Selling To Specialist Physicians:

The Hard Sell Evan Hughes, 2022-01-18 The inside story of a band of entrepreneurial upstarts who made millions selling painkillers until their scheme unraveled putting them at the center of a landmark criminal trial SOON TO BE THE MAJOR MOTION PICTURE PAIN HUSTLERS STARRING EMILY BLUNT AND CHRIS EVANS Unfolds with the velocity and verve of a Scorsese film A tour de force Patrick Radden Keefe New York Times bestselling author of Empire of Pain and Say Nothing John Kapoor had already amassed a small fortune in pharmaceuticals when he founded Insys Therapeutics It was the early 2000s a boom time for painkillers and he developed a novel formulation of fentanyl the most potent opioid on the market Kapoor a brilliant immigrant scientist with relentless business instincts was eager to make the most of his innovation He gathered around him an ambitious group of young lieutenants His head of sales an unstable and unmanageable leader but a genius of persuasion built a team willing to pull every lever to close a sale going so far as to recruit an exotic dancer ready to scrape her way up They zeroed in on the eccentric and suspect doctors receptive to their methods Employees at headquarters did their part by deceiving insurance companies The drug was a niche product approved only for cancer patients in dire condition but the company's leadership pushed it more widely and together they turned Insys into a Wall Street sensation But several insiders reached their breaking point and blew the whistle They sparked a sprawling investigation that would lead to a dramatic courtroom battle breaking new ground in the government's fight to hold the drug industry accountable in the spread of addictive opioids In The Hard Sell National Magazine Award finalist Evan Hughes lays bare the pharma playbook He draws on unprecedented access to insiders of the Insys saga from top executives to foot soldiers from the patients and staff of far flung clinics to the Boston investigators who treated the case as a drug trafficking conspiracy flipping cooperators and closing in on the key players With colorful characters and true suspense The Hard Sell offers a bracing look not just at Insys but at how opioids are sold at the point they first enter the national bloodstream in the doctor's office *Selling to Specialist Physicians* Black Dog Publishing Company, Sandra M. Professions Michael Davis, Andrew Stark, 2001-11-01 The notion of conflict of interest is more relevant today than ever. Ethical sensitivities about the relationship between professionals and those they serve is a source of constant debate. This book sets a new standard for work on this perennial topic, collecting a set of practical essays by top applied ethicists on a wide variety of professions and occupations. Some conflicts of interest arise because a profession takes on many roles while serving one goal; others take on one role but serve multiple goals. Some conflicts are internal to the profession; others, such as family or business connections, are external. The essays in this volume address such diverse conflicts in a comprehensive way in an attempt to make useful comparisons across professions. Containing fifteen original chapters by noted scholars of applied ethics, this volume systematically explores professions including law, medicine, journalism, engineering, financial services, anthropology, film, physical therapy, and literary criticism. An introductory chapter surveys and contextualizes work on the topic, while the concluding chapter offers us a new way to compare conflicts of interest across professions and occupations. *Conflict of Interest in the Professions* will be of great practical interest to scholars of applied ethics and law, as well as to professionals in the fields discussed. *Hard Sell* Jamie Reidy, 2010-09-14 Jamie Reidy is the guy who's been there, done that, and walked away with the insider stories. Inside *Hard Sell*. Now a Major Motion Picture. LOVE and OTHER DRUGS you'll find yourself rooting for Reidy and shocked by the realities of the world that paid his salary. This comedic expose traces Reidy's experiences from Pfizer training to life as the V Man when Reidy became Pfizer's number one drug rep during the Viagra craze. With equal parts self-confidence and self-mockery, Reidy takes the reader on a hilarious romp through pharma culture while revealing the controversial side of the drug industry. From viewing a circumcision to gaining a doctor's rapport to providing insight on why doctors choose to prescribe Drug X over Drug Y, and from how to bargain sigs and scripts to why the Viagra pill is shaped as a diamond, Reidy discloses everything. A witty behind-the-scenes look at an industry that touches everyone in America with a prescription. *Hard Sell* uncovers truths about the pharmaceutical industry you'd rather not know and practices you'd like to believe weren't employed. *Hard Sell* has been adapted into a major motion picture starring Jake
