Self Actualization And The Radical Gospel:

Self-Actualization and the Radical Gospel Louis Roy, 2002 Can today's Christians reconcile a belief in self actualization with the extreme ethical demands of the New Testament The author argues that they can although not easily and that the felt uneasiness between two concerns self fulfillment and self gift may constitute a healthy tension The book uncovers both the pitfalls of self actualization and the misleading interpretations that have disfigured the radical Gospel It highlights the stages developmental factors views of human life successes and failures which play a considerable role in a person's journey It brings psychological philosophical biblical theological and pastoral clarifications to bear on the issues BOOK JACKET

Self-actualization and the Radical Gospel , 2002 Mystical Consciousness Louis Roy, O.P., 2012-02-01 This book offers a philosophical account of ordinary consciousness as a step toward understanding mystical consciousness Presupposing a living interaction between meditation and thinking the work draws on Western and Japanese thinkers to develop a philosophy of religion that is friendly to the experience of meditators and that can explore such themes as emptiness nothingness and the self Western thinkers considered include Plotinus Eckhart Schleiermacher Heidegger Brentano Husserl Sartre and Lonergan and Japanese thinkers referenced include Nishitani Hisamatsu and Suzuki All employed centering prayer Zen or other forms of mental concentration Particular emphasis is placed on the work of twentieth century Catholic philosopher Bernard Lonergan whose writings on consciousness can inform an understanding of mysticism *The Three Dynamisms of Faith* Louis Roy, 2017-12-15 Fr Roy shows how The Three Dynamisms of Faith are lived in today's culture and how they are systematically related sometimes in alliance and sometimes in apparent opposition Having led the reader to a plausible answer to the human condition in Catholicism in his final chapter he discusses some classic issues that result possible tensions between meaning and truth between feelings and insight and about the role of religious experience in becoming attuned to Christian revelation *Dying and the Virtues* Matthew Levering, 2018-01-23 In this rich book Matthew Levering explores nine key virtues that we need to die and live well love hope faith penitence gratitude solidarity humility surrender and courage Retrieving and engaging a variety of biblical theological historical and medical resources Levering journeys through the various stages and challenges of the dying process beginning with the fear of annihilation and continuing through repentance and gratitude suffering and hope before arriving finally at the courage needed to say goodbye to one's familiar world Grounded in careful readings of Scripture the theological tradition and contemporary culture *Dying and the Virtues* comprehensively and beautifully shows how these nine virtues effectively unite us with God the One who alone can conquer death Methodologies in Systematic Theology Louis Roy, 2024-06-21 For readers eager to seek an improved understanding of the Good News this book provides a way of better construing the Christian message It begins with the church fathers continues with the medieval thinkers and covers modernity's doubters who published critiques of faith and elaborated new conceptions of faith It thus surveys the various theological methods that were employed over two thousand

years of Christian experience The principal theologians and philosophers that are presented here are Augustine Thomas Aquinas Schleiermacher Lonergan Ric ur Congar and Geffr The author also presents several modern authors nuanced assessments of historicity which fashioned and are still fashioning a large variety of cultures This sense of history has allowed scholars to appreciate both the particular and the permanent in religious studies that convey meanings The originality of the author of this volume consists in combining a competence in systematic interpretations with an expertise in pastoral theology In addition readers will find in these pages a living ecumenical dialogue characterized by correct construals of those others whose understandings of religion may appear as contradicting one s own views Coherent Christianity

Louis Roy,2018-01-08 Throughout this book Louis Roy illustrates his conviction that Christianity consists in the most profound experience to which human beings are invited by God This experience involves meaning and truth hope and love suffering and joy solidarity and critique It is a space of freedom where diverse persons seek the light and make their decisions interacting with the intellectual and affective resources of their culture Faith is understood as a personal and communal adventure a sequence of real life experiences The book proposes an articulate and coherent vision of the Christian faith It surveys the complementary dimensions of Christian experience It points to various paths traveled by different people It offers an actualization for our time that is a road map that is at the same time flexible and in keeping with truth It engages in a dialogue with psychology and with non Christian views for example on meditation and on reincarnation The book is addressed to a large audience of educated readers who are likely to be very interested in its biblical philosophical psychological sociological interreligious and pastoral components Its originality consists in bringing together the interactions between several disciplines in a practical way *Toward a catholic Christianity* Michael H. McCarthy,2017-12-22 Critical

belonging has been an essential feature of Christianity since its origin but the forms it assumes understandably differ with the specific challenges Christians rise to meet throughout history During the past two thousand years these challenges have covered a broad spectrum epistemic moral political economic religious and spiritual In our global society all of these challenges seem to be occurring at once Since no individual can meet all of them adequately *Toward a catholic Christianity* tries to show how by working collaboratively the people of God can credibly meet them together In this way the diversity and unity within the Roman Catholic community are explicitly acknowledged and affirmed For if that community is to become authentically Christian it will need to become more genuinely catholic **Engaging the Thought of Bernard Lonergan**

Louis Roy,2016-03-29 Original essays that present Bernard Lonergan s bold undertakings and intellectual achievements and apply his ideas to human learning and action **Embracing Desire** Louis Roy,2019-07-10 In this book Louis Roy criticizes two different attitudes concerning our desires either we are wary of our desires because of their potentially negative effects or we try to satisfy as many of them as we can Both attitudes focus on desires without examining the issue of desire The solution is neither to suspect nor to multiply our various desires but rather to intensify desire Once desire has intensified we

can accept our desires and identify some of them as priorities for us to fulfill. We will then proceed not only with motivation but also with detachment and therein lies the key to happiness. Any human being wishes to be granted personal value as a unique individual worthy of respect. And we long to be desired by the person or persons we desire. Moreover, because of our infinitude, we are able to wonder if an infinite being whom we respect without reserve can find us desirable. The author explores this basic concern and describes the relationship of mutual desire between Jesus and his first disciples. Thus, this book will appeal to educated readers interested in spirituality, psychology, literature, catechesis, and pastoral ministry.
