Odd Man Out A Memoir Of The Hollywood Ten:

Odd Man Out Edward Dmytryk, 1996 Dmytryk describes the activities prejudices and personal behaviors of all the parties enmeshed in the congressional hearings on communism in Hollywood His reactions to other members of the Hollywood Ten and his recollection of conversations with them lend his book an immediacy that is not only informative but also absorbing Most importantly he does not uphold an ideology but rather presents the events as he perceived them understood them and responded to them

The Final Victim of the Blacklist Gerald Horne, 2006 John Howard Lawson was one of the most brilliant successful and intellectual screenwriters on the Hollywood scene in the 1930s and 1940s This biography of Lawson features many of his prominent friends and associates including John Dos Passos Theodore Dreiser F Scott Fitzgerald Charles Chaplin Gene Kelly Edmund Wilson and others

Here's Looking at You Ernest D. Giglio, 2005 Here's Looking at You Hollywood Film Politics examines the tangled relationship between politics and Hollywood which manifests itself in celebrity involvement in political campaigns and elections and in the overt and covert political messages conveyed by Hollywood films The book's findings contradict the film industry's assertion that it is simply in the entertainment business and examines how while the majority of Hollywood films are strictly commercial ventures hundreds of movies ranging from Birth of a Nation to Fahrenheit 9/11 do indeed contain political messages Here's Looking at You serves as a basic text for political film courses and as a supplement in American government and film studies courses and will also appeal to film buffs and people in the film industry

Hollywood Mark Wheeler, 2019-07-25 At the beginning of the 21st century the US film industry had overtaken aeronautics and car industries to become one of the highest exporters of American products Mark Wheeler's important new book provides both a political history of Hollywood and a reflection on the relationship between cinema and politics in America from 1900 to the present day Wheeler considers the interplay between the movies studios state and national government and cultural policy and legislation with case studies of the censorship that followed in the wake of the Hays Code 1930 and the investigations of the House Committee of Un American Activities HUAC in the 1950s that led to the notorious blacklisting of alleged or known Communist sympathisers His history of political constituencies within Hollywood ranges from the conservative right to the liberal and the communist left from trades unionists to movie moguls The book concludes with a look at the politics of show business addressing links between Hollywood and political activism films such as The Candidate and Bulworth that have themselves engaged with the political process and considering the irony that despite the fact that Hollywood is perceived as a bastion of liberalism the two most famous actors turned politicians have been Ronald Reagan and Arnold Schwarzenegger

The Hollywood Motion Picture Blacklist Larry Ceplair, 2022-09-06 Seventy five years ago the Hollywood blacklist ruined lives stifled creativity and sent waves of proscription and censorship throughout United States culture When the Hollywood Ten refused to answer the questions of the House Committee on Un American Activities about their membership in the Communist Party they were

sentenced to prison the five who were under contract were fired by their studios and all were blacklisted from reemployment until they purged themselves of their communist taint By the 1950s this blacklist publicly stigmatized nearly three hundred other Americans in the entertainment industry who invoked the First and Fifth Amendments in their refusal to apologize for their Communist ties or provide the names of other members Dozens of others were graylisted as the result of rumors The Hollywood Motion Picture Blacklist Seventy Five Years Later offers new insights on the origins of the blacklist the characteristics of those blacklisted and the probability of future proscriptions of the blacklist type Author Larry Ceplair draws on previously published work while introducing new material to vigorously recount the events that took place between the US government Hollywood unions and motion picture studios Ceplair thoroughly examines the role of Jewish identity in many anti communist efforts a concept that has never been fully examined by scholars and analyzes the actions of subpoenaed witnesses who were forced to choose between cooperating with the House Committee or joining the blacklist This fascinating book is an illuminating examination of a dark period in American history and the fragility of our rights to free speech and due process

American Betrayal Diana West,2013-05-28 Uncover the shocking truth about America s hidden history during World War II and the Cold War in Diana West s groundbreaking book American Betrayal In this real life thriller and national tragedy West digs deep to expose a body of lies that Americans have been led to regard as the near sacred history of World War II and its Cold War aftermath American Betrayal illuminates the massive Moscow directed penetration of America s most hallowed halls of power revealing not just the familiar struggle between Communism and the Free World but the hidden war between those wishing to conceal the truth and those trying to expose the increasingly official web of lies American Betrayal is America s lost history chronicling the battle between American icons like Franklin Delano Roosevelt Harry Truman and Dwight David Eisenhower who shielded overlapping Communist conspiracies and the investigators politicians and defectors including Senator Joseph McCarthy who tried to tell the American people the truth West argues that America s moral surrender to deception and self deception during this era sent us down the long road to moral relativism political correctness and other cultural ills that have left us unable to ask the hard questions American Betrayal shatters the approved histories of an era bringing down a new understanding of our past our present and how we have become a nation unable to know truth from lies

Hollywood Riots Doug Dibbern,2015-12-17 The large literature about the politics of Hollywood in the period of McCarthy and the blacklist has largely overlooked political filmmaking during those agitated years Hollywood Riots examines the most vibrant cycle of independently produced political films made while House Committee on Un American Activities was investigating communists in the film industry In doing so it shifts the focus from the politics of Washington to the politics of Los Angeles and from the films of the Hollywood Ten to the more politically complex films of the progressive community at large Dibbern shows how the movies produced by progressives at the end of the 1950s including The Lawless The Sound of Fury The Underworld were the logical cinematic parallel to their political and

journalistic advocacy fighting the conservative newspapers In these films they were recasting political events from California's recent past as politically engaged narratives that were inflected with their own fears of persecution Hollywood Riots reviews the work of notable directors like Joseph Losey and Cy Endfield as well as introducing unheralded political screenwriters and directors such as Daniel Mainwaring Jo Pagano and Leo C Popkin 'Un-American' Hollywood Peter Stanfield, Frank Krutnik, Brian Neve, Steve Neale, 2007-12-27 The concept of un Americanism so vital to the HUAC crusade of the 1940s and 1950s was resoundingly revived in the emotional rhetoric that followed the September 11th terrorist attacks Today's political and cultural climate makes it more crucial than ever to come to terms with the consequences of this earlier period of repression and with the contested claims of Americanism that it generated Un American Hollywood reopens the intense critical debate on the blacklist era and on the aesthetic and political work of the Hollywood Left In a series of fresh case studies focusing on contexts of production and reception the contributors offer exciting and original perspectives on the role of progressive politics within a capitalist media industry Original essays scrutinize the work of individual practitioners such as Robert Rossen Joseph Losey Jules Dassin and Edward Dmytryk and examine key films including The Robe Christ in Concrete The House I Live In The Lawless The Naked City The Prowler Body and Soul and FTA **Hollywood Traitors** Allan H. Ryskind, 2015-01-05 This is the book we've been waiting for The true story of the much mythologized Hollywood Ten by a scion of Hollywood royalty Ann Coulter author of twelve New York Times bestsellers including Adios America The Left's Plan to Turn Our Country Into a Third World Hell Hole Coming from one who has not only studied the postwar period in Hollywood but actually lived in it Hollywood Traitors offers a rare perspective that is sure to prompt discussion and re examination of the time when Stalin drew higher praise in some U S motion pictures than he did in Russian films John Gizzi White House correspondent and chief political columnist Newsmax A real life thriller about the movies exploding the fifty year myth that the Hollywood were innocent victims of a witch hunt Must read for students of Cold War history M Stanton Evans author of Blacklisted by History The Untold Story of Senator Joe McCarthy and His Fight against America's Enemies There is a myth about the Hollywood Blacklist The Hollywood Ten were dragged before the House Un American Activities Committee HUAC and grilled on their associations with Communism hid behind their Fifth Amendment rights and refused to name names of Hollywood Communists They were completely shut out from the filmmaking industry by Congress and considered the heroes of the hour by many in Hollywood But it's time to set the record straight In Hollywood Traitors Blacklisted Screenwriters Agents of Stalin Allies of Hitler Allan Ryskind reveals how the alleged victims of the Hollywood Blacklist were actually ideological thugs enthusiastic Stalinists committed to bringing about a socialist utopia in America even by violent revolution Ryskind a long time editor of Ronald Reagan's favorite publication Human Events tells the true story of how these screenwriters prostituted their talent in the service of anti American pro Communist propaganda Ryskind pens the riveting report from an insider's perspective His father Morrie Ryskind was a screenwriter in Hollywood and was joined by Ronald

Reagan John Wayne Walt Disney and others at the forefront of the anti Communist movement in Hollywood even at the expense of their careers and reputations In Hollywood Traitors you will learn How the Hollywood Communists took their orders straight from the Party headquarters in New York which in turn took them directly from Stalin s Comintern responsible for promoting international revolution How Communists attempted to take over Hollywood trade unions to control the American film industry Many major films clearly toed the Soviet line including Casablanca Arise my Love Paris Falling and Mission to Moscow

Miracles and Sacrilege William Bruce Johnson,2008-01-05 Miracles and Sacrilege is the story of the epochal conflict between censorship and freedom in film recounted through an in depth analysis of the U S Supreme Court s decision striking down a government ban on Roberto Rossellini s film The Miracle 1950 In this extraordinary case the Court ultimately chose to abandon its own longstanding determination that film comprised a mere business unworthy of free speech rights declaring for the first time that the First Amendment barred government from banning any film as sacrilegious Using legal briefs affidavits and other court records as well as letters memoranda and other archival materials to elucidate what was at issue in the case William Bruce Johnson also analyzes the social cultural and religious elements that form the background of this complex and hard fought controversy focusing particularly on the fundamental role played by the Catholic Church in the history of film censorship Tracing the development of the Church in the United States Johnson discusses the reasons it found The Miracle sacrilegious and how it attained the power to persuade civil authorities to ban it The Court s decision was not only a milestone in the law of church state relations but it paved the way for a succession of later decisions which gradually established a firm legal basis for freedom of expression in the arts
