*Love for Sale* Colleen Lucey, 2021-09-15 Love for Sale is the first study to examine the ubiquity of commercial sex in Russian literary and artistic production from the nineteenth century through the fin de siècle Colleen Lucey offers a compelling account of how the figure of the sex worker captivated the public's imagination through depictions in fiction and fine art bringing to light how imperial Russians grappled with the issue of sexual commerce Studying a wide range of media from little known engravings that circulated in newspapers to works of canonical fiction Lucey shows how writers and artists used the topic of prostitution both to comment on women's shifting social roles at the end of tsarist rule and to express anxieties about the incursion of capitalist transactions in relations of the heart Each of the book's chapters focus on a type of commercial sex looking at how the street walker brothel worker demimondaine kept woman impoverished bride and madam traded in sex as a means to acquire capital Lucey argues that prostitution became a focal point for imperial Russians because it signaled both the promises of modernity and the anxieties associated with Westernization Love for Sale integrates historical analysis literary criticism and feminist theory and conveys how nineteenth century beliefs about the fallen woman drew from medical judicial and religious discourse on female sexuality Lucey invites readers to draw a connection between rhetoric of the nineteenth century and today's debate on sex workers rights highlighting recent controversies concerning Russian sex workers to show how imperial discourse is recycled in the twenty first century

Agarwal, 2012-06-19 Continuing the narrative from Volume One of From Bharata to India this second volume spans the years from the Muslim conquests down to the present era The Volume begins by contrasting the stifling theocracy of the Abrahamic religions Judaism and Christianity and of Islam to the pristine ideation of compassion love and universal wellbeing inherent in the Vedic world The forced conversion of pagan peoples and their places of worship was consequently institutionalized by intolerance savagery barbarism cruelty and unparalleled brutality

This cultural and religious Invasion shook the very foundations of the Vedic patrimony as the native Hindus adapted Alien lifestyles where Vedic values were repackaged as European and or Islamic Consequently the modern Indians began to despise what had once been their own legacy the Cradle of civilization and embraced imported modes of behavior The transformed native polity supported by foreign vested interests exploited their own country even more than the alien invaders As the Western world frees itself from the shackles of Middle Age conformism and depravity this second volume concludes that the eternal values of Vedic Bharata are to inspire the nascent Civilization of tomorrow Eastern introspection will replace then the Western tradition of a wholly other divinity      **From Bharata to India** M.
