Only a revived clarity and accuracy in sight and expression would enable the modern world to reform social order which Williams saw in complete disarray To resuscitate American Poetry Williams concentrated his efforts on the purification of poetic speech his American idiom and on remaking the poetic line in a new measure his variable foot And while his battles with his contemporaries on these issues could be heated he was always a nurturing father to the young a useful presence a model and a liberator He told Ginsberg to pare down and economize Roethke to open up and encouraged Lowell and Levertov to shake off poetic conventions But in all his emphasis on the poem as a made object of concrete physicality or as a field of action he would return again and again to this basic advice to young writers The only thing necessary is to have something to say when at last the opportunity comes to say it Literary Recordings Library of Congress. Poetry Office,1981 *The New American Poetry and Cold War Nationalism* Stephan Delbos,2021-08-20 This book examines Donald M Allen s crucially influential poetry anthology *The New American Poetry* 1945 1960 from the perspectives of American Cold War nationalism and literary transnationalism considering how the anthology expresses and challenges Cold War norms claiming post war Anglophone poetic innovation for the United States and reflecting the conservative American society of the 1950s Examining the crossroads of politics social life and literature during the Cold War this book puts Allen s anthology into its historical context and reveals how the editor was influenced by the volatile climate of nationalism and politics that pervaded every aspect of American life during the Cold War Reconsidering the dramatic influence that Allen s anthology has had on the way we think about and anthologize American poetry and recontextualizing *The New American Poetry* as a document of the Cold War this study not only helps us come to a more accurate understanding of how the anthology came into being but also encourages new ways of thinking about all of Anglophone poetry from the twentieth century and today *Books in Print* ,1982 Poet Srinivas Krishna,1973
