Muehlenkamp, Stephen P.
Lewis, Barent Walsh**

Self Injury Psychotherapy With People Who Engage In Self Inflicted Violence:

Self-Injury Robin E. Connors, 2008-12-16 People who directly injure their bodies are increasingly seeking help from psychotherapists Coming out of the closet of shame they are turning to professionals for understanding compassion and healing Because of the potent nature of self injury and the variety of issues it touches clinical responses to it have often been only moderately beneficial and in too many cases distinctly harmful In this perceptive work Dr Robin Connors offers helpful guidelines to clinicians that will improve their capacity to respond in a direct effective and respectful way to people who self injure Key to this work is understanding the function of self inflicted violence and its relationship to unresolved traumas and losses including the role of trauma in disrupting the formation of the self boundary Dr Connors identifies fundamental therapeutic tasks gives clear examples of interventions and offers concrete recommendations for interacting with patients about their self injury A range of related issues are addressed as well from repairing inadequate self boundaries to using adjunct therapies Finally the task of determining right action in light of strong countertransferential responses is explored including situations where self injury occurs in the therapist s presence In this exceptional book Dr Connors gives us the words to describe the pain beneath self injuring behavior and a blueprint for providing the compassionate understanding that is a prerequisite for healing

Self-Injury Robin E. Connors, 2008 In this perceptive work Dr Robin Connors offers helpful guidelines to clinicians that will improve their capacity to respond in a direct effective and respectful way to people who self injure Key to this work is understanding the function of self inflicted violence and its relationship to unresolved traumas and losses including the role of trauma in disrupting the formation of the self boundary Dr Connors identifies fundamental therapeutic tasks gives clear examples of interventions and offers concrete recommendations for interacting with patients about their self injury

The Oxford Handbook of Suicide and Self-injury Matthew Nock, 2014 This handbook provides a comprehensive summary of the most important and exciting advances in our understanding of suicide and self injury and our ability to predict and prevent it

Self-Injury in Youth Mary K. Nixon, Nancy L. Heath, 2008-07-11 This edited volume features evidence based reviews and practical approaches for the professional in the hospital clinic community and school with case examples throughout Divided into five major sections the book offers background historical and cultural information discussion of self injury etiology assessment and intervention prevention issues and relevant resources for those working with youths who self injure

Understanding Repeated Self-Injury Digby Tantam, Nick Huband, 2009-03-31 Why do some people repeatedly injure themselves How common is this form of self harm How can professionals offer appropriate intervention and support to those whose lives are troubled by it either directly or indirectly This authoritative and systematic book adopts a holistic approach to the problem of repeated self injury and the difficult emotions and experiences that it gives rise to Bringing together theory research and a wealth of case vignettes Understanding Repeated Self Injury examines both the psychological and physical aspects of self injury The authors explain how deliberate cutting or burning of the skin is used

by many as a way to overcome and temporarily escape bad feeling and thus transcend the limits of their identity In particular the book Presents a unifying model for theory and practice based on the phenomenology of self injury Examines the important role of identity and dissociation in perpetuating self injury Considers the wider impact of self injury on family and friends and on staff Addresses treatment strategies and self help resources Each chapter draws on the authors considerable clinical experience across a range of contexts and is written with professionals and trainees particularly in mind This book is an essential introduction and indispensable resource for those working or considering to work in counselling therapeutic and health care settings where they are or might be confronted with the complexities of self injury

Identifying, Assessing, and Treating Self-Injury at School David N. Miller, Stephen E. Brock, 2010-07-05 Nonsuicidal self injury NSSI among young people most notably in the form of forearm or wrist cutting occurs across cultural groups social strata and developmental stages puzzling and repelling adults Youth engaging in NSSI behaviors are at a higher risk for suicidality as well as other mental health and academic problems And because NSSI is often first noticed in the school setting as is the case with many children s disorders school professionals are being encouraged to take a more proactive role in intervention The first book specifically geared toward education personnel *Identifying Assessing and Treating Self Injury at School* clearly defines NSSI differentiating it from suicidal borderline and other behaviors and analyzing the psychological contexts in which it occurs This school based perspective gives readers a practical framework for earlier more accurate diagnosis relevant consulting with parents teachers and colleagues and effective science based treatment Included in the coverage an overview of causes of self injury current findings on prevalence and associated conditions early screening guidelines including risk factors and warning signs the latest information on assessment issues and diagnostic methods a separate chapter on psychoeducational assessment and up to date research on interventions for NSSI *Identifying Assessing and Treating Self Injury at School* offers a solid foundation for school psychologists and allied educational professionals to understand students with NSSI and address their complex needs

Nonsuicidal Self-Injury E. David Klonsky, Jennifer Muehlenkamp, Stephen P. Lewis, Barent Walsh, 2011-01-01 Nonsuicidal self injury NSSI is a baffling troubling and hard to treat phenomenon that has increased markedly in recent years Key issues in diagnosing and treating NSSI adequately include differentiating it from attempted suicide and other mental disorders as well as understanding the motivations for self injury and the context in which it occurs This accessible and practical book provides therapists and students with a clear understanding of these key issues as well as of suitable assessment techniques It then goes on to delineate research informed treatment approaches for NSSI with an emphasis on functional assessment emotion regulation and problem solving including motivational interviewing interpersonal skills CBT DBT behavioral management strategies delay behaviors exercise family therapy risk management and medication as well as how to successfully combine methods

Handbook of Cognitive-Behavior Group Therapy with Children and Adolescents Ray W. Christner, Christy A. Mulligan, 2007-05-07 This Handbook offers a much needed resource of theoretical

knowledge evidence based interventions and practical guidelines for professionals providing group psychotherapy to youth clients Written by leading professionals in the field of child and adolescent cognitive behavioral therapy this comprehensive volume offers readers a collection of innovative and well established approaches for group interventions with youth in a variety of treatment settings It addresses a wide range of issues not limited to assessment group member selection and specific protocols and strategies that readers can implement in their own practice Integrating theoretical and practical aspects leading experts offer their experience through case examples and vignettes suggesting guidelines for overcoming inherent treatment obstacles This Handbook provides not only a framework for delivering effective group therapy but also highlights specific problem areas and it is an invaluable reference for professionals providing therapeutic intervention to children and adolescents

Healing the Hurt Within 3rd Edition Jan Sutton,2007-11-12 Skillfully woven together with empathic insight into the lives and minds of those who self injure Healing the Hurt Within is replete with the latest developments in the field informative statistical data instructive diagrams carefully selected resources case studies expert testimonies and practical self help activities The author s warmth compassion and regard for those caught in the cycle of self injury shines through the pages of this profoundly enlightening and extensively updated 3rd edition Healing the Hurt Within offers solace hope and direction to those who self injure guidance to family and friends supporting a loved one who self injures and guidelines to professionals and voluntary caregivers on how to respond to clients that self injure

Adolescent Self-Injury Amelio D'Onofrio,2007-03-15 In this truly comprehensive guide Dr D Onofrio approaches the topic of how first responders such as teachers coaches social workers guidance counselors and campus health counselors can and do treat adolescent self injury From examinations of the core social and emotional issues related to self injury to the integration of understanding with practice everything needed for comprehensive care is detailed in this volume Each part of the book focuses on a basic topic such as what constitutes self injury the foundations for self injury and how to engage an adolescent with these issues Each issue is presented in straightforward chapters that are immediately accessible to those who are currently struggling to address this growing trend among teens The chapters within each part delve into how to recognize treat and approach this illness and incorporate first person stories from psychologists teachers and adolescents themselves
