Lyon Geneve:

Dangerous and Dishonest Men: The International Bankers of Louis XIV's France G. Rowlands,2014-11-20 At the start of the eighteenth century Louis XIV needed to remit huge sums of money abroad to support his armies during the War of the Spanish Succession This book explains how international bankers moved French money across Europe and how the foreign exchange system was so overloaded by the demands of war that a massive banking crash resulted , **The School of Montaigne in Early Modern Europe** Warren Boutcher,2017-03-09 This major two volume study offers an interdisciplinary analysis of Montaigne's Essais and their fortunes in early modern Europe and the modern western university Volume one focuses on contexts from within Montaigne's own milieu and on the ways in which his book made him a patron author or instant classic in the eyes of his editor Marie de Gournay and his promoter Justus Lipsius Volume two focuses on the reader writers across Europe who used the Essais to make their own works from corrected editions and translations in print to life writing and personal records in manuscript The two volumes work together to offer a new picture of the book's significance in literary and intellectual history Montaigne's is now usually understood to be the school of late humanism or of Pyrrhonian scepticism This study argues that the school of Montaigne potentially included everyone in early modern Europe with occasion and means to read and write for themselves and for their friends and family unconstrained by an official function or scholastic institution For the Essais were shaped by a battle that had intensified since the Reformation and that would continue through to the pre Enlightenment period It was a battle to regulate the educated individual's judgement in reading and acting upon the two books bequeathed by God to man The book of scriptures and the book of nature were becoming more accessible through print and manuscript cultures But at the same time that access was being mediated more intensively by teachers such as clerics and humanists by censors and institutions by learned authors of past and present and by commentaries and glosses upon those authors Montaigne enfranchised the unofficial reader writer with liberties of judgement offered and taken in the specific historical conditions of his era The study draws on new ways of approaching literary history through the history of the book and of reading The Essais are treated as a mobile transnational work that travelled from Bordeaux to Paris and beyond to markets in other countries from England and Switzerland to Italy and the Low Countries Close analysis of editions paratexts translations and annotated copies is informed by a distinct concept of the social context of a text The concept is derived from anthropologist Alfred Gell's notion of the art nexus the specific types of actions and agency relations mediated by works of art understood as indexes that give rise to inferences of particular kinds Throughout the two volumes the focus is on the particular nexus in which a copy an edition an extract is embedded and on the way that nexus might be described by early modern people **Bulletin** Institut national genevois,1875 **History of the Reformation in Europe in the Time of Calvin (Vol. 1-8)** J. H. Merle d'Aubigne,2023-11-24 In History of the Reformation in Europe in the Time of Calvin J H Merle d Aubign meticulously

chronicles the profound socio religious upheavals of 16th century Europe emphasizing the Reformation s intricate theological debates and its transformative impact on society The work is meticulously structured across eight volumes employing a narrative style that combines rigorous scholarship with a narrative flair allowing readers to grasp the complexities of the period while engaging with the vibrant personalities of reformers D Aubign situates Calvin not only as a pivotal theological figure but as a leader whose ideas resonated across Europe influencing various social and political dimensions of the Reformation movement J H Merle d Aubign a Swiss historian and Protestant theologian was deeply influenced by the religious turbulence of his time having lived through both the Reformation s aftermath and the rise of liberalism in Europe His background as a pastor instilled in him a profound commitment to theological accuracy and an understanding of the moral and spiritual struggles faced by those involved in the Reformation This personal connection to the subject matter lends a unique authenticity to his comprehensive and insightful exploration of Calvin s role This monumental work is essential for anyone seeking to comprehend the Reformation s lasting impacts and the theological debates that shaped modern Christian thought Both scholars and general readers will appreciate D Aubign s dedication to historical accuracy combined with a compelling narrative History of the Reformation in Europe in the Time of Calvin serves as an indispensable resource that not only informs but also inspires reflection on the enduring significance of religious transformation *Zoological Series* Field Museum of Natural History,1926 Publication ,1926 *An Itinerary of France and Belgium* Heinrich August Ottokar Reichard,1818 **French Vernacular Books / Livres vernaculaires français (FB) (2 vols.)** Andrew Pettegree,Malcolm Walsby,Alexander Wilkinson,2007-11-30 This work offers for the first time a complete list of all books published wholly or partially in the French language before 1601 Based on twelve years of investigations in libraries in France the United Kingdom the United States Germany the Netherlands and elsewhere it provides an analytical short title catalogue of over 52 000 bibliographically distinct items with reference to surviving copies in over 1 600 libraries worldwide Many of the items described are editions and even complete texts fully unknown and re discovered by the project French Vernacular Books is an invaluable research tool for all students and scholars interested in the history culture and literature of France as well as historians of the early modern book world For vols III IV please go to French Books III IV *Calvin's Geneva* E. William Monter,2012-06-20 For over four hundred years the city of Geneva has been important in Western history The character of this city steady serious erudite clannish and proud has remained virtually unchanged since Calvin s time the heroic age when she first became famous Professor Monter relates the success story of this fascinating city through a fresh synthesis of printed and archival sources In the sixteenth century Geneva succeeded in winning and maintaining her independence a feat unique in Reformation Europe Into this special environment came Calvin and his triumph was the result of a brilliant mind and an undeviating will being placed in the midst of the crude and confused surroundings of a revolutionary commune Professor Monter explores the components of Geneva s and Calvin s fame in a number of ways First he outlines the history of

the city from the early sixteenth century to Calvin's death in 1564 showing the tumultuous environment of the city where Calvin worked and the means by which local opposition to Calvin dissolved. He next describes the principal institutions and social groups of Calvin's Geneva: the established church, the civil government, and the foreign refugee communities. Finally, he assesses Calvin's legacy to Geneva and discusses the workings of Calvinism after its founder's death. As a whole, Calvin's Geneva is a revealing portrait of a major city and an acute analysis of its effect on one of the most important men in the sixteenth century.
