Selected Tales and Poems Herman Melville,1961 Selected tales and poems by Herman Melville Herman Melville,1959 **Selected Tales and Poems by Herman Melville** Richard Chase,1957 **Selected Poems of Herman**

Melville Herman Melville,2004 Whitman and Dickinson are the two greatest American poets of the nineteenth century but who is the third Some critics say Whittier others say Poe and these days an increasing number say Herman Melville The revaluation of Melville s poetry is due in large part to the influence of this landmark volume for Melville the poet has never found a more judicious eloquent or persuasive champion than Robert Penn Warren Herman Melville Corey Evan Thompson,2021-06-24 This reference work covers both Herman Melville s life and writings It includes a biography and detailed information on his works on the important themes contained therein and on the significant people and places in his life The appendices include suggestions for further reading of both literary and cultural criticism an essay on Melville s lasting cultural influence and information on both the fictional ships in his works and the real life ones on which he sailed

Billy Budd, Sailor and Selected Tales Herman Melville,2009-02-26 Truth uncompromisingly told will always have its ragged edges So wrote Melville of Billy Budd Sailor among the greatest of his works and in its richness and ambiguity among the most problematic As the critic E L Grant Watson writes In this short history of the impressment and hanging of a handsome sailor boy are to be discovered problems as profound as those which puzzle us in the pages of the Gospels Outwardly a compelling narrative of events aboard a British man of war during the turmoil of the Napoleonic Wars Billy Budd Sailor is a nautical recasting of the Fall a parable of good and evil a meditation on justice and political governance and a searching portrait of three extraordinary men The passion it has aroused in its readers over the years is a measure of how deeply it addresses some of the fundamental questions of experience that every age must reexamine for itself The selection in this volume represents the best of Melville s shorter fiction and uses the most authoritative texts The eight shorter tales included here were composed during Melville s years as a magazine writer in the mid 1850 s and establish him along with Hawthorne and Poe as the greatest American story writer of his age Several of the tales Bartleby the Scrivener Benito Cereno The Encantadas The Paradise of Bachelors and the Tartarus of Maids are acknowledged masterpieces of their genres All show Melville a master of irony point of view and tone whose fables ripple out in nearly endless circles of meaning ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more **Herman Melville** Harold Bloom,2008 Presents a collection of criticism devoted to the work of American author Herman Melville The Piazza Tales Herman Melville,1987 **Melville's Antithetical Muse** Juana Celia Djelal,2017-07-27 Este estudio analiza la po tica de oposici n de Melville y se centra en

aspectos locales temáticos retóricos y técnicos de los poemas del autor La tensa relación de Melville con su país ensayada en sus novelas se condensa en la poesía que se analiza aquí Como poeta Melville es por increíble que parezca una voz que clama en tierra salvaje con la extensa tradición de los clásicos occidentales y de la Biblia que se repiten en estos poemas Las obras analizadas en este libro han sido seleccionadas de las tres colecciones de poesía publicadas durante la vida de Melville *Battle Pieces and Aspects of the War* John Marr and Other Sailors with Some Sea Pieces y *Timoleon* Etc La disensión que emana de este corpus poético subraya el inconformismo de Melville con las expectativas ortodoxas de la América de finales del siglo XIX

Tales, Poems, and Other Writings Herman Melville, 2002-07-09 From short masterpieces like *Bartleby the Scrivener* and *Billy Budd* to more obscure even completely unknown works like the epic poem *Clarel* Melville's stories and poems rank among his greatest and most gripping work This unique anthology the first of its kind in fifty years gathers together all of Melville's tales as well as a judiciously edited array of his prose poems literary criticism letters lectures and poetry Though few realize it today poetry was Melville's abiding passion yet his poetry has never received the recognition it deserves until now Containing many writings available nowhere else and edited by leading Melville scholar John Bryant *Tales Poems and Other Writings* includes a comprehensive introductory essay and extensive in many cases groundbreaking editorial commentary It opens a window onto Melville's writing process he was a ceaseless reviser and experimenter and reveals his career long evolution as a writer as well as the full breadth of his literary achievement And it marks a new stage in our ability to appreciate not only the work of one of our greatest writers but the immense dedication that lay behind it John Bryant is a professor of English at Hofstra University He has published five books and numerous articles on Melville and is the editor of the Penguin Classics edition of *Typee* and the Modern Library edition of *The Confidence Man* He has been the general editor of the Melville Society one of the oldest and largest single author societies in America since 1990
