Self Coaching How To Solve Executive Coaching Issues:

Coaching College Students with Executive Function Problems Mary R. T. Kennedy, 2017-05-10 Although executive function difficulties are often addressed in school age children there are few resources showing professionals how to help these individuals when they are older This book presents a dynamic coaching model that helps college students become self regulated learners by improving their goal setting planning time management and organizational skills Ideal for use with students with attention deficit hyperactivity disorder ADHD learning disabilities acquired brain injury and other challenges Mary R T Kennedy s approach incorporates motivational interviewing and emphasizes practical problem solving User friendly features include numerous concrete examples sample dialogues and print and online resource listings In a large size format for easy photocopying the book contains 21 reproducible forms Purchasers get access to a Web page where they can download and print the reproducible materials for repeated use

Handbook of Research on Positive Organizational Behavior for Improved Workplace Performance Baykal, Elif, 2019-11-15 Positive psychology focuses on finding the best one has to offer and repairing the worst to such a degree that one becomes a more responsible nurturing and altruistic citizen However since businesses are composed of groups and networks using positive psychology in the workplace requires applications at both the individual and the group levels There is a need for current studies that examine the practices and efficacy of positive psychology in creating organizational harmony by increasing an individual s wellbeing The Handbook of Research on Positive Organizational Behavior for Improved Workplace Performance is a collection of innovative research that combines the theory and practice of positive psychology as a means of ensuring happier employees and higher productivity within an organization Featuring coverage on a broad range of topics such as team building spirituality and ethical leadership this publication is ideally designed for human resources professionals psychologists entrepreneurs executives managers organizational leaders researchers academicians and students seeking current research on methods of nurturing talent and empowering individuals to lead more fulfilled constructive lives within the workplace

Managing Marketing Profitability Sanford R. Simon, 1969 Study of management problems in respect of marketing profitability with particular reference to the USA covers theoretical aspects of profitability measurement profit planning costing budgeting production control price policy managerial accounting etc

Evidence-based Strength Intervention in Multiple Contexts Wenjie Duan, Guannan Bai, Wanzhen Chen, Xiaoqing Tang, Chen Zheng, 2022-12-05

Educational Leadership Harry Tomlinson, 2004-05-13 This wide ranging and thought provoking book provides an alternative approach to personal and professional leadership development Although directed at headteachers it has much to say to all staff irrespective of whether they are in formal positions of leadership Given the increased attention to professional development this is a timely publication and will cause those who read it reflect as well as providing a wealth of approaches and ideas which can be used in their school Colin Parker Headteacher of King Edward VI Aston School Managing Schools Today This is an exceptionally

good book that clearly brings together the author's experience as a headteacher and academic Harry Tomlinson is an educationalist with deep insights into the personal development dimension of leadership This is not your standard leadership book instead it is a unique set of ideas concepts and observations that comprehensively covers the how of building leadership abilities With twenty chapters this is a significant resource for practitioners leadership developers and academics Professor Brent Davies International Journal Educational Management This is undeniably a terrifically rich and well researched text which could be the starting point for a variety of personal development journeys It has enormous value in asserting the importance of personal growth as the foundation for professional development Times Education Supplement This book will undoubtedly help school leaders and potential leaders acquire a basic understanding of the essential elements in understanding themselves and others in the professional context Times Educational Supplement There are many books about professional development for leaders in schools and teachers particularly in the context of performance management Though this book takes account of these the focus is initially very much on personal development through self understanding and self management because this has to be the basis for profound professional development This book provides an alternative approach to personal and professional leadership development For the first time this wide range of topics has been covered in a book on educational leadership Practical activities are included to encourage the learning process The first part of the book looks at the individual and the personal learning development of emotional intelligence and modeling excellence which provide the basis for professional development In the middle chapters the author focuses on the interpersonal and team development processes such as career management coaching and decision making The concluding chapters explore issues at the school level but always concentrating on the individual leadership development required These include major current concerns such as knowledge management the learning organization and the work life balance The author reaches out to include evidence from beyond the world of schools and education in order to enhance understanding This book provides an in depth resource and a learning opportunity for all those concerned with educational leadership

The Cambridge Handbook of Applied Psychological Ethics Mark M. Leach, Elizabeth Reynolds Welfel, 2018-03-15 The Cambridge Handbook of Applied Psychological Ethics is a valuable resource for psychologists and graduate students hoping to further develop their ethical decision making beyond more introductory ethics texts The book offers real world ethical vignettes and considerations Chapters cover a wide range of practice settings populations and topics and are written by scholars in these settings Chapters focus on the application of ethics to the ethical dilemmas in which mental health and other psychology professionals sometimes find themselves Each chapter introduces a setting and gives readers a brief understanding of some of the potential ethical issues at hand before delving deeper into the multiple ethical issues that must be addressed and the ethical principles and standards involved No other book on the market captures the breadth of ethical issues found in daily practice and focuses entirely on applied ethics in psychology
