Sex And Racism:

Sex and Racism in America Calvin C. Hernton,1992 As remarkably and chillingly pertinent today as when it was first published in 1965 this now classic study dissects the intersecting myths of sex and race as they are played out in America No one concerned with issues of race relations in the United States can overlook the conclusions of this book Sex and Racism in America Calvin C. Hernton,1965 **Sex and Racism** Calvin C. Herton,1965 Sex and Racism Calvin C. Hernton,1969

Sexual Racism and Social Justice Denton Callander,Panteá Farvid,Amir Baradaran,Thomas A. Vance,2024 This book brings together a collection of research personal reflection and creative work to provide a comprehensive in depth account of sexual racism from an international and interdisciplinary perspective The volume makes the case that sexual racism is in the very foundations of our societies determining the ideas bodies and systems positioned as desirable From this provocative perspective Sexual Racism and Social Justice offers a new understanding of the relationship between sex and race arguing that to undesign whiteness is to help undo sexual racism which are essential steps in the meaningful advancement of social justice **Sex & Racism** Percy Mobogo More,2011 **Sexual Racism** Charles Herbert Stember,1976 *Sex, Race, and God* Susan Thistlethwaite,2009-04-01 Sex Race and God is the impassioned manifesto of a white feminist s reckoning with the meaning of race including her own whiteness in doing theology We should be discussing and acting on many of Thistlethwaite s insights for quite some time She has made a vital contribution to the feminist theological enterprise and to the critical relationship between black and white women in it Carter HeywardSex Race and God is a sincere attempt to listen to and learn from African American women a serious and largely successful effort to create a method that addresses differences rather than proposing wishful commonalities Many women of color will find it promising a basis for dialogue The Women s Review of BooksThis pivotal book illuminates a significant ongoing debate at the intersection of two fields contemporary theology and feminist studies ChoiceThistlethwaite does what so few white feminists have done genuinely interact with and learn from the strong differences in experience and perspective between African American women and European American women The Other Side Gender, Sexuality and Race in the Digital Age D. Nicole Farris,D'Lane R. Compton,Andrea P. Herrera,2020-01-01 This book provides a unique analysis of the intersection between gender sexuality race and social media While early scholarship identified the internet as being inherently egalitarian this volume presents the internet as a real social place where inequalities matter and manifest in particular ways according to the architectures of particular platforms This volume utilizes innovative methodologies to analyze how internet users both re inscribe and resist inequalities of gender sexuality and race It describes how the internet has ameliorated and bridged geographic and numerical limits on community formation and this volume examines how the functioning of social inequalities differs on and offline Sex and Religion Dag Ølstein Endsjø,2012-01-01 Sex and religion are inevitably and intricately linked There are few realms of human experience other than sex in which religion has greater reach and influence The role of religion of any

faith to prohibit regulate condemn and reward is unavoidably prominent in questions of sex namely with whom when how and why In *Sex and Religion* Dag istein Endsj examines the myriad and complex religious attitudes towards sex in cultures throughout the world Endsj reflects on some of the most significantly problematic areas in the relationship between sex and religion from sex before or outside of marriage to homosexuality Through many examples from world religions he outlines what people mean by sex in a religious context with whom it s permissible to have sex how sex can be a directly religious experience and what consequences there are for deviance for both the individual and society As Endsj explains while Buddhist monks call attention to gay sex as a holy mystery the Christian church questions a homosexual s place in the church Some religions may believe that promiscuity leads to hurricanes and nuclear war and in others God condemns interracial marriage *Sex and Religion* reveals there is nothing natural or self evident about the ways in which various religions prescribe or proscribe and bless or condemn different types of sexuality Whether sex becomes sacred or abhorrent depends entirely on how a religion defines it *Sex and Religion* is a fascinating investigation of mores meanings rituals and rules in many faiths around the globe and will be of interest to anyone curious about the intersection of these fundamental aspects of human history and experience

Interracial Intimacy Rachel F. Moran,2001 Crossing disciplinary lines Moran looks in depth at interracial intimacy in America from colonial times to the present She traces the evolution of bans on intermarriage and explains why blacks and Asians faced harsh penalties while Native Americans and Latinos did not She provides fresh insight into how these laws served complex purposes why they remained on the books for so long and what led to their eventual demise As Moran demonstrates the United States Supreme Court could not declare statutes barring intermarriage unconstitutional until the civil rights movement coupled with the sexual revolution had transformed prevailing views about race sex and marriage

Sex, Race, and Class—The Perspective of Winning Selma James,2012-05-01 In 1972 Selma James set out a new political perspective Her starting point was the millions of unwaged women who working in the home and on the land were not seen as workers and their struggles viewed as outside of the class struggle Based on her political training in the Johnson Forest Tendency founded by her late husband C L R James on movement experience South and North and on a respectful study of Marx she redefined the working class to include sectors previously dismissed as marginal For James the class struggle presents itself as the conflict between the reproduction and survival of the human race and the domination of the market with its exploitation wars and ecological devastation She sums up her strategy for change as Invest in Caring not Killing This selection spanning six decades traces the development of this perspective in the course of building an international campaigning network It includes excerpts from the classic *The Power of Women* and the *Subversion of the*

Community which launched the domestic labor debate the exciting Hookers in the House of the Lord which describes a church occupation by sex workers an incisive review of the C L R James masterpiece The Black Jacobins a reappraisal of the novels of Jean Rhys and of the leadership of Julius Nyerere the groundbreaking Marx and Feminism and more The writing is lucid and without jargon The ideas never abstract spring from the experience of organising from trying to make sense of the successes and the setbacks and from the need to find a way forward

The Psychic Life of Racism in Gay Men's Communities Damien W. Riggs, 2017-12-06 The Psychic Life of Racism in Gay Men's Communities engages in the necessarily complex task of mapping out the operations of racialized desire as it circulates among gay men In exploring such desire the contributors to this collection consider the intersections of privilege and marginalization in the context of gay men's lives and in so doing argue that as much as experiences of discrimination on the

basis of sexuality are shared among many gay men experiences of discrimination within gay communities are equally as common Focusing specifically on racialization the contributors offer insight as to how hierarchies inequalities and practices of exclusion serve to bolster the central position accorded to certain groups of gay men at the expense of other groups Considering how racial desire operates within gay communities allows the contributors to connect contemporary struggles for inclusion and recognition with ongoing histories of marginalization and exclusion *The Psychic Life of Racism in Gay Men's Communities* is an important intervention that disputes the claim that gay communities are primarily organized around acceptance and homogeneity and instead demonstrates the considerable diversity and ongoing tensions that mark gay men's relationships with one another Fundamental Concepts and Critical Developments in Sex Education Reece M.
