structural change has usually been asserted rather than demonstrated Through an extensive review of data from field work in a multi national corporation Catherine Casey changes this She knows that changes currently occurring in the world of work are part of the vast social and cultural changes that are challenging the assumptions of modern industrialism These events affect what people do everyday and they are altering relations among ourselves and with the physical world This valuable book is not only a critical analysis of the transformations occurring in the world of work but an exploration of the effects of contemporary practices of work on the self Exploring Self and Society Rosamund Billington,Sheelagh Strawbridge,Jenny Hockey,1998-06-24 This text addresses contemporary society in an immediate and thought provoking manner and will be a timely and topical introduction to the dynamic and critical dimensions of sociology It adopts a broad social science approach which reflects both the authors competencies and also the widening and overlaying boundaries of the social sciences Starting with the problem oriented agenda of the social sciences it explores the tensions between structure agency and process via the idea of a structure bound and yet creative and participatory self **Body, Self, and Society** Anne E. Becker,2013-11-25 Anne E Becker examines the cultural context of the embodied self through her ethnography of bodily aesthetics food exchange care and social relationships in Fiji She contrasts the cultivation of the body self in Fijian and American society arguing that the motivation of Americans to work on their bodies shapes as a personal endeavor is permitted by their notion that the self is individuated and autonomous On the other hand because Fijians concern themselves with the cultivation of social relationships largely expressed through nurturing and food exchange there is a vested interest in cultivating others bodies rather than one s own Semiotics, Self, and Society Benjamin Lee,Greg Urban,2015-03-30 No detailed description available for Semiotics Self and Society
