Lyric Potential:

Lyric Scott Brewster, 2009-06-02 The term lyric has evolved been revised redefined and contested over the centuries In this fascinating introduction Scott Brewster traces the history of the term from its classical origins through the early modern Romantic and Victorian periods and up to the twenty first century demonstrates the influence of lyric on poetic practice literature music and other popular cultural forms uses three aspects the lyric self love and desire and the relationship between lyric poetry and performance as focal points for further discussion not only charts the history of lyric theory and practice but re examines assumptions about the lyric form in the context of recent theoretical accounts of poetic discourse Offering clarity and structure to this often intense and emotive field Lyric offers essential insights for students of literature performance music and cultural studies

Cognitive Ecopoetics Sharon Lattig, 2020-11-12 New insights from cognitive theory and literary ecocriticism have the power to transform our understanding of one of the most important literary genres the lyric poem In Cognitive Ecopoetics Sharon Lattig brings these two schools of criticism together for the first time to consider the ways in which lyric forms re enact cognitive processes of the mind and brain Along the way the book reads anew the long history of the lyric from Andrew Marvell through canonical poets such as Samuel Taylor Coleridge Ralph Waldo Emerson and Emily Dickinson to contemporary writers such as Susan Howe and Charles Olson

Time and Literature Thomas M. Allen, 2018-03-29 Time and Literature features twenty essays on topics from aesthetics and narratology to globalisation and queer temporalities and showcases how time studies often referred to as the temporal turn cut across and illuminate research in every field of literature as well as interdisciplinary approaches drawing upon history philosophy anthropology and the natural sciences Part one Origins addresses fundamental issues that can be traced back to the beginnings of literary criticism Part two Developments shows how thinking about Time has been crucial to various interpretive revolutions that have impacted literary theory Part three Application illustrates the centrality of temporal theorising to literary criticism in a variety of contemporary approaches from ecocriticism and new materialisms to media and archive studies The first anthology to provide a synthesis of recent scholarship on the temporality of literary language from across different national and historical periods Time and Literature will appeal to academic researchers and interested laypersons alike

Catullus in Twentieth-Century Music Stephanie Oade, 2024-08-19 One of the most famous voices to have survived from the Roman world Catullus s poetry is still amongst the most popular and widely read But what is it that makes this 2 000 year old voice so relevant so personal and so endlessly fascinating Reinvigorating discussions around the nature of Catullus s lyricism Catullus in Twentieth Century Music takes a completely new approach to Catullus and ideas of lyric It centres around four musical works from the twentieth century each one capturing the essence of Catullus in musical retellings and showcasing a very personal response to the original text Considering how and why these musical composers used Catullus s poetry as their stimulus allows us to uncover new ideas about Catullus s poetry By considering the very

process of reception Stephanie Oade takes a broader view of lyric identifying traits and characteristics that are common to both music and poetry thus transcending the boundaries of individual art forms in order to consider the genre in larger interdisciplinary terms It offers insights into compositional processes and challenges audiences to think about ways of engaging with music and poetry More than anything it shows how ancient voices continue to resound in modernity and offer everlasting expression for our own experiences and emotions

Word of Mouth Chad Bennett, 2018-05-15 *Word of Mouth* brings together the insights of queer and lyric theory to tell the story of how gossip modeled forms of sociality and voice that poets experimented with over the course of the twentieth century Through a set of case studies of culturally diverse American poets Gertrude Stein Langston Hughes Frank O'Hara James Merrill and others who absorbed and contended with the loose talk that swirled about them and their work the book argues that gossip became a vehicle for the performance of alternative sexualities and concomitant meditations on alternative modes of poetic practice At the heart of this argument is a queer revaluation of modern lyric poetry Attending to gossip's key role in modern and contemporary poetry enables a recognition of the unpredictable ways that conventional understandings of the modern lyric poem as for example an utterance smudging the lines between private and public knowing and unknowing intimacy and strangeness have been shaped by and afforded a uniquely suitable space for the expression of queer sensibilities More than simply mapping a curious poetic mode then *Word of Mouth* contributes a crucial and largely neglected queer perspective to current lyric studies and its renewed scholarly debate over the practices and forms of lyric poetry The book presents new and instructive queer contexts for understanding the influential formal achievements of Stein Hughes O'Hara and Merrill and uncovers the unexpected ways that the history of the modern lyric intertwines with histories of sexuality

Poetry in Dialogue in the Duecento and Dante David Rowe, 2020 This volume explores poetic dialogue and dialogic patterns in medieval vernacular Italian poetry It focuses on representations of conversion narratives and poetic subjectivity in the writings of Guittone d'Arezzo Guido Guinizelli and Guido Cavalcanti and Dante

Complicating the History of Western Translation Siobhán McElduff, Enrica Sciarrino, 2014-04-08 As long as there has been a need for language there has been a need for translation yet there is remarkably little scholarship available on pre modern translation and translators This exciting and innovative volume opens a window onto the complex world of translation in the multilingual and multicultural milieu of the ancient Mediterranean From the biographies of emperors to Hittite scribes in the second millennium BCE to a Greek speaking Syrian slyly resisting translation under the Roman empire the papers in this volume fresh and innovative contributions by new and established scholars from a variety of disciplines including Classics Near Eastern Studies Biblical Studies and Egyptology show that translation has always been a phenomenon to be reckoned with Accessible and of interest to scholars of translation studies and of the ancient Mediterranean the contributions in *Complicating the History of Western Translation* argue that the ancient Mediterranean was a translational society even when paradoxically cultures resisted or avoided

translation Indeed this volume envisions an expansion of the understanding of what translation is how it works and how it should be seen as a major cultural force Chronologically the papers cover a period that ranges from around the third millennium BCE to the late second century CE geographically they extend from Egypt to Rome to Britain and beyond Each paper prompts us to reflect about the problematic nature of translation in the ancient world and challenges monolithic accounts of translation in the West

Love's Wounds Cynthia N. Nazarian, 2017-01-10 Love's Wounds takes an in depth look at the widespread language of violence and abjection in early modern European love poetry Beginning in fourteenth century Italy this book shows how Petrarch established a pattern of inequality between suffering poet and exalted Beloved rooted in political patriarchy Sixteenth and early seventeenth century French and English poets reshaped his model into an idiom of extravagant brutality coded to their own historical circumstances Cynthia N Nazarian argues that these poets exaggerated the posture of the downtrodden lover adapting the rhetoric of powerless desire to forge a new countersovereignty from within the heart of vulnerability a potentially revolutionary position through which to challenge cultural religious and political authority Creating a secular equivalent to the martyr early modern sonneteers crafted a voice that was both critical and unstoppable because it suffered Love's Wounds tracks the development of the countersovereign voice from Francesco Petrarca to Maurice Scève Joachim du Bellay Théodore Agrippa d'Aubigné Edmund Spenser and William Shakespeare Through interdisciplinary and transnational analyses Nazarian reads early modern sonnets as sites of contestation and collaboration and rewrites the relationship between early modern literary forms

lyrics a cultural phenomenon arising from how we actively interpret language It's more than just getting the words wrong it's about how our brains reconstruct lyrics based on personal experiences and biases For instance a listener's accent can drastically alter the perceived sounds leading to humorous and unexpected interpretations The book examines the psychological and linguistic factors behind these errors diving into how auditory perception works and how phonetic similarities can trick our ears It also discusses the cultural impact of misheard lyrics showing how they permeate humor and even advertising The book progresses from defining mondegreens to analyzing their causes and cultural significance demonstrating that these mistakes are creative interpretations that reflect our unique perspectives
