Selected Poems of Alexander Pope Alexander Pope, 1964 *Selected Poems of Alexander Pope* Alexander Pope, 2017-11-25 Excerpt from *Selected Poems of Alexander Pope* Edited With an Introduction and Commentary Alexander Pope was born in London in 1688 His father who was a linen draper by trade was the son of a clergyman of the Church of England but had been converted in youth to Roman Catholicism Not long after the poet's birth his father retired to Binfield in Windsor Forest As a Roman Catholic the young Pope was debarred from entering Public School or University He was educated privately by priests but also read widely for himself especially in the Latin English French and Italian poets His health was severely injured whether by illness or accident is not certain at the age of twelve and Pope grew up stunted in stature and with a spinal curvature which rendered him hunch backed His poetic talents appeared very early and were encouraged by his father While still a child he wrote a play based on Homer's Iliad to be acted by himself and his companions Some of the pieces printed among the Minor Poems at the end of the present selection date from his teens while the Pastorals his first published work date from his sixteenth year By this time Pope had already attracted the attention of several neighbouring gentry with literary tastes Among these were the poet and critic Walsh to whom the Pastorals were to be dedicated and the old dramatist Wycherley Pope's Pastorals which had circulated in manuscript came to the notice of the eminent London publisher and bookseller Jacob Tonson who printed them in his Miscellany for 1709 Pope now began to frequent London literary circles and at first was drawn into that of Addison whose meeting place was Button's Coffee House To this period belong such characteristic early poems as An Essay on Criticism 1711 and The Rape of the Lock Windsor Forest besides paying tribute to the countryside of Pope's boyhood concluded with a passage prophesying a coming age of peace and prosperity as a result of the Peace of Utrecht whereby Queen Anne's Tory ministry had ended the war with France Addison and his friends were Whigs but the sympathies of Pope as a Roman Catholic were inevitably with the Tories It is not therefore surprising that he should move away from Addison's circle He had already quarrelled with one of its members Ambrose Philips over the merits of their respective Pastorals About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Alexander
