The Claustro-Agoraphobic Dilemma in Psychoanalysis Susan Finkelstein, Heinz Weiss, 2022-11-08 This collection addresses the theory of claustro agoraphobic anxieties and schizoid phenomena It provides psychoanalytic case studies of the transference and counter transference dynamic inherent in these agonizing disorders In The Claustro Agoraphobic Dilemma in Psychoanalysis Fear of Madness Susan Finkelstein and Heinz Weiss gather both classic papers and new essays presenting a timely assessment of claustro agoraphobia as first developed by Henri Rey This volume includes papers by Helene Deutsch Bertram Lewin Edoardo Weiss Esther Bick Donald Meltzer Albert Mason John Steiner and Claudia Frank as well as a chapter by Kristin White on working remotely with psychoanalytic patients during the Covid 19 pandemic Applying a Freudian Kleinian and Bionian methodology this collection argues for a long term approach to psychoanalytic treatment in order to help claustro agoraphobic patients work through the unconscious conflicts that interfere with their capacity to engage in a committed relationship This book is essential reading for psychoanalysts in practice and training and will appeal to academics and historians interested in the universality of spiritual and mythic motifs The Madness of Knowledge Steven Connor, 2021-07-21 Many human beings have considered the powers and the limits of human knowledge but few have wondered about the power that the idea of knowledge has over us Steven Connor's The Madness of Knowledge is the first book to investigate this emotional inner life of knowledge the lusts fantasies dreams and fears that the idea of knowing provokes There are in depth discussions of the imperious will to know of Freud's epistemophilia or love of knowledge and the curiously insistent links between madness magical thinking and the desire for knowledge Connor also probes secrets and revelations quarreling and the history of quizzes and general knowledge charlatanry and pretension both the violent disdain and the sanctification of the stupid as well as the emotional investment in the spaces and places of knowledge from the study to the library In an age of artificial intelligence alternative facts and mistrust of truth The Madness of Knowledge offers an

opulent enlarging and sometimes unnerving psychopathology of intellectual life

A History of Women in Psychology and Neuroscience Dale DeBakcsy, 2024-09-30 Since virtually its first moments as an academic science women have played a major role in the development of psychology gaining from the outset research opportunities and academic positions that had been denied them for centuries in other branches of scientific investigation Look wherever you will in any branch of psychology or neuroscience in the last century and a half and what you will find are a plethora of women whose discoveries fundamentally changed how we view the brain and its role in the formation of our perceptions and behaviors A History of Women in Psychology and Neuroscience tells the story of 267 women whose work opened new doors in humanity's ongoing attempt to learn about its own nature from Christine Ladd Franklin's late 19th century studies of how the brain perceives color to Virginia Johnson's pioneering studies of the human sexual response and Augusta Dejerine Klumpke's early association of neurological conditions with their underlying brain regions to May Britt Moser's Nobel winning discovery a century later of the grid cells that allow us to mentally model our surroundings Here are the stories of when and how we learned how memories are formed what role an enriched environment plays in mental development why some individuals are better able to cope with chronic stress than others how societal stereotypes unconsciously feed into our daily interactions with other people what role evolution might have played in the formation of our social habits what light the practices of sign language might shed on our brain's basic capacity for language how children internalize the violence they experience from others and hundreds of other tales of the women who dug deep into the structures of the human mind to uncover layer by layer the answers to millennia old questions of what humans are and why they behave as they do

The Formation of Pastoral Counselors Duane R. Bidwell, Joretta L. Marshall, 2012-11-12 Explore the concept of formation in pastoral counseling from a variety of perspectives Two dozen of the most prominent clinicians and scholars in the field reflect on The Formation of Pastoral Counselors from clinical theological and theoretical perspectives This unique book explores the challenges to the personal and professional formation of pastoral counselors in a cultural and historic context that's radically different from the era when the profession first emerged as a specialized ministry Contributors examine formation from a variety of contexts and perspectives including spirituality and gender address theological education and intercultural issues and present emerging models for pastoral counselors The Formation of Pastoral Counselors is a practical guide for educators working to shape curricula and training programs to the shifting context in which pastoral counselors are formed for ministry service and lifelong learning This unique book examines ideas about appropriate content and processes for the formation of pastoral care professionals and looks at specialized contextual training models that form their emerging identities The book's contributors call on extensive experience in pastoral theology care and counseling to explore the essential components of formation across different contexts how those contextual realities

change the delivery systems the epistemological nature of formation reasons for the limited roles that formal theological education and spiritual experience seem to play at the moment and why formation is rarely formally addressed in pastoral counseling training Topics discussed in *The Formation of Pastoral Counselors* include the turn to formation the goals of theological education core elements of pastoral theology developing spiritual practices diversity pastoral counseling training programs race and ethnicity in the formation of pastoral counselors cultural identity intercultural contexts practical relevancy in training gender identity and sexual orientation economic disparity Models and practices examined in *The Formation of Pastoral Counselors* include parallel charting clinician narratives group supervision Benedictine spirituality academic and clinical training at the Claremont School of Theology the model of formation at the Virginia Institute of Pastoral Care VIPCare and much more *The Formation of Pastoral Counselors* is an essential guide for pastoral counselors faculty in pastoral theological care and counseling and training directors in pastoral counseling centers

The Oxford Handbook of Political Leadership R. A. W. Rhodes, Paul 't Hart, 2014-05-29 Political leadership has made a comeback It was studied intensively not only by political scientists but also by political sociologists and psychologists Sovietologists political anthropologists and by scholars in comparative and development studies from the 1940s to the 1970s Thereafter the field lost its way with the rise of structuralism neo institutionalism and rational choice approaches to the study of politics government and governance Recently however students of politics have returned to studying the role of individual leaders and the exercise of leadership to explain political outcomes The list of topics is nigh endless elections conflict management public policy government popularity development governance networks and regional integration In the media age leaders are presented and stage managed spun DDLas the solution to almost every social problem Through the mass media and the Internet citizens and professional observers follow the rise impact and fall of senior political officeholders at closer quarters than ever before This Handbook encapsulates the resurgence by asking where are we today It orders the multidisciplinary field by identifying the distinct and distinctive contributions of the disciplines It meets the urgent need to take stock It brings together scholars from around the world encouraging a comparative perspective to provide a comprehensive coverage of all the major disciplines methods and regions It showcases both the normative and empirical traditions in political leadership studies and juxtaposes behavioural institutional and interpretive approaches It covers formal office based as well as informal emergent political leadership and in both democratic and undemocratic polities

Gender and Nation in Meiji Japan Jason G. Karlin, 2014-04-30 *Gender and Nation in Meiji Japan* is a historical analysis of the discourses of nostalgia in late nineteenth and early twentieth century Japan Through an analysis of the experience of rapid social change in Japan s modernization it argues that fads ry k and the desires they express are central to understanding Japanese modernity conceptions of gender and discourses of nationalism In doing so the author uncovers the myth of eternal return that lurks below the surface of Japanese history as an expression of the desire to find meaning amid the chaos and alienation of modern times The Meiji

period 1868-1912 was one of rapid change that hastened the process of forgetting. The state's aggressive program of modernization required the repression of history and memory. However, repression merely produced new forms of desire seeking a return to the past with the result that competing or alternative conceptions of the nation haunted the history of modern Japan. Rooted in the belief that the nation was a natural and organic entity that predated the rational modern state, such conceptions often were responses to modernity that envisioned the nation in opposition to the modern state. What these visions of the nation shared was the ironic desire to overcome the modern condition by seeking the timeless past. While the condition of their repression was often linked to the modernizing policies of the Meiji state, the means for imagining the nation in opposition to the state required the construction of new symbols that claimed the authority of history and appealed to a rearticulated tradition. Through the idiom of gender and nation, new reified representations of continuity, timelessness, and history were fashioned to compensate for the unmooring of inherited practices from the shared locales of everyday life. This book examines the intellectual, social, and cultural factors that contributed to the rapid spread of Western tastes and styles along with the backlash against Westernization that was expressed as a longing for the past. By focusing on the expressions of these desires in popular culture and media texts, it reveals how the conflation of mother, countryside, everyday life, and history structured representations to naturalize ideologies of gender and nationalism.

Gender, Nation and State in Modern Japan Andrea Germer, Vera Mackie, Ulrike Wöhr, 2014-07-25. *Gender, Nation and State in Modern Japan* makes a unique contribution to the international literature on the formation of modern nation states in its focus on the gendering of the modern Japanese nation state from the late nineteenth century to the present. References to gender relations are deeply embedded in the historical concepts of nation and nationalism and in the related symbols, metaphors, and arguments. Moreover, the development of the binary opposition between masculinity and femininity and the development of the modern nation state are processes which occurred simultaneously. They were the product of a shift from a stratified hereditary class society to a functionally differentiated social body. This volume includes the work of an international group of scholars from Japan, the United States, Australia, and Germany, which in many cases appears in English for the first time. It provides an interdisciplinary perspective on the formation of the modern Japanese nation state, including comparative perspectives from research on the formation of the modern nation state in Europe, thus bringing research on Japan into a transnational dialogue. This volume will be of interest in the fields of modern Japanese history, gender studies, political science, and comparative studies of nationalism.

Samuel Butler, Victorian Against the Grain James G. Paradis, 2007-12-29. Samuel Butler (1835-1902), Victorian satirist, critic, and visual artist, possessed one of the most original and inquiring imaginations of his age. The author of two satires, *Erewhon* (1872) and *The Way of All Flesh* (1903), Butler's intellectually adventurous explorations along the cultural frontiers of his time appeared in volume after volume. Author of four works on evolution, he was one of the most prolific evolutionary speculators of his time. He was an innovative travel writer and art historian who used the creative

insights of his own painting photography and local knowledge to invent in works like *Alps and Sanctuaries* 1881 a vibrant Italian culture that contrasted with the spiritually frigid experience of his High Church upbringing Despite his range and achievement there remains surprisingly little contemporary analytical commentary on Butler's work Samuel Butler Victorian against the Grain is an interdisciplinary collection of essays that provides a critical overview of Butler's career one which places his multifaceted body of work within the cultural framework of the Victorian age The essays taken together discuss the formation of Victorian England's ultimate polymath an artistic and intellectual ventriloquist who assumed an extraordinary range of roles as satirist novelist evolutionist natural theologian travel writer art historian biographer classicist painter and photographer

The Life and Work of Adelaide Procter Gill Gregory, 2019-01-04 First published in 1998 this volume follows the life and work of Adelaide Procter 1825-1864 one of the most important 19th century women poets to be reassessed by literary critics in recent years She was a significant figure in the Victorian literary landscape A poet who outsold most writers bar Tennyson a philanthropist and Roman Catholic convert Procter committed herself to the cause of single fallen and homeless women She was a key member of the Langham Place Circle of campaigning women and worked tirelessly for the society for Promoting the Employment of Women Many of her poems are concerned with anonymous and displaced women who struggle to secure an identity and place in the world She also writes boldly and unconventionally of women's sexual desires Loved and admired by her father the poet Bryan Procter her editor Charles Dickens and her friend W M Thackeray Procter wrote from the heart of London literary circles From this position she mounted a subtle and creative critique of the ideas and often gendered positions adopted by male predecessors and contemporaries such as John Keble Robert Browning and Dickens himself Gill Gregory's *The Life and Work of Adelaide Procter* Poetry Feminism and Fathers considers the career of this compelling and remarkable woman and discusses the extent to which she struggled to find her own voice in response to the works of some seminal literary fathers

D.H. Lawrence and the Paradoxes of Psychic Life Barbara A. Schapiro, 1999-07-29 Contributing to the debate about D H Lawrence's relationship with and fictional portrayal of women this book discusses how the dynamic tensions of his art dramatically reenact the competing forces of psychic and relational life In her examination of *Sons and Lovers* *The Rainbow* *Women in Love* and various short stories Schapiro discusses how Lawrence's best works reveal a continual struggle to recognize and be recognized by the other as an independent subject Drawing on Jessica Benjamin's psychoanalytic theory of intersubjectivity she also demonstrates how a breakdown of balanced subject-subject relations in his texts gives rise to defensive polarities of gender and of domination and submission
