Sell Out To Stalin The Tragic Errors Of Churchill And Roosevelt:

Sell-out to Stalin Nicolas Baci, 1984-01-01 **Annotated Bibliography of Works About Sir Winston S. Churchill**

Curt Zoller, Richard M. Langworth, 2015-06-01 This unique resource will be an enormous aid and impetus to Churchill studies. It lists over 600 works with annotations and includes sections listing an additional 5 900 entries covering book reviews, significant articles and chapters from books. Separate author and title indexes will allow the user to locate specific entries. The book's aim is to direct students, researchers and bibliophiles to the entire corpus of works about Churchill. **Stalin**

Marty Bloomberg, Buckley Barry Barrett, 1993-01-01 A comprehensive annotated survey of English language literature on Stalin. **Hitler's Forgotten Ally** D. Deletant, 2006-04-12 This book is the first complete study in English of Antonescu's part in the Second World War. Antonescu was a major ally of Hitler and Romania fielded the third largest Axis army. It joined the Tripartite Pact in November 1940 as a sovereign state and participated in the attack on the Soviet Union of 22 June 1941 as an equal partner of Germany. *British Clandestine Activities in Romania during the Second World War* Dennis

Deletant, 2016-04-08 *British Clandestine Activities in Romania during the Second World War* is the first monograph to examine the activity throughout the entire war of SOE and MI6. It was generally believed in Britain's War Office after Hitler's occupation of Austria in March 1938 that Germany would seek to impose its will on South East Europe before turning its attention towards Western Europe. Given Romania's geographical position, there was little Britain could offer her. The brutal fact of British-Romanian relations was that Germany was inconveniently in the way; opportunity, proximity of manufacture and the logistics of supply all told in favour of the Third Reich. This held of course for military as well as economic matters. In these circumstances, the British concluded that their only weapon against German ambitions in countries which fell into Hitler's orbit were military subversive operations and a concomitant attempt to draw Romania out of her alliance with Germany. *After the Victorians* A. N. Wilson, 2006-09-19 Blending military, political, social and cultural history of the most dramatic kind, distinguished historian Wilson offers an absorbing portrait of the decline of one of the world's great powers.

The result is a fresh account of the birth pangs of the modern world as well as a timely analysis of imperialism and its discontents. **Romania, 1916-1941** Dennis Deletant, 2022-08-19 This study challenges the rose-tinted view of the interwar period in Romanian history which is often judged against the darkness of almost five decades of Communist rule. Romania, like several of the states of Eastern Europe, emerged from the First World War as it had entered it as a predominantly agricultural country and one of its major problems was the condition of the peasantry. This volume's focus is the drive to improve that condition, on the collapse of democracy and the search by Romania's leaders for strategies to secure the state, to assert the country's independence and to maintain its territorial integrity in the face of the threat to the European order posed by two totalitarian systems represented by Nazi Germany and the Soviet Union. By examining recent scholarship, this volume provides the most up-to-date account of Romania's predicament in the interwar years. *Romania 1916-1941* is a useful

resource for upper level undergraduates postgraduates and scholars interested in foreign policy politics society internationalization and late development in interwar Central and Eastern Europe **The Forsaken** Tim Tzouliadis,2008 Tzouliadis presents this remarkable piece of forgotten history the story of how thousands of Americans were lured to Soviet Russia by the promise of jobs and better lives only to meet a tragic and until now forgotten end **Romania under Communism** Dennis Deletant,2018-10-11 Communism has cast a long shadow over Romania The passage of little over a quarter of a century since the overthrow in December 1989 of Romania s last Communist leader Nicolae Ceau escu offers a symbolic standpoint from which to penetrate that shadow and to throw light upon the entire period of Communist rule in the country An appropriate point of departure is the observation that Romania s trajectory as a Communist state within the Soviet bloc was unlike that of any other That trajectory has its origins in the social structures attitudes and policies in the pre Communist period The course of that trajectory is the subject of this inquiry Political History and Culture of Russia ,2000 Scholarly articles dealing with political events in Russia up to 1991 **Political Leaders and Military Figures of the Second World War** Steven D. Chambers,1996 This bibliography is a compilation of approximately 3500 English language works by and about the major political leaders and military figures of the Second World War The bibliography is intended to aid librarians in answering reference questions concerning what works are available on a certain individual to aid graduate and undergraduate students in researching potential historical topics and to aid the general reader in choosing a good biography of a particular individual **European Leaders** Reese T. Moore,2001 This up to date bibliography gathers materials on ten leaders from 20th century Europe Access is provided via subject and author indexes Contents Charles DeGaulle Winston Churchill Adolf Hitler Benito Mussolini General Francisco Franco Adenauer Konrad Margaret Thatcher Helmut Kohl Francois Mitterand Josip Broz Tito *The Lessons of Yalta* Pompiliu Teodor,1998 The World at War, 1939-1945 William Edward Scott,2002 An extraordinarily detailed reference book The World At War 1939 1945 offers the reader an in depth guide to the greatest conflict of the 20th Century Meticulously researched with over 1 200 identifications and a bibliography of over 4 000 sources the book examines the people places and events that changed our world forever William Scott spent three years carefully researching and compiling the information for this book He worked exclusively from military archives and university libraries to produce this one of a kind World War II reference book Including an easy to follow chronology of events a list of military and naval abbreviations and an organizational chart of U S Army units The World At War 1939 1945 is a must for military historians academics history buffs and veterans **American Presidents of the 20th Century** N. O.
