Sam Mickey, 2015-07-16 Like never before in history humans are becoming increasingly interconnected with one another and with the other inhabitants and habitats of Earth There are numerous signs of planetary interrelations from social media and international trade to genetic engineering and global climate change The scientific study of interrelations between organisms and environments Ecology is uniquely capable of addressing the complex challenges that characterize our era of planetary coexistence Whole Earth Thinking and Planetary Coexistence focuses on newly emerging approaches to ecology that cross the disciplinary boundaries of sciences and humanities with the aim of responding to the challenges facing the current era of planetary interconnectedness It introduces concepts that draw out a creative contrast between religious and secular approaches to the integration of sciences and humanities with religious approaches represented by the geologist Thomas Berry and the whole Earth thinking of Stephanie Kaza and Gary Snyder and the more secular approaches represented by the geophilosophy of poststructuralist theorists Gilles Deleuze and Félix Guattari This book will introduce concepts engaging with the ecological challenges of planetary coexistence to students and professionals in fields of environmental studies philosophy and religious studies [On the Verge of a Planetary Civilization](#) Sam Mickey, 2014-09-18 On the Verge of a Planetary Civilization presents a philosophical contribution to integral ecology an emerging approach to the field that crosses disciplinary boundaries of the humanities and sciences In this original book Sam Mickey argues for the transdisciplinary significance of philosophical concepts that facilitate understandings of and responses to the boundaries involved in ecological issues Mickey demonstrates how much the provocative French philosopher Gilles

Deleuze contributes to the development of such concepts situating his work in dialogue with that of his colleagues Felix Guattari and Jacques Derrida and with theorists who are adapting his concepts in contemporary contexts such as Isabelle Stengers Catherine Keller and the speculative realist movement of object oriented ontology The book focuses on the overlapping existential social and environmental aspects of the ecological problems pervading our increasingly interconnected planet It explores the boundaries between self and other humans and nonhumans sciences and humanities monism and pluralism sacred and secular fact and fiction the beginning and end of the world and much more [The Poems of John Keats](#) John Keats,1905 **Its Just What I've Always Wanted!** Chiquita Woodard,1998-11-04 The former Gift Expert for America Online takes out the worry and puts the fun back into giving with these ideas for unusual yet creative gifts Line drawings *The Complete Poems of John Keats* John Keats,2023-11-27 In *The Complete Poems of John Keats* the reader is immersed in the lush sensuous world of one of the foremost figures of the Romantic era Keats s poetry is characterized by its rich imagery and profound exploration of beauty mortality and the nature of human experience Written in a variety of forms including sonnets odes and narrative poems each piece reflects his eloquent use of language and his innovative sound patterns Within the context of the early 19th century Keats grappled with the turbulent socio political landscape often reflecting the tension between art and reality that defines much of Romantic literature John Keats born in 1795 was profoundly influenced by the genteel yet suffering world around him His brief but impactful career was marked by personal tragedies and a deep engagement with the philosophical ideas of his time particularly the notions of beauty and transformation through the creative process The struggles with his own health the loss of loved ones and the quest for artistic fulfillment fueled his passionate writing allowing him to capture the fragility of life with poignant depth This anthology is essential reading for anyone wishing to delve into the complexities of human emotion and nature s splendor Keats s ability to evoke visceral feelings through carefully crafted verse makes this collection not just poetry but an invitation to experience the profound connections between love loss and the fleeting beauty of existence *The Letters and Poems of John Keats* John Keats,John Gilmer Speed,Richard Monckton Milnes Houghton,2025-09-03 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Letters and Poems of John Keats** John Keats,1883 **THE COMPLETE SONNETS OF JOHN KEATS (63 Poems in One Edition)** John Keats,2017-08-07 This unique collection of John Keats complete sonnets has been formatted to the highest digital standards and adjusted for readability on all devices John Keats 1795 1821 was an English Romantic poet Content Introduction Life of John Keats by Sidney Colvin Sonnets Bright Star Would I Were Steadfast As Thou Art On First Looking into Chapman s Homer Sonnet When I Have Fears That I May Cease to Be Sonnet on the Sonnet Sonnet to Chatterton Sonnet Written in Disgust of Vulgar Superstition Sonnet Why Did I Laugh Tonight No Voice Will Tell Sonnet to a
