Love Or Greatness Max Weber And Masculine Thinking A Feminist Inquiry

Daniel Engster, Maurice Hamington

Love Or Greatness Max Weber And Masculine Thinking A Feminist Inquiry:

Love Or Greatness Roslyn Wallach Bologh, 2009-10 This work first published in 1990 reissues the first thorough examination of the essentially masculine nature of Max Weber's social and political thinking Through a detailed examination of his central texts the author demonstrates Weber's masculine reading of social life and shows how his work advocates a masculine form of life that poses a challenge to contemporary women and to feminism In particular she addresses the patriarchal implications of Weber's belief in the need to relegate the ethic of brotherly love to a private sphere in order to make possible rational action and the achievement of greatness in the public sphere Love Or Greatness Roslyn Wallach Bologh, 1990 Love or Greatness provides the first thorough examination of the essentially masculine nature of Max Weber's social and political thought Through detailed interpretation of Weber's central texts the author demonstrates how Weber's work can be seen as advocating a masculine form of life that poses a genuine challenge to feminists **Love or greatness (Routledge Revivals)** Roslyn Bologh, 2009-12-15 This work first published in 1990 reissues the first thorough examination of the essentially masculine nature of Max Weber's social and political thinking Through a detailed examination of his central texts the author demonstrates Weber's masculine reading of social life and shows how his work advocates a masculine form of life that poses a challenge to contemporary women and to feminism In particular she addresses the patriarchal implications of Weber's belief in the need to relegate the ethic of brotherly love to a private sphere in order to make possible rational action and the achievement of greatness in the public sphere *Max Weber, Rudolf Steiner, and Modern Western Esotericism* Aaron French, 2025-03-10 This book challenges previous definitions of modernity by comparing Max Weber 1864-1920 often considered the most important sociologist of the 20th century and Rudolf Steiner 1861-1925 founder of Waldorfpädagogik and the esoteric social reform movement of anthroposophy While acknowledging that Weber and Steiner were different in several respects this research illustrates that the individual histories of these two thinkers are more entangled than previously recognized This includes the influence of esotericism on their thinking as well as their profound concern with science and technological change and an openness to the religious and philosophical concepts of the civilizations of South and East Asia Demonstrating the importance of non-European influences for a full understanding of modernity this book will be a valuable resource for students and scholars of Asian and European philosophy social theory and Asian society *Max Weber* Alan Sica, 2017-09-08 The most profound and enduring social theorist of sociology's classical period Max Weber speaks as cogently to concerns of the new century as he did to those of the past In *Max Weber and the New Century* Alan Sica demonstrated Weber's preeminent position and lasting vitality within social theory by applying his ideas to a broad range of topics of contemporary concern *Max Weber A Comprehensive Bibliography* is a companion volume that offers some 4 600 bibliographic listings of work on Weber making it the most complete guide to the literature in English and a testament to the continued vitality of Weber's thought Sica's work supersedes all previous bibliographical efforts covering the Weber

literature both in the quantity and accuracy of its references and the clarity and convenience of its format In order to demonstrate the enormous variety of Weberiana in English Sica has adopted a liberal criterion for inclusion rather than a critical one choosing to mix the best with what may be more routine work Following a preface in which previous bibliographies and bibliographic problems are discussed the volume opens with a series of five specialized bibliographies The first lists Weber's works in English translation The second lists reviews of Weber's major works including those translated into English while the third covers reviews of recent books and other work on Weber The fourth section contains a selection of dissertations and theses relating to Weber or his ideas The fifth includes primary and secondary sources treating Weber on rationality and rationalization processes The last and largest section offers a comprehensive Weber bibliography of works in English This large scale endeavor attempts to identify with accuracy and completeness the entire universe of Weber scholarship in English It will be an essential scholarly tool for sociologists historians economists and students of cultural and intellectual history

Democracy and the Political in Max Weber's Thought Terry Maley, 2011-01-01 Max Weber is best known as one of the founders of modern sociology and the author of the Protestant Ethic and the Spirit of Capitalism but he also made important contributions to modern political and democratic theory In *Democracy and the Political in Max Weber's Thought* Terry Maley explores through a detailed analysis of Weber's writings the intersection of recent work on Weber and on democratic theory bridging the gap between these two rapidly expanding areas of scholarship Maley critically examines how Weber's realist model of democracy defines and constrains the possibilities for democratic agency in modern liberal democracies Maley also looks at how ideas of historical time and memory are constructed in his writings on religion bureaucracy and the social sciences *Democracy and the Political in Max Weber's Thought* is both an accessible introduction to Weber's political thought and a spirited defense of its continued relevance to debates on democracy

Max Weber Reinhard Bendix, 1998 This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory

Max Weber's Theory of Modernity Michael Symonds, 2016-03-03 This book illuminates an important dimension of the work of Max Weber Weber's theory of meaning and modernity is articulated through an understanding of his account of the way in which the pursuit of meaning in the modern world has been shaped by the loss of Western religion and how such pursuit gives sense to the phenomena of human suffering and death Through a close scholarly reading of Weber's extensive writings and Vocation Lectures the author explores the concepts of paradox and brotherliness as found in Weber's work in order to offer an original exposition of Weber's actual theory of how meaning and meaninglessness work in the modern world In addition to making a substantial and highly original contribution to the sociology of modernity the book applies the theory of meaning extracted from Weber's thought addressing the claim that Weber's work has been rendered out dated by the supposed re-enchantment of the modern world as well as discussing the ways this theory can contribute to

our understanding of the development of specific forms of modernity A rigorous examination of the thought of one of the most important figures in classical sociology this volume will appeal to scholars of sociology social theory and philosophy with interests in modernity Weber and the concept of meaning *The Max Weber Dictionary* Richard Swedberg, Ola Agevall, 2016-09-07 Max Weber is one of the world's most important social scientists but he is also one of the most notoriously difficult to understand This revised updated and expanded edition of *The Max Weber Dictionary* reflects up to the moment threads of inquiry and introduces the most recent translations and references Additionally the authors include new entries designed to help researchers use Weber's ideas in their own work they illuminate how Weber himself thought theorizing should occur and how he went about constructing a theory More than an elementary dictionary however this work makes a contribution to the general culture and legacy of Weber's work In addition to entries on broad topics like religion law and the West the completed German definitive edition of Weber's work *Max Weber Gesamtausgabe* necessitated a wealth of new entries and added information on topics like pragmatism and race and racism Every entry in the dictionary delves into Weber scholarship and acts as a point of departure for discussion and research As such this book will be an invaluable resource to general readers students and scholars alike **Men In The Public Eye** Jeff Hearn, 2006-05-11 Men in the Public Eye reveals why men's domination in and of the public sphere is a vital feature of gender relations in patriarchy It also shows how public domains dominate private domains contributing to the intensification of public patriarchies Jeff Hearn explores these important issues by focusing on the period 1870-1920 when there was massive growth and transformation in the power of the public domains He demonstrates that these historical debates and dilemmas are still relevant today as men search for new postmodern forms of masculinities **Classical Sociology** Bryan S Turner, 1999-12-06 In this book one of the foremost sociologists of the present day turns his gaze upon the key figures and seminal institutions in the rise of sociology This book is a systematic introduction to classical sociology and its development in the twentieth century Accessible and authoritative it will be required reading for anyone interested in sociology and social theory today **BOOK JACKET**

Boundaries of Touch Jean Halley, 2010-10-01 A history of the shifting and conflicting ideas about when where and how we should touch our children Discussing issues of parent child contact ranging from breastfeeding to sexual abuse Jean O Malley Halley traces the evolution of mainstream ideas about touching between adults and children over the course of the twentieth century in the United States Debates over when a child should be weaned and whether to allow a child to sleep in the parent's bed reveal deep differences in conceptions of appropriate adult child contact *Boundaries of Touch* shows how arguments about adult child touch have been politicized simplified and bifurcated into naturalist and behaviorist viewpoints thereby sharpening certain binary constructions such as mind body and male female Halley discusses the gendering of ideas about touch that were advanced by influential social scientists and parenting experts including Benjamin Spock Alfred C Kinsey and Luther Emmett Holt She also explores how touch ideology fared within and against the post World War II feminist

movements especially with respect to issues of breastfeeding and sleeping with a child versus using a crib In addition to contemporary periodicals and self help books on child rearing Halley uses information gathered from interviews she conducted with mothers ranging in age from twenty eight to seventy three Throughout she reveals how the parent child relationship far from being a private or benign subject continues as a highly contested politicized affair of keen public interest

Masculinity and the British Organization Man since 1945 Michael Roper, 1994-01-20 The post war period is often regarded as a time when Britain underwent its managerial revolution the family firm and the gentleman amateur giving way to the large bureaucracy and the trained management expert Yet the conception of modern management as an objective process could hardly be further from the truth Drawing on detailed life history interviews with the post war generation of organization men this study explores the intimacies that operate among men in management It argues that despite the rise of professional management relations between managers continue to function in highly subjective ways The pleasure of technical innovation or of seeing a new product through to the market the mixture of rivalry and patronage that surrounds management succession the hard bargaining of industrial relations at every level managerial functions involve the dramatization of emotions among men By challenging the enduring myth of the rational organization man this book sheds new light on gender segregation in management It argues that the exclusion of women from senior positions cannot be understood simply as the outcome of unprofessional practices A focus on the emotional relations between male managers reveals the psychic dimensions of exclusionary behaviour An emotional economy flourishes among men in management but its workings have been hidden by the myth of the rational organization man

Women and Citizenship Marilyn Friedman, 2005-10-27 The notion of citizenship is complex it can be at once an identity a set of rights privileges and responsibilities an elevated and exclusionary status a relationship between individual and state and more In recent decades citizenship has attracted interdisciplinary attention particularly with the transnational growth of Western capitalism Yet citizenship s relationship to gender has gone relatively unexplored despite the globally pervasive denial of citizenship to women historically and in many places ongoing today This highly interdisciplinary volume explores the political and cultural dimensions of citizenship and their relevance to women and gender Containing essays by a well known group of scholars including Iris Marion Young Alison Jaggar Martha Nussbaum and Sandra Bartky this book examines the conceptual issues and strategies at play in the feminist quest to give women full citizenship status The contributors take a fresh look at the issues going beyond conventional critiques and examine problems in the political and social arrangements practices and conditions that diminish women s citizenship in various parts of the world

Care Ethics and Political Theory Daniel Engster, Maurice Hamington, 2015 Care Ethics and Political Theory brings together new chapters on the nature of care ethics and its implications for politics from some of the most important philosophers working in the field today Chapters take up long standing questions about the relationship between care and justice and develop guidelines for the development of a care

based justice theory Care ethics is further applied to issues such as security privacy law and health care where little work has been previously done By bringing care ethics into conversation with non Western and subaltern cultures the contributing authors further show how care ethics can guide and learn from other traditions A final set of chapters uses care ethics to challenge dominant moral and political paradigms and offer an alternative foundation for future moral and political theory The book as a whole makes the case for care ethics as an equal or superior approach to morality and politics compared with liberalism luck egalitarianism libertarianism the capabilities approach communitarianism and other political theories The volume includes many of the leading care scholars in the world today engaging in both theoretical and applied discussions of this burgeoning field of study Ultimately Care Ethics and Political Theory endeavors to find realistic methods and ways of thinking to create a more caring world

Society and Its Metaphors Jose Lopez,2003-02-01 Both classical and contemporary social theorists have created a range of frameworks to formulate and develop concepts of social structure Focusing on the work of the key theorists Emile Durkheim Karl Marx Max Weber Talcott Parsons and Louis Althusser **Society and its Metaphors** maps the linguistic basis of different theories of social structure

Celebrating 40 Years of Ethnic and Racial Studies Martin Bulmer,John Solomos,2019-12-18 This volume celebrates the 40th Anniversary of Ethnic and Racial Studies It reproduces eleven classic papers published in the journal accompanied by discussions of each paper by invited specialists and responses from the original authors The various discussions in this volume provide an insight into the evolution of contemporary debates and controversies in the field of ethnic and racial studies By bringing together these papers in one volume for the first time this book explores a number of on going debates about race and ethnicity

Transforming Managers Roy Moodley,Stephen Whitehead,2005-06-23 In the 1990s considerable changes in the political and social world have impacted on the character of both public and private organizations At a time of increased uncertainty and insecurity in these organizations new ways of managing and being managed have emerged Recognising that organizational life is part reflective and determined by dominant social discourses factors of gender will inevitably be central to the dynamics of organizational change This book addresses theoretical ideas and mythologies in the examination of gendered organizations The need to examine men in relation to family law and society in general is growing and this book extends this interrogation to work and organizational life It will be of interest to students in management studies public sector management and those involved in public policy making as well as students and academics within gender studies and sociology

Emotion in Organizations Stephen Fineman,2000-09-05 This Second Edition contains key themes with all new contributors and is a completely separate work from the first Emotion in Organization presents original work from leading scholars in the field they engage with emotion as a qualitative phenomenon which shapes and is shaped by organizational life Examining how emotion cannot be simply separated from thinking judgment decision making and other so called rational organizational processes the book challenges us to build a passionate theory of organizations The introduction

reviews the expansion of organizational emotion studies and their appeal to several social scientific disciplines Divided into four parts the book reveals through stories interview **Gender Images in Public Administration** Camilla Stivers, 2002-04-18 Ten years after the first edition Gender Images in Public Administration has been extensively updated to reflect recent research and new theoretical literature Like its predecessor this new edition applies a gender lens to the field of public administration looking at issues of status power leadership legitimacy and change Also included is an examination of women s historical progress toward their current status in federal state and local governments Stivers also assesses the peculiar nature of the organizational reality women experience and their place in society at large as it is shaped by the administrative state Praise for the First Edition Because so much of the way we frame our world is taken for granted we remain blissfully oblivious to the assumptions which serve as the foundation for our relationships rules and policies Stivers calls a halt to this blissful oblivion By holding gender up to the light she shows how it affects our interpretations of legitimacy entitlement and power 3 4 Public Administration Review Camilla Stivers is Levin Professor of Urban Studies and Public Service at the Levin College of Urban Affairs Cleveland State University She is Associate Editor of Public Administration Review author of Bureau Men Settlement Women Constructing Public Administration in the Progressive Era and a coauthor of Government Is Us Public Administration in an Anti government Era She received her Ph D in public administration and policy from Virginia Polytechnic Institute and State University She was a practicing administrator in nonprofit and public agencies for nearly two decades
