Oeuvres Completes Volume 1:

Perverse Desire and the Ambiguous Icon Allen S. Weiss, 1994-10-28 *Perverse Desire and the Ambiguous Icon* analyzes the limits of the applicability of psychoanalytic theory to aesthetic discourse and in doing so expands the range of non normative paradigms of spectatorial identification and sexual identity These considerations are based on the epistemological premises that the ideal seldom coincides with the empirical and that identification is always partial fragmented heterogeneous mixed such that total identification would be tantamount to delirium The imagination is but the ephemera of partial objects torn from culture and history the transgression by fragmentation of a contemporary cosmos all too unified and all too controlled to admit the most singular and idiosyncratic phantasms of our desires Thus we must posit an aesthetics where theory and interpretation are juxtaposed to or traced above the effects of the passions where a muscular contraction or spasm is worth as much as a concept It is here at the fragile limit between iconophilia and iconoclasm that the ironies and exigencies of poetic justice reside

The Cambridge Handbook of Social Theory: Volume 1, A Contested Canon Peter Kivisto, 2020-12-17 This ambitious two volume handbook of social theory consists of forty original contributions The researchers take stock of the state of social theory and its relationship to the canon exploring such topics as the nature purpose and meaning of social theory the significance of the classics the impact of specific individual and theory schools and more Both volumes reflect a mixture of what intellectual historian Morton White distinguished as the annalist of ideas and the analyst of ideas locating theoretical thought within the larger socio historical context that shaped it within the terrain of the sociology of knowledge Exploring the contemporary relevance of theories in a manner that is historically situated and sensitive this impressive and comprehensive set will likely stand the test of time

Main Currents in Sociological Thought: Volume One Raymond Aron, 2025-05-06 The first volume of the landmark study tracing the emergence and formation of sociological thought from the French liberal school to the Marxists *Main Currents in Sociological Thought* remains a foundational synthesis in the field In this first part of his magisterial two volume survey Raymond Aron embraces an expansive definition of sociology that merges empirical inquiry with historical and social analysis At its core Aron's work is an engagement with the very question of modernity How did the intellectual currents that emerged in the eighteenth century shape the modern political and philosophical order With scrupulous fairness Aron examines the thoughts and arguments of the discipline's major social thinkers to discern how they answered this question Volume 1 explores three traditions the French liberal school of political sociology represented by Montesquieu and Tocqueville the Comtean tradition anticipating Durkheim in its elevation of social unity and consensus and the Marxists who posited the struggle between classes and placed their faith in historical necessity Written with his customary lucid elegance of thought and style Aron's work is essential reading for students across the social sciences

Rethinking Nineteenth-Century Liberalism Simon Morgan, 2017-05-15 Richard Cobden 1804-65 rose from humble beginnings to become the leading advocate of nineteenth century free trade and liberalism As a fierce opponent of

the Corn Laws and promoter of international trade he rapidly became an influential figure on the national stage whose name became a byword for political and economic reform Yet despite the familiarity with which contemporaries and historians refer to Cobdenism his ideals and beliefs are not always easy to identify and classify in a coherent way Indeed as this volume makes clear the variety diversity and malleability of the Cobdenite project attest to the lack of a strict dogma and highlight Cobden s underlying pragmatism Divided into five sections this collection of essays offers a timely reassessment of Cobden s career its impact and legacy in the two hundred years since his birth Beginning with an investigation into the intellectual and cultural background to his emergence as a national political figure the volume then looks at Cobden s impact on the making of Victorian liberal politics The third section examines Cobden s wider influence in Europe particularly the impact of his tour of 1846 47 which was in many ways a defining moment not only in the making of Cobden s liberalism but in the making of liberal Europe Section four broadens the theme of Cobden s contemporary impact including his contribution to the debate on peace internationalism and the American Civil War whilst the final section opens up the theme of Cobden s contested legacy the variety of interpretations of Cobden s ideas and their influence on late nineteenth and twentieth century politics Offering a broad yet coherent investigation of the Cobdenite project by leading international scholars this volume provides a fascinating insight into one of the nineteenth century s most important figures whose ideas still resonate today

Volume 11, Tome II: Kierkegaard's Influence on Philosophy Jon Stewart, 2016-12-05 Kierkegaard s relation to the field of philosophy is a particularly complex and disputed one He rejected the model of philosophical inquiry that was mainstream in his day and was careful to have his pseudonymous authors repeatedly disassociate themselves from philosophy But although it seems clear that Kierkegaard never regarded himself as a philosopher there can be no doubt that his writings contain philosophical ideas and insights and have been profoundly influential in a number of different philosophical traditions The tomes in this volume seek to document the different traditions of the philosophical reception of Kierkegaard s thought and the articles demonstrate the reach of Kierkegaard s writings in philosophical contexts that were often different from his own The present volume attempts to document these different traditions of the philosophical reception of Kierkegaard s thought The articles featured here aim to demonstrate the vast reach of Kierkegaard s writings in philosophical contexts that were often quite different from his own Tome II is dedicated to exploring Kierkegaard s influence on Francophone philosophy The French intellectual tradition squares well with Kierkegaard s eclectic profile since its leading figures are often difficult to classify unambiguously as philosophers theologians literary critics or simply writers Kierkegaard s thinking was highly influential for many generations of French philosophers right up to the present It was not just existentialism that tried to co opt Kierkegaard for its own purposes he has also been influential in the context of almost every modern school of French thought phenomenology feminism structuralism post structuralism semiotics and deconstruction

Bluestocking Feminism,
Volume 1 Gary Kelly, Elizabeth Eger, Judith Hawley, Jennifer Kelly, Rhoda Zuk, 2024-08-01 Feminist scholarship and criticism

has retrieved the Bluestocking women from their marginal position in 18th century literature This work collects the principal writings of these women together with a selection of their letters Each volume is annotated and all texts are edited and reset

The Young Karl Marx David Leopold, 2007-06-28 The Young Karl Marx is an innovative and important study of Marx's early writings These writings provide the fascinating spectacle of a powerful and imaginative intellect wrestling with complex and significant issues but they also present formidable interpretative obstacles to modern readers David Leopold shows how an understanding of their intellectual and cultural context can illuminate the political dimension of these works An erudite yet accessible discussion of Marx's influences and targets frames the author's critical engagement with Marx's account of the emergence character and future replacement of the modern state This combination of historical and analytical approaches results in a sympathetic but not uncritical exploration of such fundamental themes as alienation citizenship community anti-semitism and utopianism The Young Karl Marx is a scholarly and original work which provides a radical and persuasive reinterpretation of Marx's complex and often misunderstood views of German philosophy modern politics and human flourishing

Tocqueville's Political Economy Richard Swedberg, 2018-02-27 Alexis de Tocqueville 1805-59 has long been recognized as a major political and social thinker as well as historian but his writings also contain a wealth of little known insights into economic life and its connection to the rest of society In Tocqueville's Political Economy Richard Swedberg shows that Tocqueville had a highly original and suggestive approach to economics one that still has much to teach us today Through careful readings of Tocqueville's two major books and many of his other writings Swedberg lays bare Tocqueville's ingenious way of thinking about major economic phenomena At the center of Democracy in America Tocqueville produced a magnificent analysis of the emerging entrepreneurial economy that he found during his 1831-32 visit to the United States More than two decades later in The Old Regime and the Revolution Tocqueville made the complementary argument that it was France's blocked economy and society that led to the Revolution of 1789 In between the publication of these great works Tocqueville also produced many lesser known writings on such topics as property consumption and moral factors in economic life When examined together Swedberg argues these books and other writings constitute an interesting alternative model of economic thinking as well as a major contribution to political economy that deserves a place in contemporary discussions about the social effects of economics

Political Writings Simone de Beauvoir, 2012-06-21 Political Writings offers an abundance of newly translated essays by Simone de Beauvoir that demonstrate a heretofore unknown side of her political philosophy The writings in this volume range from Beauvoir's surprising 1952 defense of the misogynistic eighteenth century pornographer the Marquis de Sade to a co-written 1974 documentary film transcribed here for the first time which draws on Beauvoir's analysis of how socioeconomic privilege shapes the biological reality of aging The volume traces nearly three decades of Beauvoir's leftist political engagement from exposés of conditions in fascist Spain and Portugal in 1945 and hard hitting attacks on right wing French intellectuals in the 1950s to the 1962 defense of an Algerian freedom fighter Djamilia

Boupacha and a 1975 article arguing for what is now called the two state solution in Israel Together these texts prefigure Beauvoir s later feminist activism and provide a new interpretive context for reading her multi volume autobiography while also shedding new light on French intellectual history during the turbulent era of decolonization **Inner Experience**

Georges Bataille (1897–1962), 2014-07-24 Outlines a mystical theology and experience of the sacred founded on the absence of god Originally published in 1943 Inner Experience is the single most significant work by one of the twentieth century s most influential writers It outlines a mystical theology and experience of the sacred founded on the absence of god Bataille calls Inner Experience a narrative of despair but also describes it as a book wherein profundity and passion go tenderly hand in hand Herein he says The mind moves in a strange world where anguish and ecstasy take shape Bataille s search for experience begins where religion philosophy science and literature leave off where doctrines dogmas methods and the arts collapse His method of meditation outlined and documented here commingles horror and delight Laughter intoxication eroticism poetry and sacrifice are pursued not as ends in and of themselves but as means of access to a sovereign realm of inner experience This new translation is the first to include Method of Meditation and Post Scriptum 1953 the supplementary texts Bataille added to create the first volume of his Summa Atheologica This edition also offers the full notes and annotations from the French edition of Bataille s Oeuvres Compl tes along with an incisive introductory essay by Stuart Kendall that situates the work historically biographically and philosophically Studies in Greek Philosophy, Volume I

Gregory Vlastos, 2022-02-08 Gregory Vlastos 1907 1991 was one of the twentieth century s most influential scholars of ancient philosophy Over a span of more than fifty years he published essays and book reviews that established his place as a leading authority on early Greek philosophy The two volumes that comprise Studies in Greek Philosophy include nearly forty contributions by this acknowledged master of the philosophical essay Many of these pieces are now considered to be classics in the field Perhaps more than any other modern scholar Gregory Vlastos was responsible for raising standards of research analysis and exposition in classical philosophy to new levels of excellence His essays have served as paradigms of scholarship for several generations Available for the first time in a comprehensive collection these contributions reveal the author s ability to combine the skills of a philosopher philologist and historian of ideas in addressing some of the most difficult problems of ancient philosophy Volume I collects Vlastos s essays on Presocratic philosophy Wide ranging concept studies link Greek science religion and politics with philosophy Individual studies illuminate the thought of major philosophers such as Heraclitus Parmenides Anaxagoras and Democritus A magisterial series of studies on Zeno of Elea reveals the author s power in source criticism and logical analysis Volume II contains essays on the thought of Socrates Plato and later thinkers and essays dealing with ethical social and political issues as well as metaphysics science and the foundations of mathematics

Bakunin Mark Leier, 2011-01-04 The spellbinding story of both the man and the theory Bakunin chronicles one of the most notorious radicals in history Mikhail Bakunin the founder of anarchism here revealed as a practical moral philosophy

rooted in a critique of wealth and power Mark Leier corrects many of the popular misconceptions about Bakunin and his ideas offering a fresh interpretation of his life and thoughts Bakunin is an insightful read for all those who wish to better understand the fundamental basis of modern radical movements **Geometry and Monadology** Vincenzo de

Risi,2007-08-08 This book reconstructs from both historical and theoretical points of view Leibniz s geometrical studies focusing in particular on the research Leibniz carried out in his final years The work s main purpose is to offer a better understanding of the philosophy of space and in general of the mature Leibnizean metaphysics This is the first ever comprehensive historical reconstruction of Leibniz s geometry Oeuvres completes ... et un glossaire par B. Saint-Marc

Clement Marot,1879 *Black Theatre* Paul Carter Harrison,Victor Leo Walker,Gus Edwards,Walker II Victor Leo,2002-11 An insider s view of Black theatres of the world and how they reflect their culture concerns and history *Oeuvres completes d'Horace* Horace,1872 **The Human Face of Globalization** Jacques Audinet,2004 International immigration

massive migrations economic globalization and a world wide communications revolution have brought about a mixing of races cultures and lifestyles unprecedented in human history What are the implications of this phenomenon What options present themselves a battle of cultures for power a move toward communitarian cooperation or something new the evolution of racially and culturally mixed societies Anthropologist and sociologist Jacques Audinet proposes an alternative to culture wars and simple multiculturalism as he explores the history and evolution of mestizaje the mixing of races and cultures resulting in a third and new force able to ease the tensions between the original two Audinet reviews the tragic history of imperial and colonial conquests and traces the growth of mestizaje especially stimulated by literature music and sports Audinet argues that instead of chasing or preserving the illusion of pure races we need to face the shifting boundaries of peoples and cultures He acknowledges the uncertainty of the changes but emphasizes the essential role that mestizaje can play in the avoidance of racial and cultural clashes while pursuing equality as part of the promise of a democratic society
