Lying Cheating And Stealing:

Lying, Cheating, and Stealing Stuart P. Green, 2006 In the first in depth study of its kind Stuart Green exposes the ambiguities and uncertainties that pervade the white collar crimes and offers an approach to their solution Drawing on recent cases involving such figures as Martha Stewart Bill Clinton Tom DeLay Scooter Libby Jeffrey Archer Enron s Andrew Fastow and Kenneth Lay HealthSouth s Richard Scrushy Yukos Oil s Mikhail Khodorkovsky and the Arthur Andersen accounting firm Green weaves together what at first appear to be disparate threads in the criminal code revealing a complex and fascinating web of moral insights about the nature of guilt and innocence and what fundamentally constitutes conduct worthy of punishment by criminal sanction BOOK JACKET *Lying, Cheating & Stealing* Adrienne Marcus, 1984 *Lying, Cheating and Stealing* Sara Nickles, 1997-10-01 *Lying, Cheating and Stealing*, 1993 **Lying, Cheating, Stealing** Gwynn Nettler, 1982 This volume applies the life course approach to criminal careers developed in the first book of the set to crimes of deception treason and theft white collar crimes It discusses the web of influences affecting individuals to commit these crimes as well as the society s attempts to detect and prevent them Chapter 1 looks at deceit s impact on offenders victims and society and concludes that methods of detection such as the polygraph are not consistently reliable Chapter 2 discusses treason The American Canadian and British laws against treason are surveyed and individual and collective motives e g ideology power for committing this crime are discussed The characteristics of several spies and traitors illustrate their diversity and generally high social status Chapter 3 examines different types of fraud including embezzlement forgery arson and confidence games Motivation for business and political fraud is a two sided phenomenon the pull of money and power coupled with the push from financial pressures Reducing the profitability of this type of crime may have stronger effects on crime rates than increasing punishment Theft by force or stealth satisfies a complex group of desires for excitement independence property and gratified hostility Yet the occurrence of shoplifting employee theft or burglary varies with opportunities to steal NCJRS modified **Lying, Cheating & Stealing** Sara Nicklès, 1997 With over 25 page turning excerpts from this century s wildest and most entertaining American writers Lying Cheating Stealing brings back the days when getting rich and getting even were more important than multitasking working out and recycling This priceless collection reminds readers how good it feels to get what you want in bed in the bank and just in the nick of time *The Prosecutor's Manual on Economic Crime* Economic Crime Project (Chicago, Ill.), 1977 *Honor Codes at the Service Academies* United States. Lies and Liars Gini Graham Scott, 2016-03-01 Approximately 12 million Americans or one in twenty five are sociopaths But what does this statistic mean What exactly is a sociopath What do they do to be labeled as such And how many people are affected by them While everyday lying has become acceptable and even socially necessary it is often difficult to discover when someone is manipulating you through lies or other actions Since a sociopath has no conscience he or she feels no

remorse about piling lie on top of lie until eventually the facade comes crashing down and he or she is exposed When Dr Scott was warned about a film producer she had hired she confronted the woman only to be fed explanations and excuses Eventually Scott found that she had been the victim of this sociopath for five years along with many others In this book she delves into medical research on sociopaths as well as interviews with sociopaths and victims alike to provide a comprehensive picture of this mental disorder Lies and Liars also includes information about The types of lies told by sociopaths in different situations The relationships between sociopaths and victims Recognizing when someone is lying How to deal with a suspected or discovered sociopathic liar The odds are very high that you know a sociopath already so figure out what signs to look for to prevent yourself or your loved ones being manipulated or harmed [AQA A-level Philosophy Year 1 and AS](#) Jeremy Hayward, Gerald Jones, Dan Cardinal, 2017-09-04 Exam Board AQA Level AS A level Subject Philosophy First Teaching September 2016 First Exam June 2017 Enable students to critically engage with the new 2017 AQA specifications with this accessible Student Book that covers the key concepts and philosophical arguments offers stimulating activities provides a key text anthology and assessment guidance Cements understanding of complex philosophical concepts and encourages students to view ideas from different approaches through clear and detailed coverage of key topics Strengthens students analytical skills to develop their own philosophical interpretations using a variety of inventive and thought provoking practical activities and tasks Encourages students to engage with the anthology texts with references throughout and relevant extracts provided at the back of the book for ease of teaching and studying Stretches students conceptual analysis with extension material Helps AS and A level students to approach their exams with confidence with assessment guidance and support tailored to the AQA requirements
