examination of the sound and silence of women in digital media In today s digital era women s voices are heard everywhere from smart home devices to social media platforms virtual reality podcasts and even memes but these new forms of communication are often accompanied by dated gender politics In Women s Voices in Digital Media Jennifer O Meara dives into new and well established media formats to show how contemporary screen media and cultural practices police and fetishize women s voices but also provide exciting new ways to amplify and empower them As she travels through the digital world O Meara discovers newly acknowledged or newly erased female voice actors from classic films on YouTube meets the AI and digital avatars in Her and The Congress and hears women s voices being disembodied in new ways via podcasts and VR voice overs She engages with dialogue that is spreading with only the memory of a voice looking at how popular media like Clueless and The Simpsons have been mined for feminist memes and encounters vocal ventriloquism on RuPaul s Drag Race that queers and valorizes the female voice Through these detailed case studies O Meara argues that the digital proliferation of screens alters the reception of sounds as much as that of images with substantial implications for women s voices
