Edward Onaci,2020-04-17 On March 31 1968 over 500 Black nationalists convened in Detroit to begin the process of
securing independence from the United States Many concluded that Black Americans best remaining hope for liberation was
the creation of a sovereign nation state the Republic of New Afrika RNA New Afrikan citizens traced boundaries that
encompassed a large portion of the South including South Carolina Georgia Alabama Mississippi and Louisiana as part of
their demand for reparation As champions of these goals they framed their struggle as one that would allow the descendants
of enslaved people to choose freely whether they should be citizens of the United States New Afrikans also argued for
financial restitution for the enslavement and subsequent inhumane treatment of Black Americans The struggle to Free the
Land remains active to this day This book is the first to tell the full history of the RNA and the New Afrikan Independence
Movement Edward Onaci shows how New Afrikans remade their lifestyles and daily activities to create a self consciously
revolutionary culture and argues that the RNA s tactics and ideology were essential to the evolution of Black political
struggles Onaci expands the story of Black Power politics shedding new light on the long term legacies of mid century Black
Nationalism **Exploring the African Centered Paradigm** Itibari M. Zulu,1999 **Walkin' the Talk** Julia M.
Speller,2005 Today many black churches still struggle with what it means to be both black and Christian This resource can
assist black congregations as they try to embrace both their cultural identity and their spirituality **Books In Print**
