Luminous Debris Reflecting On Vestige In Provence And Languedoc:

Luminous Debris Gustaf Sobin, 2000-01-11 Interpreting vestige with the eloquence of a poet and the knowledge of a field archaeologist Gustaf Sobin explores his elected terrain the landscapes of Provence and Languedoc Drawing on prehistory protohistory and Gallo Roman antiquity the twenty six essays in this book focus on a particular place or artifact for the relevance inherent in each A Bronze Age earring or the rippling wave pattern in Massiolite ceramic are more than archival curiosities for Sobin Instead they invite inquiry and speculation on existence itself Artifacts are read as realia and history as an uninterrupted sequence of object lessons As much travel writing as meditative discourse **Luminous Debris** is enhanced by a prose that tracks questions and reflects on the materials invoked Sobin engages the reader with precise descriptions of those very materials and the messages to be gleaned from their examination be they existential ethical or political An American expatriate living in Provence for the past thirty five years Gustaf Sobin shares his enthusiasm for his adopted landscape and for a vertical interpretation of its strata In **Luminous Debris** he creates meaning out of matter and celebrates instances of reality past and present

Luminous Debris Gustaf Sobin, 1999 A wonderful addictive book Gustaf Sobin s prose combines descriptive precision with evocative power calling to mind the poetic scholarly writing of Barthes or Bachelard As he records and links the scattered fragments some infinitesimal of a regional past Sobin offers wonder regret and often a sharp critique of contemporary society James Clifford author of *Routes Travel and Translation in the Late 20th Century* *Ladder of Shadows* Gustaf Sobin, 2009-01-05 In *Ladder of Shadows* Gustaf Sobin is always in search of the kind of phenomena that might potentially confer sense upon one s own existence In the course of this search Sobin s essays enact a lovely and compelling labor of making the past present while also making the present unfold and open itself to history Joshua Clover author of *The Totality for Kids* Gustaf Sobin s *Ladder of Shadows* is to Proven al consciousness what his perfect sensorium of poetry is to a rose and the sound of a river Sobin s writing is a gift that we never learn to expect it always surprises Michael McClure poet and playwright I feel as though I just walked across southern France from 27 B C to A D 1200 accompanied by a really smart articulate and avid local insider Along the way he introduced me to monks potters stonemasons architects glassblowers farmers still using late Neolithic methods woodcutters and salt dryers Perhaps the reader should be warned not to open the book unless there are several days of free time available It is almost impossible to put it down Dean MacCannell author of *The Tourist A New Theory of the Leisure Class* [The Rough Guide to Languedoc & Roussillon](#) Brian Catlos, 2010-09-01 [The Rough Guide to Languedoc Roussillon](#) is the most comprehensive guide to this beautiful and varied corner of southwest France Written by a renowned historian with more than 15 years experience in the region it s packed with insightful accounts detailed practical information and clear maps You ll find everything you need to know to make the most of the region s highlights with information on accommodation places to eat and much more whether in the vibrant city of Toulouse the magnificent fortress of Carcassonne the picturesque beach town of Collioure or the sleepy

hamlets of the Orb valley The Rough Guide to Languedoc Roussillon includes thorough coverage of outdoor activities from boating along the Canal du Midi and hiking in the Pyrenees to rafting or canoeing down the Ari ge Plus there s insightful historical and cultural background information and two lavishly illustrated colour inserts introducing you to the legacy of the Cathars and the food and wine of Languedoc and Roussillon Make the most of your time on earth with The Rough Guide to Languedoc Roussillon

Cézanne's Shadows Nancy Locke, 2025-04-08 Modernism has often been described as a rejection of the art of the past but C zanne s *Shadows* makes an eloquent case for precisely the opposite artistic practice In this book Nancy Locke argues that the idea of a modernist forgetting would never have taken hold if the modernist painters themselves and C zanne in particular had not wrestled so fiercely with the work of their predecessors C zanne routinely interrupted his work with a model to go back to the Louvre or to consult sketches and studies he did after the old masters Exploring the importance of C zanne s involvement with the art of the past in essays devoted to Poussin Chardin and Rubens Locke argues that C zanne s art cannot be understood without an investigation into what he made of these earlier models and how they continued to haunt even his mature work C zanne s *Shadows* offers an elegant new model for understanding the relationship between modernist painting and the creative tradition it often feigns to reject This study of artistic ambitions and an analysis of nineteenth century art writing will be especially valuable to scholars of modernism and European art history **Aura**

Gustaf Sobin, 2009 Cultural Writing Essays Literary Criticism Gustaf Sobin s final book of essays continues his meditations on the meaning of archaeological vestiges in the south of France Sobin s writing synthesizes insights from anthropology philosophy theology and the history of art to produce a spiritual and poetic travelogue through vanished time Left uncompleted at the end of his life the present volume would have concluded the trilogy whose first two volumes were published by University of California Press *Luminous Debris* 1999 and *Ladder of Shadows* 2008 The scope and ambition of Sobin s poetic archaeology can be compared only to Walter Benjamin s *Arcades* project also left uncompleted and which similarly sought to draw poetic and philosophical insights from the remnants of material culture *The Allure of Grammar*

Douglas R. Rutledge, 2019-02-28 Of Angie Estes the poet and critic Stephanie Burt has written that she has created some of the most beautiful verbal objects in the world In *The Allure of Grammar* Doug Rutledge gathers insightful responses to the full range of Estes s work from a review of her first chapbook to a reading of a poem appearing in her 2018 book *Parole* that approach these beautiful verbal objects with both intellectual rigor and genuine awe In addition to presenting an overview of critical reactions to Estes s oeuvre reviews by Langdon Hammer Julianne Buchsbaum and Christopher Spaide also provide a helpful context for approaching a poet who claims to distrust narrative Original essays consider the craft of Estes s poetry and offer literary analysis Ahren Warner uses line breaks to explore a postmodern analysis of Estes s work Mark Irwin looks at her poetic structure Lee Upton employs a feminist perspective to explore Estes s use of italics and B K Fischer looks at the way she uses dance as a poetic image Doug Rutledge considers her relationship to Dante and to the literary tradition through

her use of ekphrasis An interview with Estes herself in which she speaks of a poem as an arranged place where experience happens adds her perspective to the mix at turns resonating with and challenging her critics The Allure of Grammar will be useful for teachers and students of creative writing interested in the craft of non narrative poetry Readers of contemporary poetry who already admire Estes will find this collection insightful while those not yet familiar with her work will come away from these essays eager to seek out her books

Heads Will Roll, 2012-01-20 The decapitation motif recurs in nearly all medieval and early modern genres from saints lives and epics to comedies and romances yet decollation is often little regarded save as a marker of humanity that is as the moment mortality exits or inhumanity that is as the moment the supernatural enters However as a seat of reason wisdom and even the soul the head has long been afforded a special place in the body politic even when separated from its body proper Capitalizing upon the enduring fascination with decapitation in European culture this collection examines through a variety of critical lenses the recurring roles rolls of severed human heads in the medieval and early modern imagination Contributors are Nicola Masciandaro Mark Faulkner Jay Paul Gates Christine Cooper Rompato Dwayne Coleman Mary Leech Tina Boyer Ren e Ward Andrew Fleck Thomas Herron Thea Cervone and Asa Simon Mittman Preface by Jeffrey Jerome Cohen

Place and Memory in the Singing Crane Garden Vera Schwarcz, 2014-11-05 The Singing Crane Garden in northwest Beijing has a history dense with classical artistic vision educational experimentation political struggle and tragic suffering Built by the Manchu prince Mianyu in the mid nineteenth century the garden was intended to serve as a refuge from the clutter of daily life near the Forbidden City In 1860 during the Anglo French war in China the garden was destroyed One hundred years later in the 1960s the garden served as the ox pens where dissident university professors were imprisoned during the Cultural Revolution Peaceful Western involvement began in 1986 when ground was broken for the Arthur Sackler Museum of Art and Archaeology Completed in 1993 the museum and the Jillian Sackler Sculpture Garden stand on the same grounds today In Place and Memory in the Singing Crane Garden Vera Schwarcz gives voice to this richly layered corner of China s cultural landscape Drawing upon a range of sources from poetry to painting Schwarcz retells the garden s complex history in her own poetic and personal voice In her exploration of cultural survival trauma memory and place she reveals how the garden becomes a vehicle for reflection about history and language Encyclopedic in conception and artistic in execution Place and Memory in the Singing Crane Garden is a powerful work that shows how memory and ruins can revive the spirit of individuals and cultures alike
