Living in a Hippie Community in the Australian rainforest I in January 1992 started to write about my visions and spiritual experiences I described ten places in our heads as homes of the human spirit There are many publicly known people who are involved in the move of the Earth to a higher dimension in 2013 More than 200 000 people live on Earth and at the same time on a parallel world which is a home for immortal people The evangelist John spoke with a Cross of Light I believe that a new Cross of Light will appear on Earth soon In July 1979 I met the devil and his wife on the inner German border I name some people who have been the devil of previous Earth like planets in older universes Alex Collier wrote in 95 that since my 40th birthday on 3 23 1994 vibrations leave all black holes of our local universe changing its nature lifting all planets into higher dimensions I believe these frequencies come from the Immortals living on Earth now including me

A Novel Marketplace Evan Brier, 2012-02-25

As television transformed American culture in the 1950s critics feared the influence of this newly pervasive mass medium on the nation s literature While many studies have addressed the rhetorical response of artists and intellectuals to mid twentieth century mass culture the relationship between the emergence of this culture and the production of novels has gone largely unexamined In A Novel Marketplace Evan Brier illuminates the complex ties between postwar mass culture and the making marketing and reception of American fiction Between 1948 when television began its ascendancy and 1959 when Random House became a publicly owned corporation the way American novels were produced and distributed changed considerably Analyzing a range of mid century novels including Paul Bowles s The Sheltering Sky Ray Bradbury s Fahrenheit 451 Sloan Wilson s The Man in the Gray Flannel Suit and Grace Metalious s Peyton Place Brier reveals the specific strategies used to carve out cultural and economic space for the American novel just as it seemed most under threat During this anxious historical moment the book business underwent an improbable expansion by capitalizing on an economic boom and a rising population of educated consumers and by forming institutional alliances with educators and cold warriors to promote reading as both a cultural and political good A Novel Marketplace tells how the book trade and the novelists themselves successfully positioned their works as embattled holdouts against an oppressive mass culture even as publishers formed partnerships with mass culture institutions that foreshadowed the multimedia mergers to come in the 1960s As a foil for and a partner to literary institutions mass media corporations assisted in fostering the novel s

Liquidation Game Filip Slavski,Yuri Shapoval,2025-10-14 Millions of innocent people were arrested in Stalin s Soviet Union during the 1930s and forced to confess to crimes they did not commit Oleksandr Shumskyi the Ukrainian Marxist revolutionary was one of the few to have refused and to protest Stalin s Liquidation Game opens a window into understanding Soviet repression in the Ukraine *Dostoevsky and the Affirmation of Life* Predrag Cicovacki,2014-02-18 Dostoevsky s philosophy of life is unfolded in this searching analysis of his five greatest works Notes from the Underground Crime and Punishment The Idiot The Possessed and The Brothers Karamazov Predrag Cicovacki deals with a fundamental issue in Dostoevsky s opus neglected by all of his commentators How can we affirm life and preserve a healthy optimism in the face of an increasingly troublesome reality This work displays the vital significance of Dostoevsky s philosophy for

understanding the human condition in the twenty first century The main task of this insightful effort is to reconstruct and examine Dostoevsky s aesthetically motivated affirmation of life based on cycles of transgression and restoration If life has no meaning as his central figures claim it is absurd to affirm life and pointless to live Since Dostoevsky s doubts concerning the meaning of life resonate so deeply in our own age of pessimism and relativism the central question of this book whether Dostoevsky can overcome the skepticism of his most brilliant creation is innately relevant This volume includes a thorough literary analysis of Dostoevsky s texts yet even those who have not read all of these novels will find Cicovacki s analysis interesting and enthralling The reader will easily extrapolate Cicovacki s own philosophical interpretation of Dostoevsky s literary heritage
