Macgregors Mixture:

MacGregor's Gathering Nigel Tranter, 2012-12-20 At the beginning of the eighteenth century one of the most exciting and romantic periods of British history the famous Rob Roy MacGregor and his gallant nephew Gregor a fierce young Highlander loyal to the cause led the MacGregor clan into battle against the English Army Outlawed and landless they still clung to Glengyle one small remaining corner of their ancient territories and held fast in their loyalty to the Stuart King over the water But in the midst of the political struggle young Gregor still managed to find time to pay court to Mary Hamilton a lovely girl who at first rejected his rough Highland ways Through his imaginative dialogue he provides a voice for Scotland's heroes Scotland on Sunday Greyfriars Bobby Jan Bondeson, 2011-06-15 Explodes the myth of Edinburgh's Greyfriars Bobby The Outlandish Companion (Revised and Updated) Diana Gabaldon, 2015-03-31 Perfect for readers of the bestselling *Outlander* novels and don't miss *The Outlandish Companion Volume Two* 1 New York Times bestselling author Diana Gabaldon has captivated millions of readers with her critically acclaimed *Outlander* novels the inspiration for the Starz original series From the moment Claire Randall stepped through a standing stone circle and was thrown back in time to the year 1743 and into a world that threatens life limb loyalty heart soul and everything else Claire has readers have been hungry to know everything about this world and its inhabitants particularly a Scottish soldier named Jamie Fraser In this beautifully illustrated compendium of all things Outlandish Gabaldon covers the first four novels of the main series including full synopses of *Outlander* *Dragonfly in Amber* *Voyager* and *Drums of Autumn* a complete listing of the characters fictional and historical in the first four novels in the series as well as family trees and genealogical notes a comprehensive glossary and pronunciation guide to Gaelic terms and usage *The Gabaldon Theory of Time Travel* explained frequently asked questions to the author and her sometimes surprising answers an annotated bibliography essays about medicine and magic in the eighteenth century researching historical fiction creating characters and more professionally cast horoscopes for Jamie and Claire the making of the TV series how we got there from here and what happened next including *My Brief Career as a TV Actor* behind the scenes photos from the *Outlander* TV series set For anyone who wants to spend more time with the *Outlander* characters and the world they inhabit Diana Gabaldon here opens a door through the standing stones and offers a guided tour of what lies within **Thackeray's Cultural Frame of Reference** R. McMaster, 1991-02-01 McMaster has made an extensive identification and detailed study of the many kinds of allusions to be found in *The Newcomes* There are allusions to classical foreign language and English literature as well as to the Bible fables theatre opera popular songs nursery rhymes newspapers art English and French history and the topography of London These allusions saturate the text of *The Newcomes* and appeal to several different readerships McMaster specifies what Thackeray's contemporaries would have recognized and responded to and suggests interactions between the text and its readers The cultural density of *The Newcomes* is identified by McMaster as textual intertextual and to a degree parodic He shows that Thackeray exploited the

dynamics of allusion through doubleness and ironic juxtaposition to achieve several ends Not only does Thackeray present an archetypal and cyclical vision of life he questions the status and value of diverse fictions and blurs the traditional distinctions between fiction and history originality and convention and nature and artifice In his account of allusion McMaster has used a simple and straightforward style avoiding unnecessary jargon and cumbersome definitions Thackeray's Cultural Frame of Reference reveals a Thackeray particularly amenable to a post modern and especially to an intertextual approach to literature

MacGregor Allan Cole, 2011-02-09 50 KIDS ARE ABOUT TO DIE Mac thought he'd seen every human evil A former Company man he'd witnessed mass murder and systematic torture And he'd meted out justice to the perpetrators whenever he had the chance But now that he was living the idyllic life of a Boca Raton beach bum he figured that was all behind him Then his housekeeper's granddaughter was kidnapped and Mac was plunged into a conspiracy born from the hells involving an exiled Central American dictator the Company and fifty innocent children By the time he finds out it's almost too late and Mac must become a one man army to save the day

Deadlier Than The Male Douglas Skelton, 2003-06-15 Most killers are men But never turn your back on a woman Murder madness and maliciousness abound in this hangman's dozen of she devils Culled from over five hundred years of bloody history by crime writer and journalist Douglas Skelton these pages uncover the mad the bad and the dangerous to know Vengeful Queen Joan who made her husband's assassins pay a fearful price for their treason Beautiful Jean Livingston who bravely faced The Maiden after murdering her abusive husband Child killers Helen Torrence and Jean Waldie who sold their victim to anatomists Baby farmer Jessie King who dealt in flesh and death These cases together with a host of others prove that women are far from the gentler sex Most killers are men But women are more deadly
