Medieval And Early Modern Ritual:

Medieval and Early Modern Ritual: Formalized Behavior in Europe, China and Japan Joelle Rollo-Koster, 2021-10-01 The essays in this volume transcend Eastern and Western geographical boundaries during a loosely defined medieval and early modern period ranging from Carolingian Europe to Qing China and pull rituals out of their geographical contexts Cultural history binds these essays together This volume permits readers to compare ritual in religious and secular contexts in the East and West and to focus on the purposes of ritual without being caught up in localism or historical jingoism The various essays are organized chronologically and thematically they focus on ritual and gender law identity and political legitimization They cover topics as varied as the spatial appropriation of surfaces and territories charity carnival women s magic the Jesuits graffiti theater business medicine Qing imperial ceremonies Chinese princesses coming of age spiritual reconciliation and the Great Western Schism Contributors include Catherine Bell Virginia A Cole Andr e Courtemanche James L Hevia Michael W Maher S J V ronique Plesch Marguerite Ragnow Martha Rampton Eric C Rath Dylan Reid Kathryn Reyerson Jo lle Rollo Koster and Ann Waltner Late Medieval and Early Modern Ritual Samuel Kline Cohn, Marcello Fantoni, Franco Franceschi, Fabrizio Ricciardelli, 2013 This collection of fifteen studies brings together scholars of late medieval Renaissance and early modern Italy to reflect on the multifaceted world of ritual The scope is expansive covering four centuries and the length and breadth of the Italian peninsula Because of older presumptions about the modernity of the Renaissance and hence its supposed aversion to the irrational scholarship on ritual life in Italian city states of the Renaissance has lagged behind the historiography on symbols and rituals in monarchies north of the Alps Only by the 1990s had a wide range of scholars across disciplines become interested in these subjects and approaches for the late medieval and early modern Italian city state yet no synthesis or comparative work on rituals and symbols has peered across the regional enclaves of Italy Through original research in libraries and archives across the Italian peninsula these essays analyze the richness and importance of ritual at the heart of the Renaissance and Counter Reformation states the importance of oaths ritual space the power of images processions curses guild ceremonies saints and more The wide geographic and disciplinary range of these essays provides a new platform for viewing the significance of ritual and symbolic power in Renaissance and early modern Italy Ritual in Early Modern Europe Edward Muir, 2005-08-18 The comprehensive 2005 study of rituals in early modern Europe argues that between about 1400 and 1700 a revolution in ritual theory took place that utterly transformed concepts about time the body and the presence of spiritual forces in the world Edward Muir draws on extensive historical research to emphasize the persistence of traditional Christian ritual practices even as educated elites attempted to privilege reason over passion textual interpretation over ritual action and moral rectitude over gaining access to supernatural powers Edward Muir discusses wide ranging themes such as rites of passage carnivalesque festivity the rise of manners Protestant and Catholic Reformations the alleged anti Christian rituals of Jews and witches This edition examines the impact on the European understanding of ritual

from the discoveries of new civilizations in the Americas and missionary efforts in China and adds more material about rituals peculiar to women

Ritual in Early Modern Europe Edward Muir, 1997-08-28 A comprehensive study of the ritual practices in traditional Christian Europe

Images and Objects in Ritual Practices in Medieval and Early Modern Northern and Central Europe Krista Kodres, Anu Mänd, 2014-07-18 This multidisciplinary collection of essays explores the functions meanings and use of images and objects in various late Medieval and Early Modern social practices which were linked by their ritual character The book approaches ritual as an action which is discussed under the general umbrella term performative practice and is characterised by a synthesis between the repetitive and the extraordinary that carries an intense symbolic meaning and is emotionally charged Images spaces and rituals were closely interconnected in both the religious and the secular spheres and played a relevant role in the symbolic communication of the time The essays in this volume are devoted to a complex study of these phenomena in Northern and Central Europe including regions which due to linguistic or cultural barriers have thus far received comparatively little attention in Anglo American scholarship including Scandinavia Poland and the Baltic states

Modernity and the Construction of Sacred Space Aaron French, Katharina Waldner, 2024-07-01 This volume focuses on the connection between modern design and architectural practices and the construction of sacred spaces Not only language and ritual but space place and architecture play a significant role in constructing special or religious spaces However this concept of a constructed sacred space remains undertheorized in religious studies and the history of art and architecture in general This volume therefore revisits the question of a modern sacred space from an interdisciplinary perspective focusing on religion space and architecture during the emergence of the modern period and up until contemporary times Revisiting the ways in which modern architects and artists have endeavored to create sacred spaces and buildings for the modern world will address the underlying questions of how religious ideas especially those related to esotericism and to alternative religiosities have transformed the way sacred spaces are conceptualized today

Reviving the Eternal City Elizabeth McCahill, 2013-10-14 In 1420 after more than one hundred years of the Avignon Exile and the Western Schism the papal court returned to Rome which had

become depopulated dangerous and impoverished in the papacy's absence *Reviving the Eternal City* examines the culture of Rome and the papal court during the first half of the fifteenth century As Elizabeth McCahill explains during these decades Rome and the Curia were caught between conflicting realities between the Middle Ages and the Renaissance between conciliarism and papalism between an image of Rome as a restored republic and a dream of the city as a papal capital Through the testimony of humanists' rhetorical texts and surviving archival materials McCahill reconstructs the niche that scholars carved for themselves as they penned vivid descriptions of Rome and offered remedies for contemporary social economic religious and political problems In addition to analyzing the humanists' intellectual and professional program McCahill investigates the different agendas that popes Martin V 1417-1431 and Eugenius IV 1431-1447 and their cardinals had for the post-Schism pontificate *Reviving the Eternal City* illuminates an urban environment in transition and explores the ways in which curialists collaborated and competed to develop Rome's ancient legacy into a potent cultural myth **Corpo**

Joelle Rollo-Koster, 2008-03-31 Throughout the European Middle Ages the death of high ranking prelates was usually interwoven with violent practices During Empty Sees mobs ransacked bishops and popes' properties to loot their movable goods Eventually in the later Middle Ages they also plundered the goods of newly elected popes and the cells of the Conclave This book follows and analyzes the history of this violence using a methodology akin to cultural anthropology with concepts such as liminal periodization It contends that pillaging was attached to ecclesiastical interregna and the nature of ecclesiastical elections contributed to a pillaging problem This approach allows for a fresh reading and re-contextualization of one of the greatest political crises of the later

Todesca, 2016-03-23 To many medieval Europeans north of the Pyrenees the Iberian Kingdom of León-Castile was remote and unfamiliar In many ways such perceptions linger today and the fact that León-Castile is mentioned at all in current textbooks is the result of efforts begun by scholars some forty years ago Joseph F O Callaghan was part of a small group of English speaking medievalists who banded together at conferences in the early 1970s to share their knowledge of Spain O Callaghan's general A History of Medieval Spain 1975 introduced a generation of English speaking medievalists to Iberia Still much of the new scholarly interest over the past decades has been directed toward the Kingdom of Aragon Catalonia with its exceptionally well preserved archives The Emergence of León-Castile brings together the current research of O Callaghan's colleagues students and friends The essays focus on the politics law and economy of León-Castile from its first great leap forward in the eleventh century to the civil strife of the fifteenth No other volume in English allows the reader to trace the institutional development of the kingdom with this chronological breadth At the same time the volume integrates the Leonese experience into the wider discussions of lordship and power While León-Castile's culture was certainly its own the kingdom shared in and influenced the institutional and economic development of its fellow Christian kingdoms both in Spain and north of the Pyrenees The kings of León and Castile were among the first European rulers to invite townsmen to their assemblies At the same time they attempted to regulate their economy through sumptuary legislation and wage and price freezes And their centuries long colonization southwards influenced the Germanic expansion across the Elbe the English drive into Wales and Ireland and the Latin settlement in the Crusader states In conclusion this collection underlines the fact that León-Castile was not an isolated backwater but a sophisticated state that had an important influence on the development of medieval and renaissance Europe Food, Heresies, and Magical Boundaries in the Middle Ages Andrea Maraschi, Francesca Tasca, 2025-10-01 In this book readers will find stories about medieval heresies and magic from an unusual perspective that of food studies The time span
