

Selective Assassination as an Instrument of National Policy

Selective Assassination As An Instrument Of National Policy

Henry W. Prunckun, Hank Prunckun

Selective Assassination As An Instrument Of National Policy:

Selective Assassination As An Instrument Of Foreign Policy U.S. Government, 2002-01-01 How far should the United States as a free and democratic nation go to stop the constant encroachment by terrorists and other extremists upon not only its people but also the freedoms that form the very basis for our society In the spirit of preserving American freedoms the United States already employs U S Army Special Forces to engage in unconventional warfare But what happens when these military operations fail in situations of vital consequence Should we take unconventional warfare one step further using assassination to achieve political and military objectives Would we be justified in eliminating a single enemy to prevent the widespread death and destruction inherent in modern war This U S government document examines the moral issues involved in the adoption of selective assassination as an instrument of national policy and outlines the origin and history of the practice That aside it discusses in detail the planning and control of such an operation to reduce the risk of failure or compromise Selective Assassination as an Instrument of National Policy raises the question of whether the moral laws which have governed civilized nations in the past will be adequate in the face of present and future threats by terrorists and terrorist nations It concludes that they will not that the United States must seriously consider using selective assassination as a refinement of the tactics of unconventional warfare in order to permit greater flexibility in the attainment of its military and political goals

Forbidden Bookshelf Presents Christopher Simpson Christopher Simpson, 2018-10-23 Three provocative exposés from a National Jewish Book Award winning journalist address the CIA's recruitment of Nazis and use of psychological warfare The Splendid Blond Beast This groundbreaking investigation into the CIA's post World War II liberation and recruitment of Nazi war criminals including the pivotal role played by CIA director Allen Dulles traces the roots not only of US government malfeasance but of mass murder as an instrument of financial gain and state power from the Armenian genocide during World War I to Hitler's Holocaust through the practice of genocide today Revelatory and shocking Kirkus Reviews Blowback The true story of how US intelligence organizations employed Nazi war criminals in clandestine warfare and propaganda against the USSR anticolonial revolutionaries and progressive movements worldwide that were claimed to be Soviet pawns The story is one that needs to be told and Blowback makes a major contribution to its telling supplementing a thorough collation of known cases with ample new research The New York Times Science of Coercion Drawing on long classified documents from the Pentagon the CIA and other national security agencies Simpson exposes secret government funded research into psychological warfare and reveals that many of the most respected pioneers in the field of communication science were knowingly complicit as their findings were employed for the purposes of propaganda subversion intimidation and counterinsurgency during the Cold War era An intriguing picture of the relations between state power and the intellectual community Noam Chomsky Massachusetts Institute of Technology Blowback Christopher Simpson, 2014-06-10 A searing account of a dark chapter in U S Cold War history to help the anti Soviet aims of American

intelligence and national security agencies Library Journal Even before the final shots of World War II were fired another war began a cold war that pitted the United States against its former ally the Soviet Union As the Soviets consolidated power in Eastern Europe the CIA scrambled to gain the upper hand against new enemies worldwide To this end senior officials at the CIA National Security Council and other elements of the emerging US national security state turned to thousands of former Nazis Waffen Secret Service and Nazi collaborators for propaganda psychological warfare and military operations Many new recruits were clearly responsible for the deaths of countless innocents as part of Adolph Hitler s Final Solution yet were whitewashed and claimed to be valuable intelligence assets Unrepentant mass murderers were secretly accepted into the American fold their crimes forgotten and forgiven with the willing complicity of the US government Blowback is the first thorough scholarly study of the US government s extensive recruitment of Nazis and fascist collaborators right after the war Although others have approached the topic since Simpson s book remains the essential starting point The author demonstrates how this secret policy of collaboration only served to intensify the Cold War and has had lasting detrimental effects on the American government and society that endure to this day **Cyber Weaponry** Henry Prunckun,2018-04-04

There is little doubt that cyber space has become the battle space for confrontations However to conduct cyber operations a new armory of weapons needs to be employed No matter how many or how sophisticated an aggressor s kinetic weapons are they are useless in cyber space This book looks at the milieu of the cyber weapons industry as well as the belligerents who use cyber weapons It discusses what distinguishes these hardware devices and software programs from computer science in general It does this by focusing on specific aspects of the topic contextual issues of why cyber space is the new battleground defensive cyber weapons offensive cyber weapons dual use weapons and the implications these weapons systems have for practice Contrary to popular opinion the use of cyber weapons is not limited to nation states though this is where the bulk of news reporting focuses The reality is that there isn t a sector of the political economy that is immune to cyber skirmishes So this book looks at cyber weapons not only by national security agencies and the military but also by law enforcement and the business sector the latter includes administrations termed non government organisations NGOs This book offers study material suitable for a wide ranging audience students professionals researchers policy officers and ICT specialists

Essays on Law and War at the Fault Lines Michael N. Schmitt,2011-11-15 This collection of essays by Professor Michael N Schmitt of Durham University draws together those of his articles published over the past two decades that have explored particular fault lines in the law of armed conflict As such they examine the complex interplay between warfare and law seeking to identify where the law and warfare appear to diverge and where such apparent divergence can be accommodated through contextual interpretation of the law Each essay examines a particular issue in either the jus ad bellum the law governing resort to force or jus in bello international humanitarian law that has proven contentious in terms of applying extant norms to the evolving face of armed conflict Among the topics addressed are counter terrorism cyber

operations asymmetrical warfare assassination environmental warfare and the participation of civilians in hostilities

Shadow of Death Henry W. Prunckun, Hank Prunckun, 1995-08-29 Dozens of illustrations tables of terrorist data a name and pseudonym index lists of booksellers and dealers journals and a catalog of databases that address the topics covered The bibliography presents such topics as anarchism arms dealing the IRA legal issues media coverage mercenaries neo Nazi activities piracy racial violence revolutions state terrorism and terrorist weapons *Bombing to Win* Robert A.

Pape, 2014-04-11 From Iraq to Bosnia to North Korea the first question in American foreign policy debates is increasingly Can air power alone do the job Robert A Pape provides a systematic answer Analyzing the results of over thirty air campaigns including a detailed reconstruction of the Gulf War he argues that the key to success is attacking the enemy's military strategy not its economy people or leaders Coercive air power can succeed but not as cheaply as air enthusiasts would like to believe Pape examines the air raids on Germany Japan Korea Vietnam and Iraq as well as those of Israel versus Egypt providing details of bombing and governmental decision making His detailed narratives of the strategic effectiveness of bombing range from the classical cases of World War II to an extraordinary reconstruction of airpower use in the Gulf War based on recently declassified documents In this now classic work of the theory and practice of airpower and its political effects Robert A Pape helps military strategists and policy makers judge the purpose of various air strategies and helps general readers understand the policy debates **Selective Assassination as an Instrument of National Policy**

Loompanics Unlimited, 1990 Gezielte Tötung Armin Krishnan, 2012-09-09 Die Kriege der Zukunft finden bereits heute und im Geheimen statt Ihre Strategie stützt sich auf Drohnen Nanobewaffnung und gezielte Tötungen Diese Individualisierung des Krieges wirft dabei viele neue ethische und politische Fragen auf denen sich Krishnan in diesem militärstrategischen und philosophischen Essay unerschrocken stellt Er diskutiert die Gründe der zunehmenden Individualisierung ihre militärische und politische Notwendigkeit aber auch ihre ethische Fragwürdigkeit Brauchen wir eine neue Genfer Konvention **English Journal**, 1999

Selective Assassination As An Instrument Of National Policy Introduction

In the digital age, access to information has become easier than ever before. The ability to download Selective Assassination As An Instrument Of National Policy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Selective Assassination As An Instrument Of National Policy has opened up a world of possibilities. Downloading Selective Assassination As An Instrument Of National Policy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Selective Assassination As An Instrument Of National Policy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Selective Assassination As An Instrument Of National Policy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Selective Assassination As An Instrument Of National Policy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Selective Assassination As An Instrument Of National

Policy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Selective Assassination As An Instrument Of National Policy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Selective Assassination As An Instrument Of National Policy Books

1. Where can I buy Selective Assassination As An Instrument Of National Policy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
