Selections From The Reciprocal Services Between Islam And Iran:

The reciprocal services between Islam and Iran Murtazá Muṭahhārī, 2004 *Selections from The Reciprocal Services Between Islam and Iran* Murtaḍā Muṭahhārī, 2004 National Symbols in Modern Iran Menahem Merhav, 2019-12-03 Now more than ever the role of icons and monuments in shaping a national identity is a subject of vital importance to scholars of both nationalism and memory studies While the nation state undoubtedly has a powerful influence on a society's cultural memory it cannot necessarily control the ways in which icons are perceived Once created national symbols and perceptions of them take on a life of their own Taking an innovative approach to the study of Iranian nationalism Merhav examines the way symbols from Iran's past have played an important role in the struggles between political religious and ideological movements over legitimacy in the last five decades Using a rich variety of primary sources he traces the process by which these symbols have been appropriated rejected and reinterpreted by the Pahlavi state the Islamic opposition and finally the Islamic Republic In doing so this volume contributes to our understanding of cultural symbols that survive political upheavals dramatic and significant as they may be It also contributes to the growing body of literature that challenges the state centered perspective of much research on modern Iran by exposing the ever growing importance of civil society in the Iranian public sphere from the second half of the twentieth century onward **Training and Education in Islam** Murtada Mutahhari, 2011-01-01 The twentieth century saw heightened tension between religious and secular approaches to education In this era of cataclysmic social change Mutahhari presented this Islamic perspective on training and education using his signature approach of applying traditional Islamic sources to contemporary questions Although in his time rote learning was prized Mutahhari emphasised the importance of critical thinking skills He also emphasised education outside of the classroom such as learning through work Taking a holistic perspective he discussed the importance of spiritual and moral training worship as a means of personal development and the importance of developing self esteem Although delivered in the 1970s these lectures remain essential reading for anyone involved in training or education Iran Nuclear Accord and the Remaking of the Middle East Nader Entessar, Kaveh L. Afrasiabi, 2017-12-20 Entessar Afrasiabi's Iran Nuclear Negotiations Rowman Littlefield October 2015 offered a thorough analysis of the negotiation process between Iran and the 5 1 great powers about its nuclear program This book essentially builds upon it focusing this time on the final nuclear agreement the ensuing debates around it and its global and regional ramifications especially in the Middle East The first section analyzes the agreement through the prism of international relations theories using a constructivist critical theory approach This is followed by an overview of the intense debates in Iran the West and other parts of the world on the nuclear agreement and its various pros and cons not to mention the connected yet separate Iran IAEA agreement The second section covers Iran's foreign policy and its various priorities looking in particular at the impact of the nuclear deal on the country's external relations and orientations contextualized in terms of pre-existing issues and concerns and the profound influence of

the nuclear agreement on the perceptions of Iranian power in the region and beyond Iran's relations with its Arab Turkish Russian and other neighbors are discussed focusing on both the direct and indirect impact of the nuclear agreement on these relations especially the paradoxical implications of the nuclear deal with respect to the non nuclear crises in the Middle East such as the Syria Iraq crisis and the re-alignments that have put Iran at the crossroads of East and West Other issues covered include energy security regional economic cooperation the endemic sectarianism highlighted by Iran Saudi competition and the deadlock on the Middle East peace process The third section then examines the issue of a Middle East nuclear weapons free zone and the likely consequences of the Iran nuclear deal on this prospect which in turn raises the issue of regional proliferation and counterproliferation The last section explores some possible various scenarios and the challenges of implementation as a relatively long term agreement providing specific policy recommendations for the regional actors and the external powers that are stakeholders in the volatile Middle East Two Centuries of Silence Avid Kamgar, 2016-08-19

How Farsi language broke its two centuries of silence This book is the translation of Do Gharn Sokoot into English by an Iranian scientist and scholar Two Centuries of silence is the saga of 200 years of struggle by Iranians in order to free themselves from the yoke of Muslim Arabs elegantly and passionately told by Abdolhossein Zarinkoob The book elucidates the key reasons for the success of Muslim Arabs in their assault on Iran a fact that was not written in the stars nor was it an act of God For its readers this translation hopes to shed light on what forms the foundation of today's Iran and helping bring some understanding of Iranians and their culture The fall of Nahavand in 642 CE marked the end of a glorious fourteenth century history of Iran a fascinating and dynamic history spanning the years from 700 BCE to 700 CE For two centuries thereafter a brutally long chilling silence cast its shadow over the history and language of Iran Professor Zarinkoob explores the reason behind the Sasanian downfall and how the uncouth Bedouins triumphed over an immense and glorious civilization such as that During these two centuries about which our recent historians have remained silent why did Farsi become a lost language obscure and traceless In the time when Iranian swordsmen revolted against the Arabs under any pretext fighting the Arabs and Muslims how did Zoroastrian priests argue and debate in the light of knowledge and wisdom against the Muslim faith Finally why a book that tells the tale of a most turbulent period of Iran's history is titled Two Centuries of Silence and not Two Centuries of Chaos and Uproar Prof Zarinkoob's colorful narrative unravels these mysteries through Iranian eyes and is delivered here only as they may Iran-U.S. Claims Tribunal Reports: Volume 8 J.
