**Selling Illusions** Neil Bissoondath, 1994 Since he immigrated to Canada two decades ago Neil Bissoondath has consistently refused the role of the ethnic and sought to avoid the burden of hyphenation a burden that would label him as an East Indian Trinidadian Canadian living in Quebec Bissoondath argues that the policy of multiculturalism with its emphasis on the former or ancestral homeland and its insistence that There is more important than Here discourages the full loyalty of Canada's citizens Through the 1971 Multiculturalism Act Canada has sought to order its population into a cultural mosaic of diversity and tolerance Seeking to preserve the heritage of Canada's many peoples the policy nevertheless creates unease on many levels transforming people into political tools and turning historical distinctions into stereotyped commodities It encourages exoticism highlighting the differences that divide Canadians rather than the similarities that unite them *Selling Illusions* is Neil Bissoondath's personal exploration of a politically motivated public policy with profound private ramifications a policy flawed from its inception but implemented with all the political zeal of a true believer *Selling Illusions* Neil Bissoondath, 2009 *Global Multiculturalism* Grant H. Cornwell, Eve Walsh Stoddard, 2001 *Global Multiculturalism* offers a rich collection of case studies on ethnic racial and cultural diversity drawn from thirteen countries each unique in the way it understands negotiates and represents its diversity A multi disciplinary group of authors shows how in different nations identity groups are included or made invisible by forced assimilation or reviled even to the point of genocide Framed within a theoretical discussion of national identity transnationalism hybridity and diaspora each chapter surveys the demographics and history of its country and then analyzes the dynamics of diversity With cases ranging from Bosnia to Chiapas Cuba to China and Zimbabwe to France this volume offers a truly global perspective and scope Its genuinely comparative methodology and range of disciplinary perspectives make it a unique resource for all those seeking to understand ethnic conflict and diversity *Multiculturalism In Canada: Evidence and Anecdote* Andrew Griffith, 2015-08 With over 20 percent of the population foreign born and with more than 250 ethnic origins Canada is one of the world's most multicultural societies Canada's ethnic and religious diversity continues to grow alongside immigration Yet how well is Canada's model of multiculturalism and citizenship working and how well are Canadians whatever their ethnic or religious origin doing Will Canada's relative success compared to other countries continue or are there emerging fault lines in Canadian society *Canadian Multiculturalism Evidence and Anecdote* undertakes an extensive review of the available data from Statistics Canada Citizenship and Immigration Canada operational statistics employment equity and other sources to answer these questions and provide an integrated view covering economic outcomes social indicators and political and public service participation Over 200 charts and tables are used to engage readers and substantiate the changing nature of Canadian diversity *Multiculturalism in Canada* Hugh Donald Forbes, 2019-10-12 Multiculturalism is often thought to be defined by its commitment to diversity inclusivity sensitivity and tolerance but these established values sometimes require contrary

practices of homogenization exclusion insensitivity and intolerance Multiculturalism in Canada clarifies what multiculturalism is by relating it to more basic principles of equality freedom recognition authenticity and openness Forbes places both official Canadian multiculturalism and Quebec s semi official interculturalism in their historical and constitutional setting examines their relations to liberal democratic core values and outlines a variety of practical measures that would make Canada a more open country and a better illustration of what a commitment to egalitarian cultural pluralism now means Consisting of a series of connected essays including careful considerations of the works of Will Kymlicka and Charles Taylor this book provides the first comprehensive account of multiculturalism in Canada **Revisiting**

**Multiculturalism in Canada** Shibao Guo,Lloyd Wong,2015-12-01 In 1971 Canada was the first nation in the world to establish an official multiculturalism policy with an objective to assist cultural groups to overcome barriers to integrate into Canadian society while maintaining their heritage language and culture Since then Canada s practice and policy of multiculturalism have endured and been deemed as successful by many Canadians As well Canada s multiculturalism policy has also enjoyed international recognition as being pioneering and effectual Recent public opinion suggests that an increasing majority of Canadians identify multiculturalism as one of the most important symbols of Canada s national identity On the other hand this apparent successful record has not gone unchallenged Debates critiques and challenges to Canadian multiculturalism by academics and politicians have always existed to some degree since its policy inception over four decades ago In the current international context there has been a growing assault on and subsequent retreat from multiculturalism in many countries In Canada debates about multiculturalism continue to emerge and percolate particularly over the past decade or so In this context we are grappling with the following questions What is the future of multiculturalism and is it sustainable in Canada How is multiculturalism related to egalitarianism interculturalism racism national identity belonging and loyalties What role does multiculturalism play for youth in terms of their identities including racialization How does multiculturalism play out in educational policy and the classroom in Canada These central questions are addressed by contributions from some of Canada s leading scholars and researchers in philosophy psychology sociology history education religious studies youth studies and Canadian studies The authors theorize and discuss the debates and critiques surrounding multiculturalism in Canada and include some very important case studi *Bringing Culture Back In* Michael

Böss,2015-09-30 Economists used to claim that material self interest and the rational choices of the individual were universal factors that transcended cultural values and differences This position has been challenged by critics who have pointed out the methodological and philosophical weaknesses of this approach They dispute the idea that social order can be explained as the product of the choices of individual agents and that social agents operate independently of their social and cultural values and norms Today there is virtual agreement not only among students of culture but also among social scientists that culture counts in both politics and society as well as in international relations In this book a number of international political

scientists economists philosophers and humanist scholars address the role of culture ethnicity and religion in contemporary states and societies

*Reshaping the Mosaic* Ninette Kelley, Jeffrey G. Reitz, Michael J. Trebilcock, 2025-04-30 Immigration remains a cornerstone of national policy although it has undergone significant transformations across economic family and refugee admission streams in the past two decades *Reshaping the Mosaic* offers an insightful exploration of Canada's immigration policy ranging from its historical roots to contemporary developments The book examines the growth in permanent and temporary immigration to Canada It explores changes in selection criteria and evaluates their impact on key policy objectives contributing to Canadian economic prosperity facilitating family reunification providing refuge for those fleeing persecution and enabling the integration of immigrants and their descendants into Canadian society The book sheds light on the legal political economic and social paradoxes inherent in Canadian immigration policy highlighting shifts in exclusion powers deportation practices settlement support and citizenship rules as well as their implications for Canadian ideals of multiculturalism fairness and integration It documents the lack of transparency and informed public engagement in policy formation and the implications this lack may have on maintaining public confidence and ensuring that immigration policies align with the national interests Driven by a conviction that the contemporary changes in immigration policy need to be examined in a comprehensive and inclusive way *Reshaping the Mosaic* looks at recent shifts and their implications for society and offers invaluable insights for policymakers scholars and stakeholders aiming to assist the development of a new immigration policy framework
