Henry Thomas Hall

Love Is The Cure:

The Conservator, 1908 Ovid's Terence Iris Brecke, 2023-11-20 This book investigates the complex reception of Terence in Ovid and a number of allusions to the Terentian comedies in the love elegies and the exilic elegiac epistle *Tristia* 2. The genres of Latin love elegy and New Comedy are often seen as closely connected in research and one leading view is that Latin love elegy to a large degree springs out of the comic genre. However, though both genres are strongly rooted in social practice and presents interpersonal relationships in a non-mythological everyday setting, there are also major differences between them. Marriage, for instance, is the conventional goal for the young lover within the comic genre, whereas the elegiac lover should avoid it. Taking into account both the similarities and the crucial differences between the comic genre and Latin love elegy and key elegiac topoi such as *servitium amoris* and *militia amoris*, this book demonstrates an intricate connection between Ovid and Terence and a complex nexus of allusions that goes straight to the core of Ovid's elegiac authorship. Winner of the Trends in Classics Book Prize 2023 **The Erotic Screen** Thomas Wolman, 2020-02-29 The *Erotic Screen* takes as its starting point that Hollywood movies were steeped in eroticism from the beginning, but censorship forced filmmakers to devise hidden sexual subtexts to preserve a film's subliminal eroticism. In this way, Hollywood films seed our collective psyches with unconscious subtexts. Science-fiction films are particularly effective, using horror to induce sexual excitement, as studied in Part I. The nature of desire in a trio of science-fiction thrillers. Another device was to display unrestricted consumption of alcohol and tobacco and gratuitous spending. Today, this is a cliché of mainstream cinema, but some filmmakers expose the dark underbelly. The five films scrutinized in Part II, *Portraits of Addiction in Hollywood Melodrama*, make explicit the connections between greed, addictions, and sexuality. Finally, in Part III, *Perverse Desire in Mainstream Cinema*, the nuanced position toward the psychosexual obsessions on view in the films is investigated by posing the provocative question of whether S/M practice can work as a cure for psychic suffering by raising the alarm over sexuality run amok in a suburban community and by offering a devastating critique of voyeurism's fatal attraction to viewers. The *Erotic Screen* is an investigation of the nature of human sexuality through the medium of film. It stirs up discussion and debate and helps these movies live on in our minds Letters of Unconditional Love Bunny Moazed, 2016-09-16 When spirit's original state of direct communication is reached, neither the body nor the miracle serves any purpose. Doggett,2012-04-30 What is love Popular culture bombards us with notions of the intoxicating capacities of love or

of beguiling women who can bewitch or heal to the point that it is easy to believe that such images are timeless and universal. Not so argues Laine Doggett in *Love Cures*. Aspects of love that are expressed in popular music such as love is a drug, sexual healing, and love potion number nine trace deep roots to Old French romance of the high Middle Ages. A young woman heals a poisoned knight. A mother prepares a love potion for a daughter who will marry a stranger in a faraway land. How can readers interpret such events? In contrast to scholars who have dismissed these women as fantasy figures or labeled them witches, Doggett looks at them in the light of medical and magical practices of the high Middle Ages. *Love Cures* argues that these practitioners as represented in romance have shaped modern notions of love. *Love Cures* seeks to engage scholars of love, marriage, and magic in disciplines as diverse as literature, history, anthropology, and philosophy.
