Machiavellis Children:

Machiavelli's Children Richard J. Samuels, 2019-06-30 Two late developing nations Japan and Italy similarly obsessed with achieving modernity and with joining the ranks of the great powers have traveled parallel courses with very different national identities In this audacious book about leadership and historical choices Richard J Samuels emphasizes the role of human ingenuity in political change He draws on interviews and archival research in a fascinating series of paired biographies of political and business leaders from Italy and Japan Beginning with the founding of modern nation states after the Meiji Restoration and the Risorgimento Samuels traces the developmental dynamic in both countries through the failure of early liberalism the coming of fascism imperial adventures defeat in wartime and reconstruction as American allies Highlights of Machiavelli s Children include new accounts of the making of postwar Japanese politics using American money and Manchukuo connections and of the collapse of Italian political parties in the Clean Hands Mani Pulite scandal The author also tells the more recent stories of Umberto Bossi s regional experiment the Lega Nord the different choices made by Italian and Japanese communist party leaders after the collapse of the USSR and the leadership of Silvio Berlusconi and Ishihara Shintaro on the contemporary right in each country *Machiavelli's Children* Edward Pearce, 1993 *Machiavelli's Children* Richard J. Samuels, 2003 Beginning with the founding of modern nation states after the Meiji Restoration and the Risorgimento Samuels traces the developmental dynamic in both countries through the failure of early liberalism the coming of fascism imperial adventures defeat in wartime and reconstruction as American allies Highlights of Machiavelli s Children include new accounts of the making of postwar Japanese politics using American money and Manchukuo connections and of the collapse of Italian political parties in the Clean Hands Mani Pulite scandal *Machiavelli's Secret* Raymond Angelo Belliotti, 2015-08-31 The political statesman Machiavelli tells us must love his country more than his own soul Political leaders must often transgress clear moral principles using means that are typically wrong even horrifying What sort of inner life does a leader who uses evil well experience and endure The conventional view held by most scholars is that a Machiavellian statesman lacks any inwardness because Machiavelli did not delve into the state of mind one might find in a politician with dirty hands While such a leader would bask in his glory the argument goes we can only wonder at the condition of the soul they have presumably risked in discharging their duties In Machiavelli s Secret Raymond Angelo Belliotti uncovers a range of clues in Machiavelli s writings that when pieced together reveal that the Machiavellian hero most certainly has inwardness and is surely deeply affected by the evil means he must sometimes employ Belliotti not only reveals the nature of this internal condition but also provides a springboard for the possibility of Machiavelli s ideal statesman **Machiavelliana** Michael Jackson, Damian Grace, 2018-06-05 In Machiavelliana Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccol Machiavelli s name in society generally and in academic fields distant from his intellectual origins It assesses the appropriation of Machiavelli in didactic works in management social

psychology and primatology scholarly texts in leaderships studies as well as novels plays commercial enterprises television dramas operas rap music Mach IV scales children s books and more The book audits surveys examines and evaluates this Machiavelliana against wider claims about Machiavelli It explains the origins of Machiavelli s reputation and the spread of his fame as the foundation for the many uses and misuses of his name They conclude by redressing the most persistent distortions of Machiavelli

The Life of Niccolò Machiavelli Roberto Ridolfi, 2013-06-17 This biography of Macchiavelli is widely regarded as Ridolfi s masterpiece and is based on much material drawn from private and public archives It presents a fresh interpretation of Macchiavelli s career and writings and here for example the dating of the composition of such famous works as the Prince and the Mandragola is established for the first time This English translation when originally published in 1963 included numerous correction and additions which brought it up to date with the most recent studies on Macchiavelli and his works

Machiavelli's Legacy Timothy Fuller, 2015-10-28 Niccolo Machiavelli s The Prince is one of the most celebrated and notorious books in the history of Western political thought It continues to influence discussions of war and peace the nature of politics and the relation of private ethics to public duties Ostensibly a sixteenth century manual of instruction on certain aspects of princely rule and behavior The Prince anticipates and complicates modern political and philosophical questions What is the right order of society Can Western politics still be the model for progress toward peace and prosperity or does our freedom to create our individual purposes and pursuits undermine our public responsibilities Are the characteristics of our politics markedly different for better or for worse than the politics of earlier eras Machiavelli argues that there is no ideal transcendent order to which one can conform and that the right order is merely the one that has the capacity to persist over time The Prince s emphasis on the importance of an effective truth over any abstract ideal marks it as one of the first works of modern political philosophy Machiavelli s Legacy situates Machiavelli in general and The Prince in particular at the birth of modernity Joining the conversation with established Machiavelli scholars are political theorists Americanists and international relations scholars ensuring a diversity of viewpoints and approaches Each contributor elucidates different features of Machiavelli s thinking from his rejection of classical antiquity and Christianity to his proposed dissolution of natural roles and hierarchies among human beings The essays cover topics such as Machiavelli s vision for a heaven sent redemptive ruler of Italy an argument that Machiavelli accomplished a profoundly democratic turn in political thought and a tough minded liberal critique of his realistic agenda for political life resulting in a book that is in effect a spirited conversation about Machiavelli s legacy Contributors Thomas E Cronin David Hendrickson Harvey Mansfield Clifford Orwin Arlene Saxonhouse Maurizio Viroli David Wootton Catherine Zuckert
