Sons of the Sierra Patrick J. McNamara, 2012-09-01 The period following Mexico's war with the United States in 1847 was characterized by violent conflicts as liberal and conservative factions battled for control of the national government The civil strife was particularly bloody in south central Mexico including the southern state of Oaxaca In *Sons of the Sierra* Patrick McNamara explores events in the Oaxaca district of Ixtlan where Zapotec Indians supported the liberal cause and sought to exercise influence over statewide and national politics Two Mexican presidents had direct ties to Ixtlan district Benito Juárez who served as Mexico's liberal president from 1858 to 1872 was born in the district and Porfirio

Diaz president from 1876 to 1911 had led a National Guard battalion made up of Zapotec soldiers throughout the years of civil war Paying close attention to the Zapotec people as they achieved greater influence McNamara examines the political culture of Diaz s presidency and explores how Diaz who became increasingly dictatorial over the course of his time in office managed to stay in power for thirty five years McNamara reveals the weight of memory and storytelling as Ixtlan veterans and their families reminded government officials of their ties to both Juarez and Diaz While Juarez remained a hero in their minds Diaz came to represent the arrogance of Mexico City and the illegitimacy of the Porfiriato that ended with the 1910 revolution

Seeing and Being Seen Hilary E. Kahn, 2010-01-01 The practice of morality and the formation of identity among an indigenous Latin American culture are framed in a pioneering ethnography of sight that attempts to reverse the trend of anthropological fieldwork and theory overshadowing one another In this vital and richly detailed work methodology and theory are treated as complementary partners as the author explores the dynamic Mayan customs of the Q eqchi people living in the cultural crossroads of Livingston Guatemala Here Q eqchi Ladino and Garifuna Caribbean coast Afro Indians societies interact among themselves and with others ranging from government officials to capitalists to contemporary tourists The fieldwork explores the politics of sight and incorporates a video camera operated by multiple people the author and the Q eqchi people themselves to watch unobtrusively the traditions rituals and everyday actions that exemplify the long standing moral concepts guiding the Q eqchi in their relationships and tribulations Sharing the camera lens as well as the lens of ethnographic authority allows the author to slip into the world of the Q eqchi and capture their moral social political economic and spiritual constructs shaped by history ancestry external forces and time itself A comprehensive history of the Q eqchi illustrates how these former plantation laborers migrated to lands far from their Mayan ancestral homes to co exist as one of several competing cultures and what impact this had on maintaining continuity in their identities moral codes of conduct and perception of the changing outside world With the innovative use of visual methods and theories the author s reflexive sensory oriented ethnographic approach makes this a study that itself becomes a reflection of the complex set of social structures embodied in its subject
