Mcgraw Hill Encyclopedia Of Science 8ed Volume 19:

The Theory of Creation Jim Schicatano,2001-10-05 Can the Biblical account of creation be reconciled with current scientific beliefs For over a century the Holy Bible s story of creation has come under considerable scrutiny and derision by the scientific community The length of creation days the Biblical order of creation and man s origin have all been the subjects of heated debates debates that cast further doubts on Biblical accuracy But is such derision warranted The Theory of Creation boldly answers that very question Rather than denounce other theories or repudiate accepted scientific beliefs this is a comprehensive and objective analysis of the first story of the Bible Genesis 1 1 2 4 Each verse is carefully examined for its scientific meaning the original Hebrew text is often referenced popular theories are explored and the purpose and implications of God s actions are addressed Finally the Biblical account of creation is compared to the scientific record In this era of moral relativism when Biblical values are condemned and the sanctity of the Holy Bible is often ridiculed validation of the creation story would be a source of inspiration for believers everywhere In *The Theory of Creation* Jim Schicatano answers the enduring questions of science and resolves the Biblical Creation debate

Three Proofs for the Existence of God Uchemadu Chée Kamanu,2020-12-24 Three Proofs for the Existence of God gives scientific historic and prophetic proofs for the existence of God If we do not think that a computer or even a bicycle could have come up by chance without a designer could we think that man who made the computer could have come up by chance without a designer Chance and design are mutually exclusive the disproof of the one is the proof of the other There is no third option In biogenesis genetics dendrochronology geophysics and thermodynamics evolution theory has been disproved experimentally and observationally By default therefore design has been proven Any attempt by evolutionists to experimentally disprove design or prove chance ends up proving design The one conducting the experiment is the designer of that experiment and the result is his design If the experiment is left to chance nothing happens With historic data from the Bible added up we show the year God created man and other things Acts and relationships between God and his creation show up in other chapters to remind us that the Creator God lives and wills One of these chapters Black History in Scripture disproves the saying that Christianity is the white man s religion We show that the scriptures were translated into three African languages for ten centuries before there was an English Bible among other facts Did Jesus not live in Israel and Africa only
