Forming a Global Community Joseph de Rivera,2022-10-18 To address global problems such as pandemics warming economic inequality mass migration and widespread terrorism Joseph de Rivera argues that we must form a global community A community of eight billion humans is difficult to conceive However it can be imagined and created if we transform our understanding of who humans are and what community entails We can understand who persons are how they are motivated and how a community can be conceived in a way that offers an alternative to individualism and collectivism The mutualism that is proposed provides a moral compass for navigating the challenges that confront us and encourages specific governing structures political economies and rituals that will further the formation of a global community Based on the philosophical analysis of John Macmurray the author's argument relies on an extensive review of the current literature on self personhood emotional motivation social identity forms of community and religious and secular rituals Interdisciplinary in nature it aims to direct philosophy and the social sciences to the challenges of globalism and the creation of a global community **Hamish MacCunn (1868-1916): A Musical Life** Jennifer L. Oates,2016-04-22 Hamish MacCunn's career

unfolded amidst the restructuring of British musical culture and the rewriting of the Western European political landscape Having risen to fame in the late 1880s with a string of Scottish works MacCunn further highlighted his Caledonian background by cultivating a Scottish artistic persona that defined him throughout his life His attempts to broaden his appeal ultimately failed This along with his difficult personality and a series of poor professional choices led to the slow demise of what began as a promising career As the first comprehensive study of MacCunn's life the book illustrates how social and cultural situations as well as his personal relationships influenced his career While his fierce loyalty to his friends endeared

him to influential people who helped him throughout his career his refusal of his Royal College of Music degree and his failure to complete early commissions assured him a difficult path Drawing upon primary resources Oates traces the development of MacCunn's music chronologically juxtaposing his Scottish and more cosmopolitan compositions within a discussion of his life and other professional activities This picture of MacCunn and his music reveals on the one hand a talented composer who played a role in establishing national identity in British music and on the other a man who unwittingly sabotaged his own career

Making Marriage User Friendly Russ Holloman Ph. D., 2012-05-16 Why are some marriages more successful more satisfying and more enduring than others The answer to this question is perhaps the most widely studied and best known part of our marriage and family therapy literature although arguably it is the least understood and certainly the least followed in terms of avoiding the pitfalls that lead to unsuccessful marriages What this book proposes as an answer to this question is the nearest thing we have to a manifesto for marriage and family living It provides us with a clear description of what married life should be like No words or ideas sum up the intention of this manifesto better or indicate more clearly its challenge to contemporary marriages than the words making marriage user friendly
