

Myth Of Open Borders

Burton L. Mack

Myth Of Open Borders:

Open Borders Inc. Michelle Malkin, 2019-09-10 Michelle Malkin's latest book is required reading for anyone wishing to understand the forces and interests behind the open borders and mass migration lobby Pawel Styrna ImmigrationReform.com Follow the money find the truth That's Michelle Malkin's journalistic mantra and in her stunning new book *Open Borders Inc* she puts it to work with a shocking comprehensive exposé of who's behind our immigration crisis In the name of compassion but driven by financial profit globalist elites Silicon Valley and the radical Left are conspiring to undo the rule of law subvert our homeland security shut down free speech and make gobs of money off the backs of illegal aliens refugees and low wage guest workers Politicians want cheap votes or cheap labor Church leaders want pew fillers and collection plate donors Social justice militants working with corporate America want to silence free speech they deem hateful while raking in tens of millions of dollars promoting mass uncontrolled immigration both legal and illegal Malkin names names from Pope Francis to George Clooney from George Soros to the Koch brothers from Jack Dorsey to Tim Cook and Mark Zuckerberg Enlightening as it is infuriating *Open Borders Inc* reveals the powerful forces working to erase America *The Myth of Post-Racial America* H. Roy Kaplan, 2011-02-16 *The Myth of Post Racial America* provides a history of race and racism in the United States These concepts became integral parts of American society through social psychological and political decisions which are documented so readers can learn about the origin of myths and stereotypes that have created schisms in our society from its founding to the present day This information is essential reading for students and teachers so they can become more effective in their work and value cultural differences modes of expression and learning styles Open Borders Reece Jones, 2019-02-01 Border control continues to be a highly contested and politically charged subject around the world This collection of essays challenges reactionary nationalism by making the positive case for the benefits of free movement for countries on both ends of the exchange *Open Borders* counters the knee jerk reaction to build walls and close borders by arguing that there is not a moral legal philosophical or economic case for limiting the movement of human beings at borders The volume brings together essays by theorists in anthropology geography international relations and other fields who argue for open borders with writings by activists who are working to make safe passage a reality on the ground It puts forward a clear concise and convincing case for a world without movement restrictions at borders The essays in the first part of the volume make a theoretical case for free movement by analyzing philosophical legal and moral arguments for opening borders In doing so they articulate a sustained critique of the dominant idea that states should favor the rights of their own citizens over the rights of all human beings The second part sketches out the current situation in the European Union in states that have erected border walls in states that have adopted a policy of inclusion such as Germany and Uganda and elsewhere in the world to demonstrate the consequences of the current regime of movement restrictions at borders The third part creates a dialogue between theorists and activists examining the work of Calais Migrant Solidarity No Borders Morocco activists in

sanctuary cities and others who contest border restrictions on the ground

Popular Culture and the Austerity Myth Pete Bennett, Julian McDougall, 2016-10-14 Contemporary popular culture is engaged in a rich and multi levelled set of representational relations with austerity This volume seeks to explore these relations to ask how does popular culture give expression to austerity how are its effects conveyed how do texts reproduce and expose its mythic qualities It provides a reading of cultural texts in circulation in the present age of austerity Through its central focus popular culture it considers the impact and influence of austerity across media and textual categories The collection presents a theoretical deconstruction of popular culture s reproduction of and response to mythical expressions of austerity in Western culture spanning the United Kingdom North America Europe and the Middle East and textual events from political media discourse music videogames social media film television journalism folk art food protest movements slow media and the practice of austerity in everyday life

New Narratives on the Peopling of America T. Alexander Aleinikoff, Alexandra Délano Alonso, 2024-01-30 Why an account of the peopling of the United States must include the stories of indigenous people enslaved persons and those living in territories and foreign nations taken and acquired by the United States In *New Narratives on the Peopling of America* editors T Alexander Aleinikoff and Alexandra D lano Alonso present an extraordinary collection of original essays that reshape our understanding of the peopling of the United States This thought provoking volume goes beyond conventional accounts of immigration by reexamining narratives about foreign born populations in the United States It situates them as part of a larger story of forced displacement and dispossession that needs to include indigenous people enslaved persons deported and returned migrants and those residing in territories and foreign nations acquired by the United States The diverse range of contributors which include academics journalists artists legal scholars and activists confront complex topics such as migration racial justice tribal sovereignty and the pursuit of equality As nationalism globalization and economic challenges reshape the social and political landscape this timely volume calls for a reevaluation and reconstruction of national narratives of belonging Challenging nativist tropes and offering broader understandings of collective history this pathbreaking book centers issues of race and dispossession in the story of the American people *New Narratives on the Peopling of America* is an essential resource for students and a compelling read for general readers seeking a deeper understanding of the complex tapestry of American identity Contributors Neil Agarwal T Alexander Aleinikoff Jill Anderson Kwame Anthony Appiah Hana Brown Alexandra D lano Alonso Allison Dorsey Taylor Dow Maria Cristina Garcia Justin Gest Daniel Immerwahr Jennifer A Jones Katy Long Maggie Loredó Dakota Mace Ruth Milkman Ana Raquel Minian Carlos Motta Mae Ngai Eboo Patel QUEEROCRACY Marco Saavedra Cinthya Santos Briones Rogers M Smith Pireeni Sundaralingam Hector Tobar Jesús I Valles Wendy A Vogt John Weeks

Strangers to the Constitution Gerald L. Neuman, 2010-07-01 Gerald Neuman discusses in historical and contemporary terms the repeated efforts of U S insiders to claim the Constitution as their exclusive property and to deny constitutional rights to aliens and immigrants and

even citizens if they are outside the nation's borders Tracing such efforts from the debates over the Alien and Sedition Acts in 1798 to present day controversies about illegal aliens and their children the author argues that no human being subject to the governance of the United States should be a stranger to the Constitution Thus whenever the government asserts its power to impose obligations on individuals it brings them within the constitutional system and should afford them constitutional rights In Neuman's view this mutuality of obligation is the most persuasive approach to extending constitutional rights extraterritorially to all U S citizens and to those aliens on whom the United States seeks to impose legal responsibilities Examining both mutuality and more flexible theories Neuman defends some constitutional constraints on immigration and deportation policies and argues that the political rights of aliens need not exclude suffrage Finally in regard to whether children born in the United States to illegally present alien parents should be U S citizens he concludes that the Constitution's traditional shield against the emergence of a hereditary caste of illegals should be vigilantly preserved

Global Migration Diego Acosta Arcarazo, Anja Wiesbrock, 2015-05-05 This three volume work exposes myths and debunks misinformation about global migration an issue generating emotional debate from the highest levels of power to kitchen tables across the United States Europe and worldwide Many don't realize that migration has been a central element of global social change since the 15th century Unfortunately misconceptions about the 3 percent of world citizens who do choose to migrate can be destructive In 2008 riots broke out in South Africa over workers from neighboring countries Today's rising tensions along the U S Mexican border are inciting political social and economic upheaval In the EU political fortunes rise and fall on positions regarding the future of multiculturalism in Europe Relying on fact not rhetoric this three volume book seeks to inform readers allay fears and advance solutions While other reference works tend to limit their scope to one country or one dimension of this hot button issue this book looks at the topic through a wide and interdisciplinary lens Truly global in scope this collection explores issues on all five continents discussing examples from more than 50 countries through analysis by 40 top scholars across 8 disciplines By exploring the past present and future of measures that have been implemented in an attempt to deal with migration ranging from regularization procedures to criminalization readers will be able to understand this worldwide phenomenon Both the expert and the general reader will find a wealth of information free of the unsustainable claims and polarized opinions usually presented in the media To view the introductory chapter of this book visit http://papers.ssrn.com/sol3/papers.cfm?abstract_id=2604184

Myth and the Christian Nation Burton L. Mack, 2014-12-18 America is widely regarded as the ultimate Christian Nation Religious language has always been at the forefront of American politics but this has increased since the events of 9/11 *Myth and the Christian Nation* presents a startling analysis of how and why Christianity and national identity have been woven together in recent American political discourse Drawing on examples of religious myth making across the ancient world *Myth and the Christian Nation* brings the weight of history to bear on America today a place where myth monotheism sovereignty and power can be harnessed

together in the service of specific interests The book invites readers to rethink the role of religion in the construction of social democracy and to see America afresh **New Hollywood** Renate Hehr,2003-06-11 The surprising successes of Bonnie and Clyde The Graduate and Easy Rider in the late 60 s marked a turning point in the history of American cinema A period of artistic renewal began of a kind that had never been possible before in America Kinship Across Borders Kristin E. Heyer,2012-10-02 The failure of current immigration policies in the United States has resulted in dire consequences a significant increase in border deaths a proliferation of smuggling networks prolonged family separation inhumane raids a patchwork of local ordinances criminalizing activities of immigrants and those who harbor them and the creation of an underclass none of which are appropriate or just outcomes for those holding Christian commitments Kinship Across Borders analyzes contemporary US immigration in the context of fundamental Christian beliefs about the human person sin family life and global solidarity Kristin Heyer expertly demonstrates how current US immigration policies reflect harmful neoliberal economic priorities and why immigration cannot be reduced to security or legal issues alone Rather she explains that immigration involves a broad array of economic issues trade policies concerns of cultural tolerance and criminal justice and at root an understanding of the human person In Kinship Across Borders Heyer has developed a Christian immigration ethic grounded in scriptural anthropological and social teachings and rooted in the experiences of undocumented migrants that calls society to promote concrete practices and policies reflecting justice and solidarity **The Church as Counterculture** Michael L. Budde,Robert W. Brimlow,2012-02-01 The question What does it mean to be the church has always been among the most controversial and of vital concern to political economic and ecclesial leaders alike How it is answered influences whether Christianity will be a force for legitimating or subverting existing secular relations of power influence and privilege The Church as Counterculture enters the debates on Christian identity purpose and organization by calling for the churches to reclaim their roles as communities of disciples distinct and distinctive groups formed by the priorities and practices of Jesus to constitute a countercultural reality and challenge to secular society and existing power relations The notion of the church as a countercultural community of disciples confounds many conventional divides within the Christian family liberal and conservative church and sect while forcing redefinition of commonplace categories like religion and politics sacred and secular The contributors to this book theologians social theorists philosophers historians Catholics and Protestants of various backgrounds reflect this shifting of categories and divisions The book provides thought provoking Christian perspectives on war and genocide racism and nationalism the legitimacy of liberalism and capitalism and more Contributors include Michael J Baxter Robert W Brimlow Walter Brueggemann Michael L Budde Curt Cadorette Rodney Clapp Roberto S Goizueta Stanley Hauerwas Marianne Sawicki and Michael Warren *The Routledge History of Irish America* Cian T. McMahon,Kathleen P. Costello-Sullivan,2024-07-23 This volume gathers over 40 world class scholars to explore the dynamics that have shaped the Irish experience in America from the seventeenth to the twenty first centuries From the early 1600s to the present over 10

million Irish people emigrated to various points around the globe Of them more than six million settled in what we now call the United States of America Some were emigrants some were exiles and some were refugees but they all brought with them habits ideas and beliefs from Ireland which played a role in shaping their new home Organized chronologically the chapters in this volume offer a cogent blend of historical perspectives from the pens of some of the world s leading scholars Each section explores multiple themes including gender race identity class work religion and politics This book also offers essays that examine the literary and or artistic production of each era These studies investigate not only how Irish America saw itself or in turn was seen but also how the historical moment influenced cultural representation It demonstrates the ways in which Irish Americans have connected with other groups such as African Americans and Native Americans and sets Irish America in the context of the global Irish diaspora This book will be of value to undergraduate and graduate students as well as instructors and scholars interested in American History Immigration History Irish Studies and Ethnic Studies more broadly

Humane Migration Christine G.T. Ho,James Loucky,2012 Comprehensive and passionate exploration of the debates surrounding the politics economics and ethics of international migration Offers suggestions for humane and rational immigration policies The popular discourse on immigration in North America and Western Europe is usually framed in terms of violations to national law fueled by fear and propped up by the myths of nationhood The rhetoric maintains that immigrants as individuals threaten jobs the local economy and the cultural identity of a country But these views fail to consider the ironic reality that the developed world which tries so emphatically to keep poor people out itself produces the systemic economic conditions that foster migration Humane Migration provides a fresh look at the debate on international migration in general and immigration to the United States Europe and Canada in particular It explains clearly why groups migrate and the obstacles they face during their journeys and after arriving at their destinations Arguing that migration is a human right the authors call for better policies that recognize these rights and the many benefits that migrants provide to their new communities This book is an essential text for policy makers students and activists who seek justice for the world s vulnerable populations

Handbook of Racism, Xenophobia, and Populism Adebowale Akande,2022-12-08 This handbook presents the roots of symbolic racism as partly in both anti black antagonism and non racial conservative attitudes and values representing a new form of racism independent of older racial and political attitudes By doing so it homes in on certain historical incidents and episodes and presents a cogent analysis of anti black Jim Crowism anti people of color Black Latino Native Americans and prejudice that exists in the United States and around the world as a central tenet of racism The book exposes the reader to the nature and practice of stereotyping negative bias social categorization modern forms of racism immigration law empowerment racialized incarceration and police brutality in the American heartland It states that several centuries of white Americans negative socializing culture marked by widespread negative attitudes toward African Americans are not eradicated and are still rife Further the book provides a panoramic view of trends of racial discrimination

and other negative and desperate challenges that Black Indigenous and People of Color face across the world Finally the volume examines xenophobia racism prejudice and stereotyping in different contexts including topics such as Covid 19 religion and racism information manipulation and populism The book therefore is a must read for students researchers and scholars of political science psychology history sociology communications media studies diplomatic studies and law in general as well as ethnic and racial studies American politics global affairs populism and discrimination in particular **The Myth of Open Borders** Wayne Lutton,1988-01-01 *Race, Ethnicity, Gender, and Class* Joseph F. Healey,2011-11-04 Joseph F Healey s *Race Ethnicity Gender and Class* Sixth Edition builds upon the bestselling status of the prior editions praised for the author s writing style and the various effective pedagogical features that ensure students engage with core concepts in a meaningful way With many updates and revisions this edition once again uses sociological theory to tell the story of race and other socially constructed inequalities in the United States with consistency and clarity Chapter ending current debates based on the writings of prominent scholars spark classroom discussion on important issues and first person accounts Narrative Portraits are threaded throughout the text to bring life to a variety of topics The Ultimate Guide to U.S. Immigration: A Step-by-Step Handbook for Foreigners Jiang Jing (Sean),United Securities Legal Group,2024-06-26 This book is a practical and accessible guide that aims to simplify the immigration process for those looking to make the United States their new home Authored with care and expertise this book covers a wide range of topics including Visa Categories An overview of the different types of visas available including work study and family based visas Eligibility and Requirements Clear explanations of who qualifies for each visa type and what documentation is necessary Application Process Step by step instructions on how to apply for a visa including online applications interviews and supporting documents Legal Considerations Insights into the legal aspects of immigration including rights responsibilities and common pitfalls to avoid Adjustment of Status Guidance on how to transition from a temporary visa holder to a permanent resident Citizenship Information on the path to U S citizenship including eligibility the naturalization process and the rights and responsibilities of being an American citizen Real Stories Personal narratives from immigrants who have successfully navigated the U S immigration system offering inspiration and practical advice Written in an engaging and easy to understand language The Ultimate Guide to U S Immigration A Step by Step Handbook for Foreigners is not just a guide it s a companion for anyone embarking on the journey to call the United States home With its user friendly approach and comprehensive content this book is poised to become an essential tool for anyone looking to understand and navigate the U S immigration system with confidence Migration Without Borders Antoine Pécoud,Paul F. A. Guchteneire,2007 International migration is high on the public and political agenda of many countries as the movement of people raises concerns while often eluding states attempts at regulation In this context the scenario challenges conventional views on the need to control and restrict migration flows This book explores the analytical issues raised by open borders in terms of ethics human rights economic development

politics social cohesion and welfare and provides in depth empirical investigations of how free movement is addressed and governed in Europe Africa the Americas and Asia Publisher s description **Against Borders** Alex Sager,2020-01-13 This book provides a philosophical defence of open borders Two policy dogmas are the right of sovereign states to restrict immigration and the infeasibility of opening borders These dogmas persist in face of the human suffering caused by border controls and in spite of a global economy where the mobility of goods and capital is combined with severe restrictions on the movement of most of the world s poor Alex Sager argues that immigration restrictions violate human rights and sustain unjust global inequalities and that we should reject these dogmas that deprive hundreds of millions of people of opportunities solely because of their place of birth Opening borders would promote human freedom foster economic prosperity and mitigate global inequalities Sager contends that studies of migration from economics history political science and other disciplines reveal that open borders are a feasible goal for political action and that citizens around the world have a moral obligation to work toward open borders **Politics Between Nations** Adebawale Akande,2023-06-27 This multidisciplinary volume examines the meaning of global conflict and cooperation by international actors that can be caused by dis or misinformation to people and discusses how to build diplomacy for peace and regional cooperation The book further identifies boundaries of the relationships among the various governments of the world transatlantic alliances international organizations non governmental organizations transnational corporations and the overall interdependence of nations in the making of the modern world Topics discussed in this volume include diplomacy international relations theory Eurasia politics European Union Brexit Taliban taking over of Kabul government and the ongoing Afghanistan conflict terrorism ISIS and Al Qaeda international law international organizations interstate and intrastate war threats and challenges global civil society religion and culture The volume advances contemporary theories and concepts to explain these issues concerning peoples and cultures in the complex world we live in The book is a must read for students researchers and scholars of international relations political science political history political geography economics and law in general as well as diplomacy political communication and security studies in particular

Unveiling the Power of Verbal Beauty: An Mental Sojourn through **Myth Of Open Borders**

In a global inundated with monitors and the cacophony of instantaneous communication, the profound power and mental resonance of verbal art usually diminish into obscurity, eclipsed by the continuous barrage of sound and distractions. Yet, located within the lyrical pages of **Myth Of Open Borders**, a charming work of literary beauty that pulses with fresh feelings, lies an unforgettable journey waiting to be embarked upon. Composed by a virtuoso wordsmith, that enchanting opus guides readers on an emotional odyssey, delicately revealing the latent potential and profound influence embedded within the intricate internet of language. Within the heart-wrenching expanse of the evocative examination, we shall embark upon an introspective exploration of the book is main themes, dissect their charming writing fashion, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
